Rancis Bebey:

King Albert Francis Bebey,1981 *Take This Hammer* Paul Rekret,2024-08-27 A study of contemporary music in light of transformations to work and social life The emergence of the popular music industry in the early twentieth century not only drove a wedge between music production and consumption it also underscored a wider separation of labor from leisure and of the workplace from the domestic sphere These were changes characteristic of an industrial society where pleasure was to be sought outside of work but these categories have grown increasingly porous today As the working day extends into the home or becomes indistinguishable from leisure time so the role and meaning of music in everyday life changes too In arguing that the experience of popular music is partly conditioned by its segregation from work and its restriction to the time and space of leisure the evening the weekend the dancehall *Take This Hammer* shows how changes to work as it grows increasingly precarious part time and temporary in recent decades are related to transformations in popular music Connecting contemporary changes in work and the economy to tendencies in popular music *Take This Hammer* shows how song form has both reflected developments in contemporary capitalism while also intimating a horizon beyond it From online streaming and the extension of the working day to gentrification unemployment and the emergence of trap rap from ecological crisis and field recording to automation and trends in dance music by exploring the intersections of work and song in the current era not only do we gain a new understanding of contemporary musical culture we also see how music might gesture towards a horizon beyond the alienating experience of work in capitalism itself **The Ashanti Doll** Francis Bebey,1978 Relates the progress of a love affair between an Ashanti girl who runs a stand in the Accra market with her grandmother and a government worker **African Music** Francis Bebey,1999-08-01 Engaging and enlightening this guide explores African music s forms musicians instruments and place in the life of the people A discography classified by country theme group and instrument is also included *Francis Bebey* Dominique Hoyet,Francis Bebey,1979 **Agatha Moudio's Son** Francis Bebey,1973 Mbenda a young fisherman is in love with a modern young woman from a neighboring village By tradition a man marries the woman his father choses for him Mbenda decides to marry both which is allowable in his village but that means his modern wife and his traditional wife must live together and Mbenda will be in the middle **Strings Attached** William Starling,2012-10-15 *Strings Attached* is the much anticipated authorised biography of John Williams one of the most accomplished and celebrated musicians of his generation From his childhood in Australia to his stellar career in London and around the world John Williams has lived an extraordinary life Master of the classical repertoire he took the guitar to a wider audience with the band SKY and by his championing of the music of South America and Africa William Starling came to know John Williams through their mutual friend jazz guitarist John Etheridge As their friendship developed he put it to the maestro that it was time for a biography To his lasting amazement the famously private Williams agreed *Strings Attached* is the product of extensive research and uniquely privileged access to John Williams his family friends and

BOOK JACKET The Post-colonial Studies Reader Bill Ashcroft, Gareth Griffiths, Helen Tiffin, 1995 The Post Colonial Studies Reader is the most comprehensive selection of key texts in post colonial theory and criticism yet compiled This collection covers a huge range of topics featuring nearly ninety of the discipline s most widely read works The Reader s 90 extracts are designed to introduce the major issues and debates in the field of post colonial literary studies This field itself however has become so varied that no collection of readings could encompass every voice which is now giving itself the name post colonial The editors in order to avoid a volume which is simply a critical canon have selected works representing arguments with which they do not necessarily agree but rather which above all stimulate discussion thought and further exploration Post colonial theory has occurred in all societies into which the imperial force of Europe has intruded though not always in the official form of theoretical text Like the description of any other field the term has come to mean many things but this volume hinges on one incontestable phenomenon the historical fact of colonialism and the palpable consequences to which this phenomenon gave rise The topic involves talk about experience of various kinds migration slavery suppression resistance representation difference race gender place and reaction to the European influence and about the fundamental experiences of speaking and writing by which all these come into being In compiling this reader the editors have sought to stimulate people to ask How might a genuinely post colonial literary enterprise proceed The fourteen sections include Issues and Debates Universality and Difference Textual Representation and Resistance Postmodernism and Post Colonialism Nationalism Hybridity Ethnicity and Indigeneity Feminism and Post Colonialism Language The Body and Performance History Place Education and Production and Consumption Contributors include many of the leading post colonial theorists and critics such as Franz Fanon Chinua Achebe Gayatri Chakravorty Spivak Ngugi wa Thiong'o Homi Bhabha Derek Walcott Edward Said and Trinh T Minh-ha in addition to a number of the discourse s newer voices The Post Colonial Studies Reader will prove an authoritative compilation

representing an invaluable contribution to the study of post colonial theory and criticism *Camfranglais: The Making of a New Language in Cameroonian Literature* Wuteh Vakunta, 2014-07-17 This study raises awareness to the emergence of a new genre in world literature hybridized literature It rejects the assumption according to which literatures written in less commonly taught languages should be subsumed into one universally accessible global idiom Instead Vakunta challenges literary scholars and readers of literature to regard untranslatability as the key to cross cultural engagement The books multiple approaches and innumerable sources generate complex interdisciplinary connections and provide an excellent introduction to a complex literary phenomenon alien to literati resident outside the officially bilingual multicultural and multilingual Republic of Cameroon *Hidden in Plain View* Jacqueline L. Tobin, Raymond G. Dobard, 2011-05-25 The fascinating story of a friendship a lost tradition and an incredible discovery revealing how enslaved men and women made encoded quilts and then used them to navigate their escape on the Underground Railroad In *Hidden in Plain View* historian Jacqueline Tobin and scholar Raymond Dobard offer the first proof that certain quilt patterns including a prominent one called the Charleston Code were in fact essential tools for escape along the Underground Railroad In 1993 historian Jacqueline Tobin met African American quilter Ozella Williams amid piles of beautiful handmade quilts in the Old Market Building of Charleston South Carolina With the admonition to write this down Williams began to describe how slaves made coded quilts and used them to navigate their escape on the Underground Railroad But just as quickly as she started Williams stopped informing Tobin that she would learn the rest when she was ready During the three years it took for Williams s narrative to unfold and as the friendship and trust between the two women grew Tobin enlisted Raymond Dobard Ph D an art history professor and well known African American quilter to help unravel the mystery Part adventure and part history *Hidden in Plain View* traces the origin of the Charleston Code from Africa to the Carolinas from the low country island Gullah peoples to free blacks living in the cities of the North and shows how three people from completely different backgrounds pieced together one amazing American story With a new afterword Illustrations and photographs throughout including a full color photo insert ***Out of the Revolution*** Delores P. Aldridge, Carlene Young, 2000-01-01 In *Out of the Revolution* Delores P Aldridge and Carlene Young collect thirty one of the nation s top scholars to provide a complete reference for understanding the impetus for the development of and future considerations for the discipline of Africana studies Topics addressed include epistemological considerations humanistic perspectives the role of bureaucracy and the academic institution the social psychological political and economic dimensions the position of black women in the field and how the discipline has empowered the black student This invaluable resource for educators and students alike concludes with a look at graduates in Africana studies and their careers and a discussion of the future of the field *Critical Perspectives on Cameroon Writing* Hansel Ndumbe Eyoh, Albert Azeyeh, Nalova Lyonga, 2013 This landmark volume brings together a very rich harvest of forty critical essays on Cameroon literature by Cameroon literary scholars The book is the result of the

Second Conference on Cameroon Literature which took place at the University of Buea in 1994 The Buea conference was motivated by a determination to look at Cameroon literature straight into its face and criticize it using literary criteria of the strictest kind Gone were the times when the criticism was complacent because it was believed that a nascent literature could easily be stifled by application of rather strict canons of literary criticism Both writers and critics had a lot to say Subjects dealt with ranged from general topics on literature survival and national identity through specialized articles on prose poetry drama translation language folklore children s literature Journalism and politics It is the hope of the volume editors that the publication of these papers will instigate the kind of actions that were recommended and that the prolific nature of Cameroon literature will equally give rise to a prolific and robust criticism
