Antiquities and Other Stories Cynthia Ozick,2022-03-01 From one of our most preeminent writers a tale that captures the shifting meanings of the past and how our experience colors those meanings now alongside four previously uncollected stories In *Antiquities* Lloyd Wilkinson Petrie one of the seven elderly trustees of the now defunct for thirty four years Temple Academy for Boys is preparing a memoir of his days at the school intertwined with the troubling distractions of present events As he navigates with faltering recall between the subtle anti-Semitism that pervaded the school s ethos and his fascination with his own family s heritage in particular his illustrious cousin the renowned archaeologist Sir William Matthew Flinders Petrie he reconstructs the passions of a childhood encounter with the oddly named Ben Zion Elefantin a mystifying older pupil who claims descent from Egypt s Elephantine Island Included alongside this wondrous tale touched by unsettling irony and with the elusive flavor of a Kafka parable are four additional stories in Cynthia Ozick s brilliant distinctive voice weaving myth and mania history and illusion *The Coast of New Zealand* *The Bloodline of the Alkanas* *Sin and A Hebrew Sibyl*

Telling the Little Secrets Janet Handler Burstein, 2006-03-01 Janet Burstein argues that American Jewish writers since the 1980s have created a significant literature by wrestling with the troubled legacy of trauma loss and exile Their ranks include Cynthia Ozick Todd Gitlin Art Spiegelman Pearl Abraham Aryeh Lev Stollman Jonathan Rosen and Gerda Lerner Whether confronting the massive losses of the Holocaust the sense of home in exile or the continuing power of Jewish memory these Jewish writers search for understanding within the little secrets of their dark complicated and richly furnished past

On Essays Thomas Karshan, Kathryn Murphy, 2020-09-04 Montaigne called it a ramble Chesterton the joke of literature and Hume an ambassador between the worlds of learning and of conversation But what is an essay and how did it emerge as a literary form What are the continuities and contradictions across its history from Montaigne's 1580 *Essais* through the familiar intimacies of the Romantic essay and up to more recent essayists such as Virginia Woolf James Baldwin and Claudia Rankine Sometimes called the fourth genre the essay has been over shadowed in literary history by fiction poetry and drama and has proved notoriously resistant to definition On Essays reveals in the essay a pattern of paradox at once a pedagogical tool and a refusal of the methodical languages of universities and professions politically engaged but retired and independent erudite and anti pedantic occasional and enduring intimate and oratorical allusive and idiosyncratic Perhaps because it is a form of writing against which literary scholarship has defined itself there has been surprisingly little work on the tradition of the essay Neither a comprehensive history nor a student companion On Essays is a series of seventeen elegantly written essays on authors and aspects in the history of the genre essays which taken together form the most substantial book yet published on the essay in Britain and America

others bent the rules though often imperceptibly to make room for themselves Collectively they represent a missing piece in the larger history of the essay In *Of Women and the Essay* Jenny Spinner contextualizes the broad range of literary essays included within the chronological development of the genre She makes a compelling argument that women have constructed their own tradition in the essay genre often utilizing periodic traits of the essay to their own advantage At the same time she suggests that the personal essay s demands on the essayist required both a public and personal authorization that proved challenging for women essayists in general and for women of color in particular The appendix catalogs the works of nearly 200 female essayists and should inspire further reading As a whole the volume lifts women writers from the cutting room floor of essay scholarship and returns them to their rightful place in the essay canon *AP English Language and Composition Crash Course* Dawn Hogue,2011-01-14 At head of title REA the test prep AP teachers recommend **AP® English Language & Composition Crash Course, 2nd Edition** Dawn Hogue,2018-07-31 REA s AP English Language and Composition Crash Course is designed for the last minute studier or any student who wants a quick refresher on the AP course The Crash Course is based on the latest changes to the AP English Language and Composition course and exam and focuses only on the topics tested so you can make the most of your study time *Communities of Memory* William James Booth,2018-07-05 Memory has fueled merciless violent strife and it has been at the core of reconciliation and reconstruction It has been used to justify great crimes and yet it is central to the pursuit of justice In these and more everyday ways we live surrounded by memory individual and social in our habits our names the places where we live street names libraries archives and our citizenship institutions and laws Still we wonder what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks to understand the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice *Communities of Memory* both argues for and maps out that intertwining *The Cambridge Companion to Autobiography* Maria DiBattista,Emily O.
