Putting It On The Line:

Putting Everything on the Line Kathryn Pana, 2012-06-11 It was supposed to be an easy day for Sergeant Will Falco and his SWAT team. He had been on the unit for fifteen years and was the ultimate professional. He thought he had experienced everything, but when he let his emotions interfere with his work, everything goes horribly wrong. Kathy Hill went to work with excitement about her future, but when she is kidnapped by a man from Sergeant Falco's past, would she ever find out what her future would hold? Will Sergeant Falco put everything on the line to save her? Will he ever get the man who haunts his past? And will he ever be able to be with the woman he finds himself falling in love with? **Putting Life on the**

Finish Line Joe Sinclair, 2013-09 When author Joe Sinclair turned sixty-two years old, he began his quest to run as many marathons as possible. Less than five years later, he has logged more than four thousand miles participating in more than 150 marathons. In his memoir *Putting Life on the Finish Line*, he tells his life story from his early years through his late sixties and details how he achieved his running goals. Sinclair shares running's rewards and challenges, crossing the finish line at the toughest marathon in America, run entirely on asphalt, completing three marathons in three days in the hot July weather, fighting off attacks by vicious dogs during a lonely rural mountain marathon, and helping a struggling young marathoner achieve his very first marathon finish. Offering personal secrets for success, tips and tricks, nutritional and fitness plans, pre-race plans, and inspiring stories, *Putting Life on the Finish Line* provides encouragement for those who believe they are too old to accomplish a dream. It shows that personal health and fitness is attainable at any age. Zen Putting Joseph

Parent, 2007-04-05 The bestselling author of *Zen Golf* (more than 100,000 copies sold) presents a new book of profound wisdom and proven techniques for achieving the confidence in putting that all golfers know is the key to peak performance on the greens. Blending Buddhist wisdom, modern psychology, and practical golf instruction, Dr. Joe Parent's 2002 book *Zen Golf* broke out to become the top instructional book in golf and continues to be a steady bestseller. Now in the eagerly awaited follow-up, Dr. Parent provides readers with a new approach to the aspect of golf in which mental skills have the most impact: putting. *Zen Putting* takes a thinking-outside-the-box approach based on the idea that by tuning into the process of putting rather than worrying about the result, golfers can get out of their own way and maximize performance. Key principles include using mindful awareness to recognize and clear away distractions and negativity and that confidence increases when golfers take the attitude that there is something fundamentally essentially right with them rather than focusing on what's broken or flawed. In succinct, informative chapters, Dr. Parent applies this Zen ideal to a variety of subjects for any putting situation. Chapters include *Unconquerable Confidence* (brimming with strategies to cultivate confidence and turn frustration into enjoyment), *Get Out of Your Own Way* (exploring the obstacles we create for ourselves in putting and how to recognize and overcome them to get the most out of our abilities), *How to Make Every Putt* (on reading greens, visualization, putting routine, the key components of a putt: path, pace, and roll, and taking the ideal attitude before putting). Unlike rigid "how-to" books on

putting or fad coaching techniques Zen Putting stirs each reader to cultivate their own unique style for synchronizing body and mind to achieve peak performance *Chrestomathia* Jeremy Bentham,1816 **Hyperfocus** Ron Travis Sr.,2010-03-15
