Communication in Management Owen Hargie, David Dickson, Dennis Tourish, 1999. In this book the authors look in turn at each of the key management tasks from meetings to negotiation, from writing reports to using the telephone and they provide practical guidance for increased effectiveness. Other chapters cover non verbal communication and doing things right and doing the right thing. The text is presented in a lively way but also with academic rigour and is supported throughout by exercises, checklists and ready to use formats.

The Handbook of Group Communication Theory and Research Lawrence R. Frey, Dennis Gouran, Marshall Scott Poole, 1999-07-08. The Handbook of Group Communication Theory and Research establishes a central resource for the field, documenting and synthesizing the work done in group communication's 50 year history. With contributions from the most experienced and respected scholars in the field, the editors Lawrence R. Frey, Dennis S. Gouran and Marshall Scott Poole present an overview of group communication study and examine a variety of theoretical positions and methodological practices. The volume is divided into six broad areas of communication scholarship: Foundations of group communication theory and research; Individuals and group communication; Task and relational group communication; Group communication processes; Group communication facilitation; Group communication contexts and applications. The sections serve as a crossroads where various paths pursued in each area meet, summarize and suggest new maps and roads that need to be followed in the future. Offering a comprehensive history of group communication theory and research and establishing new conceptual perspectives and research agendas for future group communication scholars, this important resource will be an unrivalled tool for scholars, researchers, educators, practitioners and students alike.

European Handbook of Neurological Management Nils Erik Gilhus, Michael R. Barnes, Michael Brainin, 2011-07-12. Evidence based, peer reviewed best practice management guidelines for neurologists. Diagnosis is only part of the puzzle. Effective treatment is what your patients really want. The European Federation of Neurological Societies has been publishing management guidelines in the European Journal of Neurology for many years. Developed by a consensus approach using graded evidence and then fully peer reviewed, these guidelines provide gold standard best practice guidance to the treatment of neurological disorders. They help bridge the gap between what is done

and what should be done for patients with neurological disorders The basic guidelines have been expanded with Recommendations based on strong evidence and Good Practice Points where only weaker evidence is available The Guidelines in this volume cover Investigation Major neurological diseases Neuromuscular diseases Infections Neurological problems Sleep disorders Rehabilitation The European Handbook of Neurological Management provides a thoroughly rounded and grounded approach to best practice neurological management using evidence based principles **The Routledge Companion to Reward Management** Stephen J.
