

THE READING WOMAN

Even today, when I read, I notice with pleasure when an author has chosen a particular word, a particular place, for the picture it will convey to the reader.

—Ruth Bader Ginsburg, *My Own Words*

Artists have long been inspired by the intimate love affairs between women and literature. Be it on the deck of a swimming pool, on the subway, or in their own library, reading women remain an inspirational muse for creators, classic to contemporary. The characters depicted in the months of this calendar come from all over the globe and range centuries in origin; perhaps the only thing they have in common is their dedication to the written word. Twelve scenes, paired with quotes from women about the importance and joy of reading, are reproduced in this calendar.

The Routledge Anthology of Women's Theatre Theory and Dramatic Criticism Catherine Burroughs,J. Ellen Gainor,2023-09-29 The Routledge Anthology of Women s Theatre Theory and Dramatic Criticism is the first wide ranging anthology of theatre theory and dramatic criticism by women writers Reproducing key primary documents contextualized by short essays the collection situates women s writing within and also reframes the field s male defined and male dominated traditions Its collection of documents demonstrates women s consistent and wide ranging engagement with writing about theatre and performance and offers a more expansive understanding of the forms and locations of such theoretical and critical writing dealing with materials that often lie outside established production and publication venues This alternative tradition of theatre writing that emerges allows contemporary readers to form new ways of conceptualizing the field bringing to the fore a long neglected vibrant intelligent deeply informed and expanded canon that generates a new era of scholarship learning and artistry The Routledge Anthology of Women s Theatrical Theory and Dramatic Criticism is an important intervention into the fields of Theatre and Performance Studies Literary Studies and Cultural History while adding new dimensions to Feminist Gender and Sexuality Studies **English Association Newsletter** ,2004 **Women and Writing, C.1340-c.1650** Anne Lawrence-Mathers,Phillipa Hardman,2010 The transition from medieval manuscript to early printed book is currently a major topic of academic interest but has received very little attention in terms of women s involvement an issue which the essays in this volume address They add female names to the list of authors who participated in the creation of English literature and examine women s responses to authoritative and traditional texts in revealing detail *Women in Higher Education, 1850-1970* E. flow and exchange of academic knowledge and information among gender groups across programmes disciplines and universities Historical inquiry and interpretation serve as efficacious ways with which to understand contemporary events and discourses in higher education and more broadly in community and society This book will provide important historical contexts for current debates about the numerical dominance and significance of women in higher education and the tensions embedded in the gendering of specific academic programs and disciplines and university policies missions and mandates
