Ordination Of Women In Ecumenical Perspective:

Ordination of Women in Ecumenical Perspective Constance F. Parvey, 1980 Report of a meeting held at Chateau France in Aug Sept 1979

A History of Women and Ordination Ida Raming, 2002 The Priestly Office of Women God's gift to a Renewed Church is the English translation of the second edition of Dr Ida Raming's classic study of the exclusion of women from ordination in the Western Christian Church *The Exclusion of Women from the Priesthood Divine Law or Sex Discrimination* SCP 1976 This new edition includes a bibliography on women's ordination from 1973 to the present plus three recent essays by Dr Raming and a complete translation of the Latin sources cited by Dr Raming

55 Years of Struggle for Women's Ordination in the Catholic Church Ida Raming, 2021-11-30 55 years of struggle for women's ordination in the Roman Catholic Church this lifelong effort by the theologian Ida Raming together with her pioneering compatriots some of whom have passed away are described in this documentation She is deeply convinced that a fundamental renewal of the church can only be achieved together with women who are no longer subject to discrimination and not without them Beginning with the Vatican Council 1962-1965 this endeavor has stretched across several phases of church history all the way into the present Numerous documents bearing witness to internal church developments conflicts and international movements are related in a vivid gripping manner from the perspective of the author The international Women Priests Movement RCWP ARCWP its inception and development is also described in this context This documentation offers an excellent aid in studying the epoch of church history dating from 1962

The Politics of Power and the Ordination of Women Adolphus Amadi-Azuogu, 2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership

Christian Women and Ordination in the Christian Churches Ian Jones, Kirsty Thorpe, Janet Wootton, 2011-11-03 The growth of women's ordained ministry is one of the most remarkable and significant developments in the recent history of Christianity This collection of essays brings together leading contributors from both academic and church contexts to explore Christian experiences of ordaining women in theological sociological historical and anthropological perspective Key questions include How have national denominational and ecclesial cultures shaped the different ways in which women's ordination is debated and or enacted What differences have women's ordained ministry and debates on women's ordination made in various church contexts What unfinished business remains in both congregational and wider ministry How have Christians variously conceived ordained ministry which includes both women and men How do ordained women and men work together in practice What have been the particular implications for female clergy And for male clergy What distinctive issues are raised by women's entry into senior ordained leadership positions How do episcopal and non episcopal traditions differ in this

The Ministry of Women in the Church Elisabeth Behr-Sigel, 1991 This book

written by a leading Orthodox theologian offers a serious re examination of the role of women in the Church For Orthodox and Roman Catholics especially the question of women s ordination must be asked from the inside and not only from the outside This book does not suggest final answers but raises issues and defines their relative importance

Ordaining Women Mark Chaves,1999 Why does a denomination prohibiting women clergy support parishes run by women Why does a denomination opt to ordain women when there are few women seeking to join that clergy And why have some denominations ordained women so much earlier than others In a revealing examination of the complex relationship among religion social forces and organizational structure Ordaining Women draws examples and data from over 100 Christian denominations to explore the meaning of institutional rules about women s ordination Combining historical and sociological perspectives Mark Chaves deftly shows that formal institutional rules about ordination often diverge from the actual roles of women and are best understood as symbolic gestures in favor of or in opposition to gender equality Ordaining Women concludes that external pressures from the women s movement and ecumenical pressure expressed through interdenominational organizations such as the National Council of Churches influence ordination practices At the same time internal factors such as having a source of religious authority that is considered superior to modern principles of equal rights also explain why some denominations ordain women much earlier than others Surprisingly the Bible forbids it does not account for policies even among fundamentalists and other biblical inerrantists Chaves historical and comparative approach offers a revealing analysis of how the internal denominational debates have changed over time becoming more frequent more politicized and more contentious The skillful delineation of forces affecting debates and policies about women s ordination makes this book an important contribution to our understanding of religious organizations and of gender equality

Women in Church Ministries Margit Eckholt,Dorothea Sattler,Ulrike Link-Wieczorek,Andrea Strübind,2021-01-15 Regarding the question of office in the Christian churches this volume illuminates with heightened ecumenical sensitivity the arguments for the participation of women in all church offices and ministries without which there will be no way to the visible unity of the churches It documents the ecumenical congress that took place in Osnabr ck in December 2017 and the Osnabr ck theses meant to serve the future international and ecumenical conversation and further discussion about the questions of women in church offices passed by the congress The editors hope that this publication will help to set into motion a debate about ministries and services in the Church which has been stagnant for a long time and that it will become clear that these questions can only be answered together by men and women from now on

Woman, Women, and the Priesthood in the Trinitarian Theology of Elisabeth Behr-Sigel Sarah Hinlicky Wilson,2013-09-26 Elisabeth Behr Sigel 1907 2005 a convert to Orthodoxy in her early twenties and a central figure of Orthodox theology among Russian migr s in Paris first began to reflect on the question of women in the priesthood in 1976 Initially supporting the general consensus that priesthood would be impossible for the Orthodox she came to retract this view finding a basis for female ordination in women

s distinct spiritual charisms Behr Sigel later shifted the foundation of her case to personhood inspired by the work of fellow Orthodox theologian Vladimir Lossky and arrived at the conclusion that all the Orthodox arguments against the ordination of women were in fact heretical at root In this volume Wilson analyzes all of Behr Sigel s writings about women and the priesthood across the whole sweep of her career demonstrating the development of her thought on women over the last thirty years of her life She evaluates her relationship to feminism Protestantism and movements within Orthodoxy finally drawing conclusions about this much contested matter for the ongoing debate in both the East and the West

Women and Spirituality Ursula King,1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of *Women and Spirituality* engages in a reflective dialogue with contemporary women s voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which provides a comprehensive

Back to the Future of the Roman Catholic Church Carmen J. Calvanese,2014-11-04 This book explores the notion that the Roman Catholic Church risks imploding from within as a result of its inflexibility towards movements in favor of reasonable change and modernization Attendance at Sunday Mass has dramatically decreased the loss of the youth in these churches is a case in point At the same time the lack of vocations to the priesthood and religious life is at crisis proportions as is further evidenced by the closing of parishes and the curtailing of religious services including the rising phenomenon of priest less Parishes Young men today even if they aspire to the priesthood experience both unrest and rejection at the continued demand of the Church s leadership that priests commit themselves to the lifelong discipline of celibacy Back to the Future of the Roman Catholic Church addresses the root causes of the various developments that have provoked discontent with Church policies and defections from parish life on the part of those who appear to have lost faith in their hierarchical leaders at the highest levels of Church governance Finally this book probes the ways in which the Church can emerge from its crises to become once again faithful to its origins as founded by Jesus Christ

Ancient Taboos and Gender Prejudice Leonie B. Liveris,2017-03-02 This book explores the struggling genesis of a women s movement in the Orthodox Church through the ecumenical movement of the twentieth century at a time when militant conservatism is emerging in Orthodox countries and fundamentalism in the diaspora Offering an understanding of the participation of women in the Orthodox Church particularly during the 50 years of the membership of the Orthodox churches in the World Council of Churches this book contributes to the ongoing debates and feminist analysis of women s participation ministry and sexuality in the life and practice of the Church universal The book reveals both the positive contributions to ecumenism and the difficulties confronting Orthodox women wishing to participate more fully in the leadership and ministry of their church
