Pushing Forward A Memoir Of Motivation:

Pushing Forward Randy Snow, 2001 **Disability and Qualitative Inquiry** Ronald J. Berger, Laura S. Lorenz, 2016-03-09 This groundbreaking text makes an intervention on behalf of disability studies into the broad field of qualitative inquiry Ronald Berger and Laura Lorenz introduce readers to a range of issues involved in doing qualitative research on disabilities by bringing together a collection of scholarly work that supplements their own contributions and covers a variety of qualitative methods participant observation interviewing and interview coding focus groups autoethnography life history narrative analysis content analysis and participatory visual methods The chapters are framed in terms of the relevant methodological issues involved in the research bringing in substantive findings to illustrate the fruits of the methods In doing so the book covers a range of physical sensory and cognitive impairments This work resonates with themes in disability studies such as emancipatory research which views research as a collaborative effort with research subjects whose lives are enhanced by the process and results of the work It is a methodological approach that requires researchers to be on guard against exploiting informants for the purpose of professional aggrandizement and to engage in a process of ongoing self reflection to clear themselves of personal and professional biases that may interfere with their ability to hear and empathize with others Disability Sport Karen P. DePauw, Susan J. Gavron, 2005 With its primary focus on adult athletes in competitions Disability Sport Second Edition contains in depth coverage of essential issues including the historical context of disability and sport the organizations competitions and sport opportunities for athletes with disabilities the international perspective current challenges and controversies in disability sport and the coaching and training of athletes with disabilities including sports medicine issues activity modifications equipment uses and even management for both adults and children *Hoop Dreams on Wheels* Ronald Berger, 2010-08-27 A sociological account of wheelchair athletics intended for use in courses on disability the sociology of sport and social problems that challenges societal stereotypes about people with disabilities **Wheelchair Warrior** Melvin Juetter, Ronald J. Berger, 2009-03-15 Melvin Juetter has said that becoming paralyzed in a gang related shooting was both the worst and best thing that happened to him The incident he believes surely spared the then sixteen year old African American from prison and or an early death It transformed him in other ways too He attended college and made wheelchair basketball his passion ultimately becoming a star athlete and playing on the U S National Wheelchair Basketball Team In Wheelchair Warrior Juetter poignant memoir is bracketed by sociologist Ronald Berger s thoughtful introduction and conclusion which places this narrative of race class masculinity and identity into proper sociological context While Juetter s story never gives into despair it does challenge the idea of the supercrip **My Journey Through Time** Dena Merriam, 2020-01-01 My Journey Through Time is a spiritual memoir that sheds light on the workings of karma the law of cause and effect that creates one s present circumstances and relationships as we see it unfold through Dena s vivid memories of her previous births We travel back in time as Dena learns

of a life in early 20th century Russia ranging from the overthrow of the Czar through Nazi Germany then it s back further to a life in early 19th century America in the Deep South and before that to a time in Africa in the early 18th century Her lives in the East in Persia Japan and India go back to the 15th 17th centuries With each past life we can see the way in which it has impacted her present life how it has stemmed from the end of the previous birth and how it will influence her next life Dena Merriam is the founder of an interfaith organization the Global Peace Initiative of Women A long time disciplined meditator Dena s access to her past lives brings a clearer awareness and purpose to her present life and also overcomes any fear of death The memories are triggered when Dena meets a new person or visits a new place in her current life The memories bring remembrances of past suffering but also recollections of spiritual teachers and wise guidance She has not used and does not advocate past life regressions or hypnosis as a way to prompt memories to return Dena has decided to share her story despite being a very private person in hopes that it can provide comfort and awaken the inner knowing of your own ongoing journey through time

Impossible Presidency Jeremi Suri, 2017-09-12 A bold new history of the American presidency arguing that the successful presidents of the past created unrealistic expectations for every president since JFK with enormously problematic implications for American politics. In *The Impossible Presidency*, celebrated historian Jeremi Suri charts the rise and fall of the American presidency from the limited role envisaged by the Founding Fathers to its current status as the most powerful job in the world. He argues that the presidency is a victim of its own success: the vastness of the job makes it almost impossible to fulfill the expectations placed upon it. As managers of the world's largest economy and military, contemporary presidents must react to a truly globalized world in a twenty-four hour news cycle. There is little room left for bold vision. Suri traces America's disenchantment with our recent presidents to the inevitable mismatch between presidential promises and the structural limitations of the office. A masterful reassessment of presidential history, this book is essential reading for anyone trying to understand America's fraught political climate. **Romantically Challenged: A Memoir in Messages** Fran Preston, Love

letters have been replaced with quick texts. The heart emoji is the new rose. And what's up is the new How do you do. In *Romantically Challenged: A Memoir in Messages*, Fran Preston dives headfirst into the digital dating world with her trademark wit, self-deprecating humour, and a series of cringe-worthy yet surprisingly insightful texts, chats, and DMs from her own romantic misadventures. From awkward first messages that read like a bot wrote them to ghostings that leave you questioning your entire existence, this memoir is a hilarious collection of the highs and lows of modern love, one message at a time. But it's not just about the disasters. Fran explores what happens when genuine connections are buried under the weight of autocorrect fails, misinterpreted emojis, and the constant pressure to be available all the time. With each chapter, Fran shares her story of learning to navigate love, tech, and vulnerability in an age where everything feels like it's just a swipe away. For anyone who's ever stared at their screen wondering whether to send that text or whether to just throw their phone into the sea, this is the guide to navigating the mess that is modern romance with a dash of hope and a whole lot of laughs. **The**

Mind of a Pioneer Bryan Scott Burrell II, 2021-05-17 This book is very motivational and inspirational. In a sense, it is a how-to, step-by-step guide combining my past experiences and knowledge with everything I implemented in starting my own business today. This book is to hopefully inspire more like-minded business people and to also inspire people to become first-time authors themselves. For readers to take anything that they might learn from within this book itself, applying it to their personal lives and business also. That at worst, this book could well off just be a good read for someone I wanted to duplicate most of what I knew about business, marketing, and entrepreneurship, putting it all in book form. To teach what I knew, giving back to others that may need to know some of the things that are in this book, creating synergy for each one to reach one and

as the saying goes iron sharpens iron This book points out specific and personal times where the universe allowed things to come full circle for me Furthermore this book touches on investing economics education accounting gold and more Conveying a bit of financial literacy understanding markets business conduct business strategies knacks value that others may need It is a book to inspire you all to never quit and to also inspire you to go for anything you want that is good I hope this book motivates you all to start asserting yourself in whatever that is *Living a Motivated Life* Raymond J.

Wlodkowski,2019-03-14 What if as psychologists and adult educators advocate a person chose a life where his motivation for the work itself determined what he did *Living a Motivated Life* A Memoir and Activities follows the author through forty years revealing how he selected vocational pursuits guided by his understanding of intrinsic motivation and transformative learning As a compass for relevant decisions these ideas gave energy and purpose to how he lived and an instinct as sure as sight for the future Written with nuance humor and unpredictability this story renders how he came to appreciate learning for the pleasure of learning Facing similar challenges as those of today s first generation college students the memoir narrates his unexpected college enrollment his friendship with an ancient history professor and his triumphs and travails as teacher psychologist human relations specialist psychotherapist and adult educator This is the first memoir of someone who consciously chose to lead a professional life to experience flow on a daily basis It is an important step in the integration and evolution of intrinsic motivation theory and transformative learning But it reaches beyond this outcome sharing how the author aspired to be better at what he valued and showing how he discovered and extended these ideas to others
