the difference between Wood Carving and Whittling Whittling is like an unplanned vacation go with the flow and Wood Craving is like planning a vacation through a tour operator And lastly my favorite analogy When I was struggling to understand the concept of wood grain initially one old time whittler told me Think of the grain like petting a cat When you pet it head to tail the fur all lies down and the cat purrs If you try to go from tail to head it spikes up and the cat gets very angry Keep the cat happy So what are you waiting for get the book now and start your Whittling Journey **Class List**
