Catholic Theology Facing the Future Dermot A. Lane, 2003 Here is a collection of vibrant essays from a conference at St Michael's College in Vermont that reflects on the past present and future of Catholic theology Contributors include the leading names in scripture and moral and systematic theology Dermot Lane on the foundational roles of anthropology imagination and memory in the performance of Christian theology Alice Laffey on the past and present developments in biblical scholarship Raymond Collins on the ecumenical progress over the last forty years in the study of the New Testament Michael J Fahey on trends in systematic theology since 1965 Philip S Keane on the accomplishments and challenges facing moral theology Kevin Irwin on the Christocentric character of liturgical and sacramental theology Andrew David Hastings Mayes, 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns In the last two decades an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community while the reconstruction of the history of the people from whom it derived has been transformed by new methods This new book published under the auspices of the Society for Old Testament Study reflects these new approaches anddevelopments and has a particular concentration on literary and historical study Thus it not only clearly recognizes the diversity now inherent in Old Testament study but also welcomes the integration into its field of the wide range of approaches available in current literary and historicalinvestigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former So essays on the text and its reception discuss primary issues which arise in Old Testament study while those on background and authorship reflect the continued vitality of and the freshperspective possible in more traditional scholarly **Judith** Jennifer L. Koosed, Robert Paul Seesengood, 2022-11-20 2023 Catholic Media Association First Place concerns Award Scripture Academic Studies The striking scene of Judith cutting off Holofernes s head with his own sword in his own bed has inspired the imaginations of readers for millennia But there is more to her story than just this climactic act and more to her character than just beauty and violence This volume offers a comprehensive examination of gender ideologies in the book of Judith from the hyper masculine machinations of war and empire to the dynamics of class in Judith's relationship with her enslaved handmaid Overall this commentary investigates the book of Judith through a feminist lens informed by critical masculinity studies queer theory and reception criticism Reading Marginally Rutledge, 2021-09-06 This volume provides an introduction to the deconstructive criticism of Jacques Derrida discussing its relevance to feminism in general and to feminist interpretation of the Bible in particular The first part of the book provides a critical overview of current trends in feminist exeges and proceeds with an outline of some key strategies in Derridean theory which could prove useful for feminist critical purposes The theological implications of deconstructive biblical interpretation are considered and the book s

final chapter offers a reading of Genesis 2 4b 3 24 in which some of these reading strategies are put to work This study addresses a wide range of current issues in theology and biblical criticism and offers a valuable perspective on the advent of postmodernism in contemporary religion **The Bible After Babel** John Joseph Collins,2005-11-15 In The Bible after Babel John J Collins considers the effect of the postmodern situation on biblical primarily Old Testament criticism over the last three decades Collins examines the quest of historical criticism to objectively establish a text s basic meaning Accepting that the Bible may no longer provide secure foundations for faith Collins still highlights its ethical challenge to be concerned for the other A challenge central both to Old Testament ethics and to the teaching of Jesus from publisher description

H. van Wijk-Bos, 2025-11-15 Deuteronomy the final book of the Torah is ostensibly addressed to males but it does not mean it lacks a concern for women In this commentary on Deuteronomy Johanna W H van Wijk Bos provides serious feminist engagement with the complete text paying specific attention to the effect it may have on women s perspectives and considers ways the text highlights female presence or absence In this commentary van Wijk Bos encourages readers to question not only the patriarchal practices reflected in Deuteronomy but also modern misogynist and androcentric assumptions that they may bring to the world of the text Divided into eleven sections Deuteronomy offers insight for our present time as well as an opportunity to hear new voices examine cultural and gender biased interpretations and draw other conclusions to open up new avenues of understanding God and ourselves **Ruth** André Lacocque, 2004 This volume provides a readable introduction to the narrative book of Ruth appropriate for the student pastor and scholar LaCocque combines historical literary feminist and liberationist approaches in an engaging synthesis He argues that the book was written in the post exilic period and that the author was a woman Countering the fears and xenophobia of many in Jerusalem the biblical author employed the notion of h esed kindness loyalty steadfast love which transcends any national boundaries LaCocque focuses on redemption and levirate marriage as the two legal issues that recur throughout the text of Ruth Ruth comes from the despised people of Moab but becomes a model for Israel Boaz converted to the model of steadfast love becomes both redeemer and levir for Ruth and thus fulfills the Torah In the conclusion to his study the author sketches some parallels with Jesus hermeneutics of the Law as well as postmodern problems and solutions

Jobling, 2018-02-05 This title was first published in 2002 The premise of the text is that there is a continuing need for biblical hermeneutic propsals and frameworks which emerge from the fields of both feminism and Christian theology Feminism the author asserts demands not only the plotting of new routes but the restructuring of entire landscapes As such this project since it seeks to develop a feminist theological frame for meaning impinges on and is impacted by innumerable inter relating questions In consequence the scope of the book is necessarily both broad and interdisiplinary The author I annine Jobling uses particular texts and has articulated her own positions in response In this way the embodied practice of thinking in relation is mirrored in the texts produced This has determined the macro structure of the thesis which is based on an analysis of two feminist biblical scholars Elisabeth Schussler Fionenza and Phyllis Trible From this analysis Jobling identifies two primary principles for interpretation rememberance and destabilization This is a strategy which allows both materialist and post structuralist perspectives to be set into play each of which has vital contributions to make to feminist enterprises The Bible is understood as matrix as a set of discourses which are permeable to and intersect with other cultural discourses The task of feminist interpretation is then to reconstitute the heterogenous biblical matrix in feminist horizons A fundamental tenet of the book is that hermeneutics inhabits particular metaphysical constructs Therefore the argument extends from an interpretation of the Bible to an epistemological framework in which an eschatological hereneutic is recommended to a metaphysical framework which takes eschatology as its structuring principle The author argues that it is eschatology which can provide the resources for an ontological model radically disruptive of a metaphysics of presence and in which it is possible to discern the traces of God From this outermost limit of the author's hermeneutic investigations the text returns to the centre the feminist discursive community and develops a construct that the ekklesia as a feminist deliberative space set oppositionally to structures worldviews and idealogies operates on patriarchal logics. The relationship of this imagined community is compared to the Christian Church and scripture ethics and gendered identity within a logic of equity Bread Not Stone Elisabeth Schussler Fiorenza, 1995-07-31 This feminist classic explores the ways in which women can read the Christian Bible with full understanding of both its oppressive and its liberating functions In the substantial new Afterword to this edition Elisabeth Schussler Fiorenza situates Bread Not Stone in relation to mainstream Biblical scholarship Catholic and Protestant theologies liberation theologies and nineteenth century feminist writings on the Bible Engaging the Bible in a Gendered World Linda Day, Carolyn Pressler, 2006-01-01 In highly accessible essays the book covers the history achievements and cutting edge questions in the area of gender and biblical scholarship including violence and the Bible female biblical God imagery and sexuality Jacket Feminist Companion to Reading the Bible Athalya Brenner-Idan, Carole Fontaine, 1997-10-01 A Feminist Companion to Reading the Bible Approaches Methods and Strategies forms a conclusion to the series of 10 volumes published in the groundbreaking Feminist Companion to the Bible since 1993 Not only is this the companion to the Companion but it is at the same time the forerunner and companion to a second series of nine volumes of the Feminist
