Reading The Postmodern Polity Political Theory As Textual Practice:

Reading the Postmodern Polity Michael J. Shapiro, 1992 Nine essays with past lives as lectures and journal articles discuss such topics as the spaces of critical interpretation political economy and mimetic desire in Babette's feast and the representation of 1965 4 15 95 Annotation copyrighted by Book News Inc Portland OR

Reading the Postmodern Polity Michael J. Shapiro, **Social Studies of Science and Technology: Looking Back, Ahead** B. Joerges, H. Nowotny, 2012-12-06 BERNWARD JOERGES AND HELGA NOWOTNY YET ANOTHER TURN The thing that doesn't fit is the thing that's most interesting Richard Feynman This volume was originally conceived as a contribution to yet another turn not captured by one of the many adjectives that have served to describe the collective meandering of the scholarly community in search of direction It was meant to mark the millennial turn a seemingly purely chronological event but one in search for great meanings and invested with loaded significances The editors wanted to seize the opportunity of the moment in order to pause and reflect on the sociology and history of social studies of science and technology The moment came and went and the new millennium barely nine months later thrust its historical marker upon the world through a horrendous and cruel shock in an unforeseen and unforeseeable way Since then the world appears more vulnerable and volatile fragmented and fraught with uncertainty The universal values bequeathed by the Enlightenment are either refused or appear refuted The dream of a universal civilization which has accompanied the unfolding of the existing multiple modernities in their historically unique trajectories has been discarded and its promises in tatters

The Postzionism Debates Laurence J. Silberstein, 2013-10-18 The struggle for postzionism is a conflict over national memory and the control of cultural and physical space Laurence J Silberstein analyzes the phenomenon of postzionism and provides an intervention into this debate

Aesthetics and World Politics R. Bleiker, 2009-08-28 This book presents one of the first systematic assessments of aesthetic insights into world politics It examines the nature of aesthetic approaches and outlines how they differ from traditional analysis of politics The book explores the potential and limits of aesthetics through a series of case studies on language and poetics

Radical Democracy David Trend, 2013-09-13 Radical Democracy addresses the loss of faith in conventional party politics and argues for new ways of thinking about diversity liberty and civic responsibility The cultural and social theorists in Radical Democracy broaden the discussion

beyond the conventional and conservative rhetoric by investigating the applicability of radical democracy in the United States Issues debated include whether democracy is primarily a form of decision making or an instrument of popular empowerment and whether democracy constitutes an abstract ideal or an achievable goal **Working the Ruins** Elizabeth St. Pierre, Wanda S. Pillow, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company

The Art of Being Free Mark Reinhardt, 2019-06-30 The art of being free is an essential part of democracy It involves Mark Reinhardt believes bringing into being the multiple spaces in and practices through which individuals and groups help to constitute their lives their selves their worlds Americans are presently witnessing a contraction of officially sanctioned spaces for citizen action It is now crucial Reinhardt argues to identify ways of opening new spaces for the direct practice of democratic politics Reinhardt treats the writings of Alexis de Tocqueville Karl Marx and Hannah Arendt as exemplary sources for an expansion of political possibility These writers indicate where and how the new spaces can be brought into being and they reveal acts of making space as some of the prime moments of politics Reinhardt s extended readings of these writers never previously treated together are quite unlike the familiar understandings of their thought Taking liberties he brings the literary and political sensibility usually associated with postmodernism to a sympathetic if critical encounter with eminently modern thinkers The result is a strong and idiosyncratic book accessible and stylish that mixes acute readings of canonical thinkers with more practical applications and illustrations Reinhardt combines attention to textual detail and nuance with concern for contemporary politics discussing as an unusually inventive example the AIDS activist group ACT UP **Real**

Toads in Imaginary Gardens Maureen Whitebrook, 1995 Maureen Whitebrook argues that literature through both its form and its content can expose and criticize liberal theory and point beyond it to a new political theory She describes how literary political criticism might be done and demonstrates such criticism in four essays that expose the connections between specific political and literary texts Fiction Whitebrook concludes does a better job than liberal political theory of examining the relationship between the individual and the State *Deforming American Political Thought* Michael J. Shapiro, 2006-10-20

By affirming the relativity of the American historical imagination political theorist Michael J Shapiro offers a powerful polemic against ethnocentric interpretations of American culture and politics *Deforming American Political Thought* analyzes issues that range from the nature of Thomas Jefferson s vision of an egalitarian nation to the persistence of racial inequality Shapiro offers a multifaceted argument that transcends the myopic scope of traditional political discourse *Deforming American Political Thought* illustrates the various ways in which history architecture film music literature and art provide approaches to the comprehension of diverse facets of American political thought from the founding to the present Using these seemingly disparate disciplines as a framework Shapiro paints a picture of American political philosophy that is as distinctive as it is enlightening Shapiro explores the historically vital role of dissenting points of view in American politics and asserts its continuing importance in today s political landscape Exploring such diverse works as slave narratives

contemporary films genre fiction and blues and jazz music Shapiro reveals that there have always been dissenting voices casting doubt on the moral purpose and exceptionalism of the American mind An unprecedented inquiry into American politics *Deforming American Political Thought* will surely serve to reinvigorate discussions about the essence of American political thought

Revolutionary Multiculturalism Peter McLaren, 2018-02-12 This work by one of North America's leading educational theorists and cultural critics culminates a decade of social analyses that focuses on the political economy of schooling Paulo Freire and literacy education hip hop culture and multicultural education Peter McLaren also examines the work of Baudrillard as well as Bourdieu's reflexive sociology Always in McLaren's work is a profound understanding of the relationship among advanced capitalism the politics of knowledge and the formation of identity One of the central themes of this volume is the relationship between the political and the pedagogical for educators activists artists and other cultural workers McLaren argues that the central project ahead in the struggle for social justice is not so much the politics of diversity as the global decentering and dismantling of whiteness This volume also contains an interview with the author

Modernity & Consumption Antonio L. Rappa, 2002 Offers an examination of modernity and consumption with a non-Marxist modernity Resistance theoretical frame mRf

Fictive Theories S. McManus, 2005-06-03 Fictive Theories is a significant and innovative intervention in key debates in political theory concerning the ways theory should be philosophically grounded and the task that political theory should set itself Susan McManus argues that political theory has been grounded in controlling fictions from fictions of human nature to morals laws that function to close possibility Starting by interrogating the often hidden work of fictions in political theories she argues that all theorizing is a form of world creating Rather than hiding the fictions at work in political theory McManus argues that theory should become self consciously fictive and that there are political and ethical advantages to so doing She then develops a uniquely deconstructive and utopian understanding of the project of political theory grounded in the fictive a creative and future oriented imagination Rather than seeking to provide blueprints of how a polity should be organized fictive theories seek to fabricate futures through the anticipatory articulation of possibility Drawing on a rich range of thinkers from the traditions of political theory Hobbes Rousseau Kant deconstructive theory Roland Barthes Jacques Derrida and utopian studies Ernst Bloch this book will be of interest to researchers teachers and students in the fields of political theory utopian studies literary theory and cultural studies

Engaging Film Tim Cresswell, Deborah Dixon, 2002 Engaging Film is a creative interdisciplinary volume that explores the engagements among film space and identity and features a section on the use of films in the classroom as a critical pedagogical tool Focusing on anti essentialist themes in films and film production this book examines how social and spatial identities are produced or dissolved in films and how mobility is used to create different experiences of time and space From popular movies such as Pulp Fiction Bulworth Terminator 2 and The Crying Game to home movies and avant garde films the analyses and teaching methods in this collection will engage students and researchers in film and media

studies cultural geography social theory and cultural studies **The Road to Vietnam** Pablo de Orellana, 2020-02-20 Why did the USA become involved in Vietnam What led US policy makers to become convinced that Vietnam posed a threat to American interests In *The Road to Vietnam* Pablo de Orellana traces the origins of the US Vietnam War back to 1945 1948 and the diplomatic relations fostered in this period between the US France and Vietnam during the First Vietnam War that pitted imperial France against the anti colonial Vietminh rebel alliance With specific focus on the representation of the parties involved through the processes of diplomatic production the book examines how the groundwork was laid for the US Vietnam War of the 60 s and 70 s Examining the France Vietminh conflict through poststructuralist and postcolonial lenses de Orellana reveals the processes by which the US and France built up the perception of Vietnam as a communist threat Drawing on archival diplomatic texts the representation of political identity between diplomatic actors is examined as a cause leading up to American involvement in the First Vietnam War and will be sure to interest scholars in the fields of fields of diplomatic studies international relations diplomatic history and Cold War history Disassembling and Decolonizing School in the Pacific David W. Kupferman, 2012-08-11 Schooling in the region known as Micronesia is today a normalized ubiquitous and largely unexamined habit As a result many of its effects have also gone unnoticed and unchallenged By interrogating the processes of normalization and governmentality that circulate and operate through schooling in the region through the deployment of Foucaultian conceptions of power knowledge and subjectivity this work destabilizes conventional notions of schooling s neutrality self evident benefit and its role as the key to contemporary notions of so called political economic and social development This work aims to disquiet the idea that school today is both rooted in some distant past and a force for decolonization and the postcolonial moment Instead through a genealogy of schooling the author argues that school as it is currently practiced in the region is the product of the present emerging from the mid 1960s shift in US policy in the islands the very moment when the US was trying to simultaneously prepare the islands for putative self determination while producing ever increasing colonial relations through the practice of schooling The work goes on to conduct a genealogy of the various subjectivities produced through this present schooling practice notably the student the teacher and the child parent family It concludes by offering a counter discourse to the normalized narrative of schooling and suggests that what is displaced and foreclosed on by that narrative in fact holds a possible key to meaningful decolonization and self determination Fairness, Globalization, and Public Institutions Jim Dator, Richard C. Pratt, Yongseok Seo, 2018-03-31 Who benefits from the interconnected processes often referred to as globalization Is it a relatively few people with most others either being harmed or at least not helped Are the good things that globalization produces whatever they are widely shared What processes lead us in one direction or another This book examines a key dimension of globalization its fairness It investigates the meaning of and role fairness plays when public institutions are faced with the challenges and opportunities of globalization Here a distinguished group of contributors including both academics and practitioners focuses on East and

Southeast Asia but the relevance of the issues discussed extends well beyond these regions They present a broad ranging examination of the intersections between fairness globalization and public institutions Contributors Doug Allen Walt T Anderson Ron Brown Jim Dator Jingping Ding Christopher Grandy Sohail Inayatullah Yong duck Jung Martin Khor Yoshiko Kojo Le Van Anh Ivana Milojevic Ryo Oshiba Edgar A Porter Dick Pratt Fred Riggs James Rosenau Yongseok Seo Chanto Sisowath Shunichi Takekawa **Interpretation and Method** Dvora Yanow, Peregrine Schwartz-Shea, 2006 Demonstrates the relevance rigor and creativity of interpretive research methodologies for political science and its various sub fields Designed for use in a course on interpretive research methods this book situates methods questions within the context of methodological questions the character of social realities and their know ability *Anarchism and the Crisis of Representation* Jesse S. Cohn, 2006-09 Anarchism and the Crisis of Representation is intended to provide readers of literary criticism art history political philosophy and the social sciences with a fresh perspective from which to revisit dead end theoretical debates over concepts such as agency essentialism and realism and at the same time to offer a new take on anarchism itself challenging conventional readings of the tradition The anarchism that emerges from this reinterpretation is neither a musty rationalism nor a millenarian irrationalism but a living body of thought that points beyond the sterile antinomies of post modern and Marxist theory BOOK JACKET
