**Modernising Cancer Services** Mark Baker,2018-12-14 This concise but comprehensive text provides those new to palliative care with an overview of the many aspects of their work It is based on lecture notes which have been used by clinical students and nurses at Oxford and elsewhere and is now available for a wider readership

**HIV in South Africa** Corinne Squire,2007-09-12 Winner of the Sociology of Health and Illness Book Prize 2008 Of approximately 37 million HIV positive people in the world 24.7 million live in sub Saharan Africa and about 5.5 million in South Africa Despite its relatively powerful economy and infrastructure South Africa has been

dramatically affected by the HIV pandemic Using narrative analysis of a three year interview study and textual analysis of political materials HIV in South Africa examines the impact of HIV on people s everyday lives in the country Examining the relationship between personal accounts of living with HIV and wider medical political and religious discourses the book also highlights the significance of class race and gender on individuals experiences These engaging stories of everyday lives provide an accessible way to connect with HIV as a health and development issue Fascinating challenging and constructive this is an important contribution in an area of great social relevance The ebook is available free of charge to those with addresses on the United Nations Development Programme s Human Development Index of Medium and Low Rankings see [http://hdr.undp.org/hdr2006/pdfs/report/HDR\\_2006\\_Tables.pdf](http://hdr.undp.org/hdr2006/pdfs/report/HDR_2006_Tables.pdf) who can apply to the following address [www.ebookstore.tandf.co.uk](http://www.ebookstore.tandf.co.uk)

**Mindreadings** Femi Oyeboade,2009 The authors explore the description and representation of mental states lived distress character of psychology and psychological institutional practices *A Teacher's Handbook of Death* Maggie Jackson,Jim Colwell,2002 Teachers are increasingly called upon to discuss and explain death and dying to children in the classroom This book provides them with methods to facilitate open discussions of death and to find suitable ways of talking with children about what happens when someone they know dies

**Providing HIV Care: Lessons from the Field for Nurses and Healthcare Practitioners** Michelle Croston,Ian Hodgson,2021-05-05 This very first book helps nurses and healthcare practitioners working in the field of HIV care across Europe to have practical examples of how they could improve adapt their services to improve outcomes for people living with HIV It provides the reader with both knowledge on a variety of different HIV related topic areas and also helps them to translate this learning into a clinical setting The main focus of the book is to share best practice in HIV nursing with the aim of providing a practical guide from multiple countries to improve outcomes for people living with HIV The book also acts as a resource to healthcare practitioners who are interested in working in many places in the world or carrying out research in HIV care

**Queer Domesticities** M. Cook,2014-04-29 Sissy home boys or domestic outlaws Through a series of vivid case studies taken from across the late nineteenth and twentieth centuries Matt Cook explores the emergence of these trenchant stereotypes and looks at how they play out in the home and family lives of queer men *The Cambridge Companion to Gay and Lesbian Writing* Hugh Stevens,2011 In the last two decades lesbian and gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature

**Oscar Wilde and Modern Culture** Joseph Bristow,2009-01-12 Oscar Wilde and Modern Culture The Making of a Legend explores the meteoric rise sudden fall and legendary resurgence of an immensely influential writer s reputation from his hectic 1881 American lecture tour to recent Hollywood adaptations of his dramas Always renowned if not notorious for his fashionable persona Wilde courted celebrity at an early age Later he came to prominence as one of the most talented essayists and fiction writers of his time In the years leading up to his two year imprisonment Wilde stood among the

foremost dramatists in London But after he was sent down for committing acts of gross indecency it seemed likely that social embarrassment would inflict irreparable damage to his legacy As this volume shows Wilde died in comparative obscurity Little could he have realized that in five years his name would come back into popular circulation thanks to the success of Richard Strauss s opera Salome and Robert Ross s edition of De Profundi With each succeeding decade the twentieth century continued to honor Wilde s name by keeping his plays in repertory producing dramas about his life adapting his works for film and devising countless biographical and critical studies of his writings This volume reveals why more than a hundred years after his demise Wilde s value in the academic world the auction house and the entertainment industry stands higher than that of any modern writer     **Diary of a Man** Dermot Moore,2005     *Luminous presence* Alexandra

Parsons,2021-11-02 *Luminous presence* Derek Jarman s life writing is the first book to analyse the prolific writing of queer icon Derek Jarman Although he is well known for his avant garde filmmaking his garden and his AIDS activism he is also the author of over a dozen books many of which are autobiographical Much of Jarman s exploration of post war queer identity and imaginative response to HIV AIDS can be found in his books such as the lyrical AIDS diaries *Modern Nature* and *Smiling in Slow Motion* This book fully explores for the first time the remarkable range and depth of Jarman s writing Spanning his career Alexandra Parsons argues that Jarman s self reflexive response to the HIV AIDS crisis was critical in changing the cultural terms of queer representation from the 1980s onwards *Luminous presence* is of great interest to students scholars and readers of queer histories in literature art and film     *The Nearness of Others* David Caron,2014-05-01 Funny how a gay man s hand resting heavily on your shoulder used to say let s fuck but now means let s not Funny how ostensible nearness really betrays distance sometimes from *The Nearness of Others* In this radical genre bending narrative David Caron tells the story of his 2006 HIV diagnosis and its aftermath On one level *The Nearness of Others* is a personal account of his struggle as a gay HIV positive man with the constant issue of if how and when to disclose his status But searching for various forms of contact eventually leads to a profound reassessment of tact as a way to live and a way to think with our bodies and with the bodies of others In a series of brief compulsively readable sections that are by turns moving and witty Caron recounts his wary yet curious exploration of an unfamiliar medical universe at once hostile and protective as he embarks on a new life of treatment without end He describes what it is like to live with a disease that is no longer a death sentence but continues to terrify many people as if it were In particular living with HIV provides an unexpected opportunity to reflect on an age of terror and war when fear and suspicion have become the order of the day Most of all Caron reminds us that disclosing HIV positive status is still far from easy least of all in one of the many states such as his own that have criminalized nondisclosure and or exposure Going well beyond Caron s personal experience *The Nearness of Others* examines popular culture and politics as well as literary memoirs and film to ask deeper philosophical questions about our relationships with others Ultimately Caron eloquently demonstrates a form of disclosure sharing and contact that stands against the forces working to

separate us      The Turn to Biographical Methods in Social Science Prue Chamberlayne, Joanna Bornat, Tom Wengraf, 2002-09-11 Biographical research methods have become a useful and popular tool for contemporary social scientists This book combines an exploration of the historical and philosophical origins of this important field of qualitative research with comparative examples of the different ways that biographical methods have been successfully applied internationally Through these many illustrative examples of socio biography in process the authors show how formal textual analysis whilst uncovering hidden emotional defences can also shed light on wider historical processes of societal transformation Topics discussed include individual and linked lives generational change political influences on memory and identity biographical work in reflexive societies narrativity and empowerment in professional practice ways of theorising and generalising from case studies Biographical Methods in the Social Sciences promotes debate and provides opportunities for students and researchers to widen their uses of narrative research      **Media and Health** Clive Seale, 2003-01-17 This book appears to fill a substantial gap in the literature at present There are quite simply no books available which engage seriously and competently with the presentation of health issues in the media and certainly none which focuses on representations of health and illness in as thematically coherent a manner as Seale proposes to do Richard Gwyn University of Cardiff This is an excellent resource for students It provides a comprehensive review of secondary literature in the field and is very well researched Students of sociology of health and illness and in media and communication studies will find the book invaluable David Oswell Goldsmiths College University of London This is a comprehensive work on media health providing an invaluable toolkit for understanding health and the media in contemporary society Seale goes further than previous textbooks critiquing the lament of media health promoters in order to explore the moralisation and commercialisation of media health Dr Annette Hill University of Westminster How are health matters presented by the mass media How accurate are the messages we are receiving This book demonstrates how health messages in popular mass media are important influences in our lives and that they are not neutral being subject to many determining influences It demonstrates the importance of mass media for understanding the experience of illness health and health care bringing together the latest thinking in the field of media studies and the sociology of health and illness This book provides a thorough review of research literature on media representations of health illness and health care covering their production characteristic forms and relationships with the everyday lives of media audiences It brings together both well known and lesser known studies in the context of an integrated sociological argument about media and health Media producers are subject to a variety of influences from medical lobbies scientific organizations and not least the commercial pressure to satisfy media saturated audiences These mean that aims of health promoters are not always easily achieved leading to considerable tensions that require a deeper understanding of media health than has hitherto been applied to them This book will be essential reading for health educators and promoters as well as health care providers interested in the cultural aspects of health sociologists of health

and illness and students and academics of media studies      Reconstructing Illness Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader

Reconstructing Illness demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human      The Queer Biopic in the AIDS Era Laura Stamm,2021-12-31 The Queer Biopic in the AIDS Era offers a new account of the AIDS crisis and the emergence of New Queer Cinema Author Laura Stamm asks why queer filmmakers repeatedly produced biographical films of queer individuals living and dead throughout the years surrounding the AIDS crisis Queer filmmakers engagement with the biopic evokes the genre s history of building life through the portrayal of lives worthy of admiration and emulation but it also points to another biopic history that of representing lives damaged By portraying lives damaged by inconceivable loss queer filmmakers challenge the illusion of a coherent self presumably reinforced by the biopic genre and in doing so their films open the potential for new means of connection and relationality The Queer Biopic in the Aids Era features fresh readings of the cinema of Derek Jarman John Greyson Todd Haynes Barbara Hammer and Tom Kalin By calling for a reappraisal of the queer biopic this book also calls for a reappraisal of New Queer Cinema s legacy and its influence of contemporary queer film As a whole this book pays particular attention to the biopic s queer resonances opening up its historical connections to projects of education public health and social hygiene along with the production of a shared history and national identity      **Gay Male Fiction Since Stonewall** Les Brookes,2008-09-22 Arguing that gay fiction is torn between assimilative and radical impulses this study focuses on fiction by White Holleran Leavitt Cunningham Hollinghurst Cooper Mars Jones and others positing the existence of two distinct strands of gay fiction where opposing impulses are at work within individual texts      **Book Review Index** ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index
