Putting On Appearances Gender And Advertising

Susan J. Ferguson

Putting On Appearances Gender And Advertising:

Putting On Appearances Diane Barthel, 1988 In this lively critical analysis Diane Barthel reveals the previously overlooked and underestimated depth of cultural meaning behind contemporary American advertising Focusing mainly on ads for beauty products directed at women she demonstrates how stereotypical gender identities are emphasized and how advertising itself creates a gendered relationship with the consumer She explores psychological sociological and cultural messages in advertising to show how Putting on Appearances is anything but a purely personal matter and how the social realities in which we are forced to live are conditioned by the personal appearances we choose to create Most advertisements are not sexually obvious but rely instead on sexual story telling in which seduction deception and passion are portrayed as acceptable means for achieving selfhood Advertisements that proclaim Now is the time to paint your knees speak with one form of authority those that present the voice of the all knowing scientist or the nurturing mother rely on others Celebrities figure as professional beauties and wise older sisters sharing their secrets with the consumer The Gentle Treatment Great Model Search Made Me a Star Now it s your turn Inseparable from the clothes we wear and the products we use are our ideas and fantasies about our bodies Beauty products present beauty rituals as transcendent occasions and diet products call up religious imagery of guilt and salvation The body itself is to be anxiously manipulated and systematically worked over until the consumer turns her body into an advertisement for herself a complicated sign to be read and admired In the series Women in the Political Economy edited by Ronnie J Steinberg

Putting On Appearances Diane Barthel, 2010-03-29 A lively critical analysis that reveals the overlooked and underestimated depth of cultural meaning behind contemporary American advertising

Manipulating Images Tawnya J. Adkins Covert, 2011-03-03 Manipulating Images World War II Mobilization of Women through Magazine Advertising explores gendered and class based representations of American women in women s magazine advertisements published during the period surrounding the Second World War Focusing on the interrelationships among political economic and social forces in the construction of prevailing cultural images and gender roles for women in society the book examines both the process of creating and the resulting content of wartime mobilization messages found in magazine advertising aimed at American women The unique circumstances of the Second World War provide a window where the continuous but normally implicit interactions among the social forces which construct class differentiated gendered expectations for women in society are revealed recorded and made accessible for study During this period the federal government altered the prevailing media representations of women and women s roles in response to widespread labor shortages stemming from the movement of male workers into the armed forces and increased demand for military and consumer goods The advertising industry business leaders and media representatives cooperated with the federal government in the creation of labor mobilization and other wartime campaigns Two types of data are examined to assess the changing nature of the relationships among government business and media and the resulting media images and

messages regarding women's roles. First the study explores archived government documents that illuminate the relationships among government, business, and media as they responded to the needs and conditions of war. Second, this book examines advertisements published in women's magazines before, during, and following the Second World War. ICGR 2022 5th International Conference on Gender Research Elisabeth Pereira, Carlos Costa, Zélia Breda, 2022-04-28 *Political Style* Robert Hariman, 2010-07-15. In this book, Robert Hariman demonstrates how matters of style of diction, manners, sensibility, decor, and charisma influence politics. In critical studies of classic texts, Hariman identifies four dominant political styles: The realist style as found in Machiavelli's *The Prince* creates a world of sheer power, constant calculation, and emotional control; this style is the common sense of modern political science. The courtly style depicted in Kapuscinski's *The Emperor* is characterized by high decorousness, hierarchies, and fixation on the body of the sovereign; this style infuses mass media coverage of the American presidency. The republican style reflected in Cicero's letters to Atticus promotes the art of oratory, consensus, and civility; it informs our ideal of democratic conversation. The bureaucratic style as captured in Kafka's *The Castle* emphasizes institutional procedures, official character, and the priority of writing; this style structures everyday life. Hariman looks at effective political artistry in figures from antiquity to modern politicians such as Vaclav Havel, Ronald Reagan, and Bill Clinton. He discusses the crises to which each style is susceptible, as well as the social and moral consequences of each style's success.

Understanding Media Semiotics Marcel Danesi, 2018-11-15. Media semiotics is a valuable method of focusing on the hidden meanings within media texts. This new edition brings *Understanding Media Semiotics* fully up to date and is written for students of the media, of linguistics, and those interested in studying the ever-changing media in more detail. Offering an in-depth guide to help students investigate and understand the media using semiotic theory, this book assumes little previous knowledge of semiotics or linguistics, avoiding jargon and explaining the issues step by step. With in-depth case studies, practical accounts, and directed further reading, *Understanding Media Semiotics* provides students with all the tools they need to understand semiotic analysis in the context of the media. Semiotic analysis is sometimes seen as complicated and difficult to understand; Marcel Danesi shows that on the contrary, it can be readily understood and can greatly enrich students' understanding of media texts from print media right through to the internet and apps.

Materializing Thailand Penny Van Esterik, 2020-05-28. Thailand has become well known throughout the world for wonderful cuisine, great package holidays, sumptuous temples, and textiles. Noticeably absent from glossy tourist brochures but equally well known throughout the Western world is Thailand's seedier side: the world of child exploitation, rampant prostitution, and AIDS. Thailand maintains its appeal by slipping the ugly and painful out of sight and by promoting women as exotic visual icons through beauty contests, state rituals, and the sex trade. This book explores the construction of gender in Thailand and, in particular, the role Bangkok plays in establishing gender relations for the whole of the country. It examines the historical and cultural processes underlying Thai public culture, including historical theme parks. The author

demonstrates how the materiality of the Thai world shapes gender relations and how Buddhism discourages essentialisms including fixed binary gender identities Throughout the book appearances are shown to be critically important and the essentialism of gender is maintained through display public presentations and everyday material practices Anyone wishing to understand the complexity of Thailand will find this book provides a highly readable and insightful analysis *Consumer Society in American History* Lawrence B. Glickman, 1999 This volume offers the most comprehensive and incisive exploration of American consumer history to date spanning the four centuries from the colonial era to the present **Defining Visual Rhetorics** Charles A. Hill, Marguerite Helmers, 2012-08-21 Images play an important role in developing consciousness and the relationship of the self to its surroundings In this distinctive collection editors Charles A Hill and Marguerite Helmers examine the connection between visual images and persuasion or how images act rhetorically upon viewers Chapters included here highlight the differences and commonalities among a variety of projects identified as visual rhetoric leading to a more precise definition of the term and its role in rhetorical studies Contributions to this volume consider a wide variety of sites of image production from architecture to paintings from film to needlepoint in order to understand how images and texts work upon readers as symbolic forms of representation Each chapter discusses analyzes and explains the visual aspect of a particular subject and illustrates the ways in which messages and meaning are communicated visually The contributions include work from rhetoric scholars in the English and communication disciplines and represent a variety of methodologies theoretical textual analysis psychological research and cultural studies among others The editors seek to demonstrate that every new turn in the study of rhetorical practices reveals more possibilities for discussion and that the recent turn to the visual has revealed an inexhaustible supply of new questions problems and objects for investigation As a whole the chapters presented here demonstrate the wide range of scholarship that is possible when a field begins to take seriously the analysis of images as important cultural and rhetorical forces *Defining Visual Rhetorics* is appropriate for graduate or advanced undergraduate courses in rhetoric English mass communication cultural studies technical communication and visual studies It will also serve as an insightful resource for researchers scholars and educators interested in rhetoric cultural studies and communication studies *Empirically Supported Cognitive Therapies* William J. Lyddon, PhD, John V. Jones, Jr., PhD, LPC, NCC, ACT, 2001-08-06 This collection presents empirically validated cognitive techniques for depression bipolar I disorder phobias panic disorder OCD PTSD anger management eating disorders and antisocial behavior in children and adolescents Case examples are integral to each discussion Emcompassing recent trends current limitations and new directions and developments the book offers a fundamental knowledge base for students and practitioners alike *Going to the Dogs* Gwyneth Anne Thayer, 2013-06-13 In the 1970s sitcom *The Odd Couple* Felix and Oscar argue over a racing greyhound that Oscar won in a bet Animal lover Felix wants to keep the dog as a pet gambling enthusiast Oscar wants to race it This dilemma fairly reflects America's attitude toward greyhound racing This book the first cultural history of greyhound racing in

America charts the sport's meteoric rise and equally meteoric decline against the backdrop of changes in American culture during the last century Gwyneth Anne Thayer takes us from its origins in coursing in England through its postwar heyday and up to its current state of near extinction Her entertaining account offers fresh insight into the development of American sport and leisure the rise of animal advocacy and the unique place that dogs hold in American life Thayer describes greyhound racing's dynamic growth in the 1920s in places like Saint Louis Chicago and New Orleans then explores its phenomenal popularity in Florida where promoters exploited its remote association with the upper class and helped foster a celebrity culture around it By the end of the century media reports of alleged animal cruelty had surfaced as well as competition from other gaming pursuits such as state lotteries and Indian casinos Greyhound racing became so suspect that even Homer Simpson derided it In exploring the socioeconomic political and ideological factors that fueled the rise and fall of dog racing in America Thayer has consulted participants and critics alike in order to present both sides of a contentious debate She examines not only the impact of animal protectionists but also suspected underworld ties longstanding tensions between dogmen and track owners over racing contracts and the evolving relationship between consumerism and dogs She captures the sport's glory days in dozens of photographs that recall its coursing past or show celebrities like Frank Sinatra and Babe Ruth with winning racing hounds Thayer also records the growth of the adoption movement that rescues ex racers from possible euthanasia Today there are fewer than half as many greyhound tracks in half as many states as there were 10 years ago and half of them are in Florida Thayer's in depth meticulously balanced account is an intriguing look at this singular activity and will teach readers as much about American cultural behavior as about racing greyhounds **From**

Superwomen to Domestic Goddesses Natasha Campo,2009 This book examines the rise and fall of feminism in the public imagination in the last twenty years and explains why feminism failed me has become the catch cry of a generation Today many women turn their back on feminism because they feel betrayed by the promises of feminism Yet during the 1980s the popular ideal of the Superwoman offered a source of empowerment and pride for women and equality with men even having it all seemed possible Through a close reading of popular culture sources this book shows how women's engagement with feminism has shifted over time and considers its future as a social movement **Made Up: A History of Identity and**

Gender Expression Through Makeup and Style Charli Butterfield,2024-12-17 This book explores historical and modern uses of makeup for self expression with a focus on gender The book begins by exploring the historical influences in the origins and development of makeup across genders providing a whistle stop tour of gendered adornment through time The chapters that follow explore more specific topics that provide context for a range of influences on self expression Sex gender and identity including introductory gender theory and terminology relevant to the topic Restrictions and resistance faced by the queer community regarding expression with a historical look at pioneers of the movement Gendered cosmetic advertisements through time Subcultures and coded expression Beauty and identity in the digital age The impact of global

ideals on the cosmetics market with a focus on South Korea exploring historical and modern influences and trends The book can be explored in a sequential or non sequential order as each chapter provides a standalone approach to a topic and concludes with questions to encourage further contemplation and research This book is written for anyone interested in the history of makeup as a vehicle for self expression and how gender comes into play students and teachers of Theatrical makeup and Fashion courses makeup artists makeup enthusiasts and those curious to discover what Ancient Egyptians and emos may have in common spoiler it s not snakebites

Women in Management Sanghamitra Buddhapriya,1999 Based on a survey of 160 women managers from ten public sector organizations carried out between 1993 and 1996 Investigates factors affecting their career development focusing on five main variables the sex role orientation of these managers leadership style fear of success organizational stresses and coping style Includes a review of the literature on these issues and looks at the status of women managers in some other countries

Analyzing Cultures Marcel Danesi,Paul Perron,1999-11-22 Designed for classroom use in a number of disciplines this comprehensive introduction to cultural semiotics is also an easy to use reference for those who would like a better understanding of the topic No other text provides this kind of practical framework for the classroom study of semiotics Each of the 12 chapters is clearly written and self contained

Signs in America's Auto Age John A. Jakle,John A. & Keith A. Jakle & Sculle,Keith A. Sculle,2006-08-22 Signs orient inform persuade and regulate They help give meaning to our natural and human built environment to landscape and place In Signs in America s Auto Age cultural geographer John Jakle and historian Keith Sculle explore the ways in which we take meaning from outdoor signs and assign meaning to our surroundings the ways we read landscape With an emphasis on how the use of signs changed as the nation s geography reorganized around the coming of the automobile Jakle and Sculle consider the vast array of signs that have evolved since the beginning of the twentieth century

Contesting Bodies and Nation in Canadian History Patrizia Gentile,Jane Nicholas,2013-01-01 In this first collection on the history of the body in Canada an interdisciplinary group of scholars explores the multiple ways the body has served as a site of contestation in Canadian history in the nineteenth and twentieth centuries

Mapping the Social Landscape Susan J. Ferguson,2020-08-27 The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Mapping The Social Landscape is one of the most established and widely used readers for Introductory Sociology The organization follows that of a typical introductory sociology course and provides coverage of key concepts including culture socialization deviance social structure social inequality social institutions and social change Susan J Ferguson selects edits and introduces 58 readings representing a plurality of voices and views within sociology The selections include classic statements from great thinkers like C Wright Mills Karl Marx and Max Weber as well of the works of contemporary scholars who address current social issues Throughout this collection there are many opportunities to discuss individual interactional and structural levels of society the roles of

race ethnicity class gender and sexuality in shaping social life and the intersection of statuses and identities Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides

Explorations in Consumer Culture Theory John F. Sherry, Eileen Fischer, 2008-11-24 The literature of marketplace behaviour long dominated by economic and psychological discourse has matured in the last decade to reveal the vast expanse of consumption activity not adequately addressed in either theoretical or empirical perspective by the discipline's favoured approaches The lived experience of consumption in cultural and historical context rendered in a fashion that is both intellectually insightful and authentically evocative and that recognizes the dynamics of accommodation and resistance that characterize the individual's relationship with the market is the central interpretive thrust of an emerging interdisciplinary field inquiry broadly labelled consumer culture theory In this volume some of the leading scholars of this field explore in great empirical detail and theoretical depth the relationships that the consumer has developed both with goods and services and with the stakeholders that animate markets Beginning with an examination of the underpinnings of cultural inquiry the focus then shifts to specific consumption venues Analyses of advertising in personal critical and historical perspective examination of lifestyle trends from dwelling practices of transnational nomads and regimes of personal training to genetic testing and gambling interpretations of the dynamics of brand loyalty and corporate image management and investigation of family consumption rituals are among the topics explored in ethnographic and humanistic perspective

Women and the Media Theresa Carilli, Jane Campbell, 2005 This anthology has a cultural focus and addresses issues of race ethnicity class and sexuality
