Michael Seadle

Quakers In Nazi Germany:

Quakers and Nazis: Inner Light in Outer Darkness Hans Adolf Schmitt, 1997-09 *Quakers in Nazi Germany* Michael Seadle, 1978 **Quakers and Nazis** Hans A. Schmitt, 1997 Why the title Quakers and Nazis not Quakers against Nazis Was not hostility part of the interaction between the two groups On the contrary Hans A Schmitt s compelling story describes American British and German Quakers attempts to mitigate the suffering among not only victims of Nazism but Nazi sympathizers in Austria and Lithuania as well With numerous poignant illustrations of the pressure and social cost involved in being a Quaker from 1933 to 1945 Quakers and Nazis Inner Light in Outer Darkness reveals a facet of Nazi Germany that is entirely unknown to most people The book focuses on the heroic acts foreign and German Quakers performed under the Nazi regime offering fully documented and original information regarding the Quakers commitment to nonviolence and the relief of the victims Schmitt s narrative reveals the stress and tension of the situation How should a Quaker behave in a meeting for worship with a policeman present Spies did not stop Friends in worship services from openly criticizing Hitler and G ring but Nazis did inflict torment on Friends Yet Friends did not could not respond in like manner Olga Halle was one Friend who worked to get people mostly Jews out of Germany until America entered the war When emigration was outlawed twenty eight were stranded Years later her distress was still so deep that even on her deathbed she recited their names Schmitt reminds us that virtually all the Berlin Quakers secreted Jews throughout the war He shows how these brave Quakers opposed the Nazis even after they lost their jobs and had been harassed by the Gestapo Risking their lives the Friends persisted in their efforts to alleviate suffering At a time when the scholarly world is divided as to whether all Germans knew and approved of the Final Solution this book makes a valuable contribution to the discussion Quakers despite their small numbers played and continue to play an important role in twentieth century humanitarian relief Quakers and Nazis Inner Light in Outer Darkness a study of how Friends performed under the extreme pressure of a totalitarian regime will add significantly to our general understanding of Quaker and German history *Quakers in the Israeli-Palestinian Conflict* Nancy Elizabeth Gallagher, 2007 Early efforts by peacemakers in the worlds longest refugee crisis *Houses on the Sand?* James Irvin Lichti, 2008 The volumes in the Studies in Modern European History series focus upon aspects of the political social economic cultural and religious history of Europe from the Renaissance to the present including the political and economic integration of the continent and the resurgence of Europe following the Cold War **American Quaker Resistance to War, 1917-1973** Isaac Barnes May, 2022-07-04 This historical survey of Quakers in the United States examines their responses to war during World War I World War II and the early Cold War including the Korean and Vietnam conflicts with particular focus on the social political legal and theological aspects of the Quaker peace testimony Quakers responded to these conflicts in a variety of ways ranging from pacifism to support for military action The boundaries and constraints of Quaker beliefs about violent conflict and the meaning of the peace testimony were determined by debates

within the Religious Society of Friends Isaac Barnes May asserts that Quakers reactions to war in the twentieth century should also be understood as closely related to Quakerism s relationship to state power The choice to accommodate or resist government pressure worked alongside internal forces to shape Quakerism in the United States Ultimately May argues that there is no single pattern of Quaker response to modern war

Historical Dictionary of the Friends (Quakers) Margery Post Abbott, 2011-12 The modern reputation of Friends in the United States and Europe is grounded in the relief work they have conducted in the presence and aftermath of war Friends also known as Quakers have coordinated the feeding and evacuation of children from war zones around the world They have helped displaced persons without regard to politics They have engaged in the relief of suffering in places as far flung as Ireland France Germany Ethiopia Egypt China and India Their work was acknowledged with the award of the Nobel Peace Prize in 1947 to the American Friends Service Committee AFSC and the Friends Service Council of Great Britain More often however Quakers live worship and work quietly without seeking public attention for themselves Now the Friends are a truly worldwide body and are recognized by their Christ centered message of integrity and simplicity as well as their nonviolent stance and affirmation of the belief that all people women as well as men may be called to the ministry The expanded second edition of the Historical Dictionary of the Friends Quakers relates the history of the Friends through a chronology an introductory essay an extensive bibliography and over 700 cross referenced dictionary entries on concepts significant figures places activities and periods This book is an excellent access point for scholars and students who will find the overviews and sources for further research provided by this book to be enormously helpful

The Routledge History of the Holocaust Jonathan C. Friedman, 2010-12-15 The genocide of Jewish and non Jewish civilians perpetrated by the German regime during World War Two continues to confront scholars with elusive questions even after nearly seventy years and hundreds of studies This multi contributory work is a landmark publication that sees experts renowned in their field addressing these questions in light of current research A comprehensive introduction to the history of the Holocaust this volume has 42 chapters which add important depth to the academic study of the Holocaust both geographically and topically The chapters address such diverse issues as continuities in German and European history with respect to genocide prior to 1939 the eugenic roots of Nazi anti Semitism the response of Europe s Jewish Communities to persecution and destruction the Final Solution as the German occupation instituted it across Europe rescue and rescuer motivations the problem of prosecuting war crimes gender and Holocaust experience the persecution of non Jewish victims the Holocaust in postwar cultural venues This important collection will be essential reading for all those interested in the history of the Holocaust

Quaker Spirituality Douglas Van Steere, 1984 Simplicity in forms of worship opposition to violence concern for social injustice and above all a faith in the personal and corporate guidance of the Holy Spirit are characteristics of the spirituality of the people called Quakers The author has assembled a comprehensive collection of Quaker writings

How the Quakers Invented America David Yount, 2007-06-28 Shows how the Quakers

shaped the basic distinctive features of American life from the days of the founders and the colonies through the Revolution and up to the civil rights movement also points out how Quaker values like freedom equality straightforwardness and spirituality can be seen in modern day peace advocates From publisher description [American Quaker Romances](#) Carolina Fernández Rodríguez,2021-12-20 Quaker characters have peopled many an American literary work most notably Uncle Tom's Cabin as Quakerism has been historically associated with progressive attitudes and the advancement of social justice With the rise in recent years of the Christian romance market dominated by American Evangelical companies there has been a renewed interest in fictional Quakers In the historical Quaker romances analyzed in this book Quaker heroines often devote time to spiritual considerations advocate the sanctity of marriage and promote traditional family values However their concern with social justice also leads them to engage in subversive behavior and to question the status quo as illustrated by heroines who are active on the Underground Railroad or are seen organizing the Seneca Falls convention Though relatively liberal in terms of gender Quaker romances are considerably less progressive when it comes to race relations Thus they reflect America's conflicted relationship with its history of race and gender abuse and the country's tendency to both resist and advocate social change Ultimately Quaker romances reinforce the myth of America as a White and Christian nation here embodied by the Quaker heroine the all powerful savior who rescues Native Americans African Americans and Jews while conquering the hero's heart **Christian-Jewish Relations Through the Centuries** Stanley E. Porter,Brook W.

Pearson,2004-12-19 Christian Jewish relations have had changing fortunes throughout the centuries Occasionally there has been peace and even mutual understanding but usually these relations have been ones of tension often involving recrimination and even violence This volume addresses a number of the major questions that have been at the heart and the periphery of these tenuous relations through the years The volume begins with a number of papers discussing relations as Christianity emerged from and defined itself in terms of Judaism Other papers trace the relations through the intervening years And a number of papers confront issues that have been at the heart of the troubled twentieth century In all these papers address a sensitive yet vital set of issues from a variety of approaches and perspectives becoming in their own way a part of the ongoing dialogue **Adolf Hitler and the Nazi Epoch** Paul Madden,1998-11-05 Although bibliographies do exist that concern themselves with the Nazi period in Germany and the Third Reich no one has yet attempted a complete reference source With the publication of *Adolf Hitler and the Nazi Epoch* there is finally a complete comprehensive reference source designed to identify all English language works that relate to the Nazis and the Third Reich Included in this bibliography are monographs biographies pamphlets and journal articles as well as more general histories of the time period The material is subdivided by subject and organized into eighteen chapters making this large bibliography simple to use The chapter subjects contain a broad range of data Included are chapters on Adolf Hitler himself the origins of national socialism religion and the Nazis articles about education and academics in Germany law and government under the Third Reich the SS

and concentration camps everyday life in Nazi Germany foreign policy and more The range of data collected in this one reference location is astounding and should provide a nearly inexhaustible starting point for those scholars and students interested in the history of one of the most controversial political parties and governments of the twentieth century **A Quaker Couple in Nazi Germany** Brenda Bailey,1994-01-01 *A Certain Arrogance* George Michael Evica,2011-02-01

Providing the first global cultural context for the assassination of John F Kennedy this investigation into how United States intelligence agencies and other entities manipulated liberal religious groups and educational institutions for ideological political and economic gain during the Cold War exposes numerous previously misunderstood political operations Including assassinations these projects include those facilitated by Allen Dulles John Foster Dulles the U S State Department the Office of Strategic Services and its successor the CIA and other individuals and groups Focusing on the manipulations of key individuals in the American Unitarian Association the Unitarian Service Committee and the Unitarian supported Albert Schweitzer College by covert American interests during the Cold War this expos asserts that an unwitting Lee Harvey Oswald an asset and pawn of American intelligence was the ideal scapegoat in a tragically successful conspiracy to murder President Kennedy **The Politics of Service** Daniel Maul,2024-07-22 This book provides the first comprehensive history of the American Friends Service Committee AFSC the central aid agency of the Religious Society of Friends or Quakers from 1917 to 1945 Implying a thoroughly transnational approach it sheds a light on the important role American Quakers played in the emergence of a humanitarian sector both within the USA and beyond Through the Quaker lens the book addresses important tensions inherent to the history of humanitarianism in the 20th century Following the AFSCs aid operations from the First World War through post war Germany and Soviet Russia to the Spanish Civil War and into the Second World War it deals with the AFSC s conflicting roles as a specifically American aid organization on the one hand and its position within transnational religious and pacifist networks on the other and it opens a window to processes of professionalization the development of a humanitarian market place and the complex relationship of religious and secular strands in the history of international relief **The Oxford Handbook of Quaker Studies** Stephen Ward Angell,Pink Dandelion,2013-09-26 This handbook provides an in depth survey of historical readings of Quakerism a treatment of its key theological premises and its links with wider Christian thinking an analysis of its distinctive ecclesiastical forms and practices chapters on its social economic political and ethical outcomes as well as an extensive bibliography *Spirituality in Ecumenical Perspective* E. Glenn Hinson,1993-01-01 These essays by a Who s Who list of authors explore many themes in spirituality the ecumenical nature of spirituality theological perspectives listening spirituality in the dialogue of religions action and contemplation contemplation and work discernment eucharistic spirituality centering prayer spiritual perspectives on peacemaking letters for spiritual guidance and reading for spiritual enrichment The essays were prepared to honor the life and work of Douglas V Steere co founder of the Ecumenical Institute of Spirituality and to further explore themes found in his writings **Quaker**

Experiences in International Conciliation C. H. Mike Yarrow, 1978-01-01 As far back as the early 1900s the Quakers have been engaged in a program of quiet private diplomacy that won them a Nobel Peace Prize in 1947 During the turbulent 1960s they acted as unofficial conciliators in several tense situations This comprehensive study of Quaker peace making activities focuses primarily on the variety and effectiveness of their efforts in Berlin from 1960 to 1973 in India Pakistan in 1965 and in Nigeria from 1967 to 1970 *The Cambridge Companion to Quakerism* Stephen W. Angell, Pink Dandelion, 2018-03-31 The Cambridge Companion to Quakerism offers a fresh up to date and accessible introduction to Quakerism Quakerism is founded on radical ideas and its history of constancy and change offers fascinating insights into the nature of non conformity In a series of eighteen essays written by an international team of scholars and commissioned especially for this volume the Companion covers the history of Quakerism from its origins to the present day Employing a range of methodologies it features sections on the history of Quaker faith and practice expressions of Quaker faith regional studies and emerging spiritualities It also examines all branches of Quakerism including evangelical liberal and conservative as well as non theist Quakerism and convergent Quaker thought This Companion will serve as an essential resource for all interested in Quaker thought and practice
