Original Program Of The Theosophical Society 1931:

Outside the Fold Gauri Viswanathan, 1998-05-31 In a radical reexamination of religious conversion Gauri Viswanathan demonstrates how conversion especially to a minority or alternative religion actually may be an act of resistance to established authority In a wholly original perspective Viswanathan equates the convert as religious dissenter and as colonial subject Illustrated **Reflections on an Ageless Wisdom** Joy Mills, 2014-07-01 Modern Theosophy expresses the ancient wisdom tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin s 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go

The Seventy-fifth Anniversary Book of the Theosophical Society Josephine Ransom, 1950 **Theosophists: Reunite!** F. Pierce Spinks, 1958 **Krotona, Theosophy & Krishnamurti, 1927-1931** Joseph E. Ross, 2011 From the author s archive

of rare archival Theosophical documents he has produced several books on the early history of Theosophy This is Volume 5 in the Krotona Series It will be of particular interest to some because its archival documents reveal Theosophical conversations from the period when Krishnamurti broke away from the organization of Theosophy We also witness first hand the ongoing founding and building of Krotona and the first Star Camp We become privy to the internal conversation of the Esoteric School and communications between Annie Besant Leadbeater Jinarajadasa Arundale Warrington and others as their world is drastically changing with Krishnamurti's dissolving of the Order of the Star and his venture on a pathless truth

Theosophy is Religion itself and sublime code of Ethics Helena Petrovna Blavatsky, 2018-07-04 The Original Programme of the Theosophical Society prefaced by introductory notes historical letters and documents by Boris de Zirkoff Compiler and Editor of H P Madame Blavatsky Collected Writings There is no religion higher than Truth Moreover there is and can be but one absolute Truth in Kosmos The majority of the public Areopagus is generally composed of self appointed judges who have never made a permanent deity of any idol save their own personalities their lower selves And he who believes his own religion on faith will regard that of every other man as a lie and hate it on that same faith Theosophy is not a religion It is Religion itself a Divine Science embracing every science in life moral and physical and a sublime code of Ethics Theosophy is Religion and the Theosophical Society the Universal Church of Morality The Theosophical Movement is the great moral but silent force Human life devoid of all its world ideals and beliefs becomes deprived of its higher sense and meaning But the world ideals can never completely die out Exiled by the fathers they will be received with open arms by the children The Theosophical Movement was reborn in 1875 and so the cyclic evolution of theosophical ideals continues
