

READING, WRITING
AND
REMEMBERING

A LITERARY RECORD
BY
E. V. LUCAS

THE author calls this 'a literary record' and by strictly complying with that description eliminates complete autobiographical treatment. It is an account of what books a confirmed man-of-letters now in the sixth half read: what writers he first saw and knew; what his own writing beginnings were, and how he progressed from those to the present time. Many well-known men not now again, not least, among those no longer living, Conrad, Arnold Bennett, and Maurice Hewlett. Present-day authors will be found too, and the book is probably unique in the number and variety of its illustrations, among them being many by Mr. George Morant at his most amusing.

Robert Louis Stevenson, Literary Networks and Transatlantic Publishing in the 1890s Glenda Norquay, 2020-01-31 Robert Louis Stevenson Literary Networks and Transatlantic Publishing in the 1890s investigates Stevenson and the geographies of his literary networks during the last years of his life and after his death It profiles a series of figures who worked with Stevenson negotiated his publications on both sides of the Atlantic wrote for him or were inspired by him Using archival material correspondence fiction and biographies it moves across these literary networks It deploys the concept of literary prosthetics to frame its analysis of gatekeepers tastemakers agents collaborators and authorial surrogates in the transatlantic production of Stevenson s writing Case studies of understudied individuals and broader consideration of the networks they represent contribute to knowledge of transatlantic publishing in the 1890s understanding of transatlantic culture Stevenson studies current interest in the workings of literary communities and in nineteenth century mobility

Reading Blindly: Literature, Otherness, and the Possibility of an Ethical Reading , Biopolitics and Memory in Postcolonial Literature and Culture Michael R. Griffiths, 2017-05-15 From the Truth and Reconciliation Commission in South Africa to the United Nations Permanent Memorial to the Victims of Slavery and the Transatlantic Slave Trade many

worthwhile processes of public memory have been enacted on the national and international levels But how do these extant practices of memory function to precipitate justice and recompense Are there moments when such techniques performances and displays of memory serve to obscure and elide aspects of the history of colonial governmentality This collection addresses these and other questions in essays that take up the varied legacies continuities modes of memorialization and poetics of remaking that attend colonial governmentality in spaces as varied as the Maghreb and the Solomon Islands Highlighting the continued injustices arising from a process whose aftermath is far from settled the contributors examine works by twentieth century authors representing Asia Africa North America Latin America Australia and Europe Imperial practices throughout the world have fomented a veritable culture of memory The essays in this volume show how the legacy of colonialism s attempt to transform the mode of life of colonized peoples has been central to the largely unequal phenomenon of globalization

The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Alms theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton s rhetorical question is a very large and growing number the growth being not incremental but exponential
