Original Sin Illuminating The Riddle:

Original Sin Henri Blocher,2000-10-02 In this New Studies in Biblical Theology volume Henri Blocher offers a philosophically sophisticated treatment of the biblical evidence for original sin interacting with the best theological thinking on the subject and showing that while the nature of original sin is a mystery only belief in it makes sense of evil and wrongdoing

First Comes Love Scott Hahn,2006-09-19 Scott Hahn has the rare ability to explain the essential teachings of Catholicism in a totally accessible manner Rather than burdening the reader with difficult or arcane references and arguments he writes of familiar feelings and situations and allows the theology to unfold naturally In First Comes Love Hahn turns his attention to the search for a sense of belonging revealing the intimate connection between the families men and women create on earth and the divine family the Holy Trinity Delving into the Gospels Hahn shows that family terminology words like brother sister mother father and home dominates Jesus speech and the writings of His first followers and that these very words illuminate Christianity s central ideas As he explores the fatherhood of God the marriage of the Church to Christ and the all enveloping role of the Holy Spirit Hahn deepens readers understanding of the sacraments teaches them how to create a family life in the image of the Trinity and demonstrates the ways in which the analogy of the family applies to every aspect of Catholicism and its practices from the role of father embodied by the ancient patriarchs and contemporary parish priests to the comfort and guidance offered by the brothers and sisters who comprise the Communion of Saints to the nurturing embrace of Mary the mother of all Christians Through real life examples both humorous and compassionate and quotations drawn from the Scriptures Hahn makes it clear that no matter what sort of family readers come from no matter what sort of dysfunction they have experienced they can find a family in the Church Reaching out to newcomers and to lifelong Christians alike First Comes Love is an invitation to discover a true home in the divine

Body, Soul, and Human Life (Studies in Theological Interpretation) Joel B. Green,2008-07-01 Are humans composed of a material body and an immaterial soul This view is commonly held by Christians yet it has been undermined by recent developments in neuroscience Exploring what Scripture and theology teach about issues such as being in the divine image the importance of community sin free will salvation and the afterlife Joel Green argues that a dualistic view of the human person is inconsistent with both science and Scripture This wide ranging discussion is sure to provoke much thought and debate Bestselling books have explored the relationship between body mind and soul Now Joel Green provides us with a biblical perspective on these issues

Nature and Scripture in the Abrahamic Religions: 1700-Present Scott Mandelbrote,Jitse van der Meer,2009-01-31 The four companion volumes of Nature and Scripture in the Abrahamic Religions contribute to a contextual evaluation of the mutual influences between scriptural exegesis and hermeneutics on the one hand and practices or techniques of interpretation in natural philosophy and the natural sciences on the other We seek to raise the low profile this theme has had both in the history of science and in the history of biblical interpretation Furthermore questions about the

interpretation of scripture continue to be provoked by current theological reflection on scientific theories We also seek to provide a historical context for renewed reflection on the role of the hermeneutics of scripture in the development of theological doctrines that interact with the natural sciences Contributors are J Matthew Ashley Robert E Brown Elizabeth Chmielewski Edward B Davis Henri Wijnandus de Knijff Marwa Elshakry Richard England Menachem Fisch George Harinck Bernhard Kleeberg Scott Mandelbrote G Blair Nelson Alexei V Nesteruk Jitse M van der Meer Rob P W Visser and William Yarchin Nature and Scripture in the Abrahamic Religions: God, Scripture and the rise of modern science (1200-1700)

Jitse M. van der Meer, Scott Mandelbrote, 2008 These volumes describe how the development of the different styles of interpretation found in reading scripture and nature have transformed ideas of both the written word and the created world

The Fall and Hypertime Hud Hudson, 2014-06-26 Frequently alleged irreconcilable conflicts between science and religion are instead misdescribed battles concerning negotiable philosophical assumptions conflicts between metaphysics and metaphysics Hud Hudson provides a two stage illustration of this claim with respect to the putative inconsistency between the doctrines of The Fall and Original Sin and the deliverances of contemporary science The tension in question emerges through a study of the many forms the religious doctrines have assumed over the centuries and through a review of some well established scientific lessons on the origin and history of the universe and of human persons The first stage After surveying various paths of retreat which involve reinterpreting and impoverishing Original Sin and minimizing and dehistoricizing The Fall one version of moderate realism about the doctrines is articulated critically evaluated and found both consistent with contemporary science and suitable to play a crucial role in the theist's confrontation with the Problem of Evil The second stage Recent work in the philosophy of time and in the philosophy of religion provides intriguing support for a Hypertime Hypothesis a species of multiverse hypothesis distinctive for positing a series of successive hypertimes each of

which hosts a spacetime block After arguing that the Hypertime Hypothesis is a genuine epistemic possibility and critically discussing its impact on a number of debates in metaphysics and philosophy of religion Hudson reveals a strategy for unabashed extreme literalism concerning The Fall and Original Sin which nevertheless has the extraordinary and delightful feature of being thoroughly consistent with the reigning scientific orthodoxy **Systematic Theology/Historical**

Romine, PhD,2016-05-24 We live in a day of advanced technology but what lies behind it is applied knowledge Knowledge is a sweeping term serving as a common denominator undergirding science philosophy theology and the list goes on It speaks to the condition of learnedness as opposed to merely opinion or its absence ignorance Christianity is knowledge based too Like pursuing a philosophic line of reasoning this book engages the biblical trajectory that follows from the Tree of Knowledge Drawing upon the great thinkers topics such as the great debate over faith and reason postmodernism law in the confines of covenant justice in the context of dominion and the role of the Holy Spirit are addressed distilling out key components related to knowledge showing how the path forward leads into covenant relationship **Always Reforming** A. T. B. McGowan,2007-03-02 The church has to subject its beliefs and practices to the renewed scrutiny of Holy Scripture and restate the truth of Scripture in ways that faithfully communicate the gospel advance the mission of the church and empower the people of God These essays edited by A T B McGowan explore the whole terrain of systematic theology in order to refresh the church **The Humanity of Christ and the Healing of the Dysfunction of the Human Spirit** Donald L. Alexander,2015-08-13 The book represents a personal quest in what Anselm referred to as faith seeking understanding The primary focus centers on proposing an interpretation of the nature and function of the human spirit and its relationship to the divine spirit and the living of a godly Christian life Thus the book has a dual concern namely an academic one and a spiritual one The undergirding premise is that apart of the human spirit the divine spirit is personally unknowable This premise contains the following supporting concepts First the core of human personhood resides in the human spirit and constitutes the unique capacity for personal self relatedness Second as the result of humanity s idolatrous displacement of God a radical reversal occurred with the human spirit When restored to its original relationship with the divine spirit the human spirit as James Loder writes is called out of its futility and perversity into the light and truth of the divine spirit *A Commentary on The Baptist Faith and Message 2000* T. J. Milam,2008 *Retrieving Doctrine* Oliver D. Crisp,2011-04-05 Oliver Crisp offers a set of essays that analyze the significance and contribution of several great thinkers in the Reformed tradition ranging from John Calvin and Jonathan Edwards to Karl Barth Crisp explains how these thinkers navigated pressing theological issues and how contemporary readers can draw relevant insights from the tradition
