mechanisms of will and bodily movement The accompanying photographs of my own anatomical dissections illuminate ancient and medieval conceptual empirical and experimental methods of anatomical and physiological research

Vanities of the Eye Stuart Clark,2009-01-15 Vanities of the Eye investigates the cultural history of the senses in early modern Europe a time in which the nature and reliability of human vision was the focus of much debate In medicine art theory science religion and

philosophy sight came to be characterised as uncertain or paradoxical mental images no longer resembled the external world Was seeing really believing Stuart Clark explores the controversial debates of the time from the fantasies and hallucinations of melancholia to the illusions of magic art demonic deceptions and witchcraft The truth and function of religious images and the authenticity of miracles and visions were also questioned with new vigour affecting such contemporary works as Macbeth a play deeply concerned with the dangers of visual illusion Clark also contends that there was a close connection between these debates and the ways in which philosophers such as Descartes and Hobbes developed new theories on the relationship between the real and virtual Original highly accessible and a major contribution to our understanding of European culture Vanities of the Eye will be of great interest to a wide range of historians and anyone interested in the true nature of seeing

Jews in the Mediterranean Diaspora John M. G. Barclay, 1996 Barclay's study corrects the traditional oversight that would equate early Judaism with Palestinian Judaism This highly readable introduction brings together material that is otherwise available only in regional studies or highly technical works Barclay strikes a rare balance between local conditions and broad issues and between supporting detail and coherent argument It is hard to imagine how the chronic need for a synthesis of the Mediterranean Diaspora might have been better satisfied Steve Mason Pennsylvania State University The book reflects the best of contemporary scholarship and is likely to become an indispensable source of information and reflection on the problems Jews encountered with living in a frequently hostile environment A P Hayman Edinburgh University This is a superb book which has lifted our discussion of Jews in the Diaspora to a new plane Since understanding the Diaspora is vital to comprehending a good deal about early Christianity Barclay has also made a significant contribution to this latter field of investigation Paul Trebilco University of Otago *Der Einheitsbegriff als Kohärenzprinzip bei Maximus Confessor* Jonathan Bieler, 2019-08-05 In The Concept of Unity as the Principle of Coherence in Maximus Confessor Jonathan Bieler lays out the importance of the concepts of transcendent divine unity goodness and truth for understanding the coherence of the whole of Maximus thought which brings together theology anthropology and Christology into a unified vision that is based on an analogy between creator and creation Interpreting the concepts of Maximus thought remains a contentious subject in Maximian scholarship By evaluating the interior coherence and historical situation of Maximus thought in general and by studying the influence of Ps Dionysius the Areopagite's methodology on Maximus Christology in particular the author shows the context in which Maximus well known conceptual distinctions can be understood in a helpful way Jonathan Bieler erläutert in *Der Einheitsbegriff als Kohärenzprinzip bei Maximus Confessor* die zentrale Rolle der Begriffe der göttlichen Einheit Güte und Wahrheit für ein Verständnis der Kohärenz von Maximus Denken das Gotteslehre Anthropologie und Christologie zu einer einheitlichen Sicht versammelt beruhend auf einer Analogie zwischen Schöpfer und Geschöpf Die Interpretation von Maximus Konzepten ist ein umstrittenes Gebiet in der Forschung Durch eine Auswertung der inneren Kohärenz und der historischen Situation des Maximus und durch eine Untersuchung des Einflusses des Ps Dionysius Areopagitas

Methodik auf die Christologie des Maximus ausgeht hat zeigt der Autor den Kontext auf in dem Maximus begriffliche Unterscheidungen auf eine hilfreiche Weise verstanden werden können *The Cardinal Virtues in the Middle Ages* István Bejczy, 2011-08-11 Despite its non Christian origins the scheme of the cardinal virtues prudence justice fortitude and temperance found wide acceptance in medieval theology philosophy and religious literature The present study is the first to investigate the history of the four virtues in the Latin Middle Ages from patristic times to the late fourteenth century It examines the position of the cardinal virtues between religious and secularized conceptions of morality and attempts to reveal some distinctly Christian aspects of medieval virtue theory notwithstanding its manifest indebtedness to ancient ethics Exploring learned and popularizing sources alike including much unedited material this study covers a broad spectrum of moral debate during ten centuries of Western intellectual history

Alchemy of the Word Philip Beitchman, 1998-04-02 Alchemy of the Word is a study of the literary philosophical and cultural ramifications of Cabala during the Renaissance Important intellectual figures from 1490 to 1690 are considered including Agrippa Dee Spenser Shakespeare Browne and Milton Cabala's more recent impact is also discussed Cabala a hermeneutic style of Biblical commentary of Jewish origin is based on the notion that along with an inscribed Decalogue Moses received a secret oral supplement that provides a symbolic allegorical and moral qualification of the literal law of religion Building on the work of Gershom Scholem Joseph Blau Harold Bloom Franz Rosenzweig Michel de Certeau and Arthur Waite Beitchman takes a fresh look at the mystical text through the lens of postmodernist theory In a model developed from Deleuze Guattari's nomadology to explore issues related to the Zohar he shows that Cabala was a deconstruction of Renaissance authority Like deconstruction Cabala presents familiar material from novel and sometimes provocative perspectives It allows space for modifiability tolerance and humanity by widening the margins between the letter of the law and the demands of an existence whose rules were so rapidly changing An exercise in the literary analysis of sacred texts and an examination of the mystical element in literary works Alchemy of the Word is also an experiment in new historicism It shows how the reincarnation theories of F M Van Helmont which impacted heavily on the seventeenth century

English cabalistic circle of Henry More and Ann Conway demonstrate at once the originality and boldness of Cabala but also its desperation constituting a theoretical parallel to the continental acting out of the Sabbatian heresy Because of the debacle of the Sabbatian apostasy conversion to Islam Cabala subsequently declined in importance as a religious devotion becoming either a matter of cults and heterodoxies or being sublimated into literary theory and practice
