Readings In Social Problems Third 3rd Edition:

SAGE Readings for Social Problems Benjamin Drury, 2021-02-02 SAGE Readings for Social Problems is a convenient and economical option for instructors who want to introduce students to scholarly literature in their social problems courses. It contains 16 short readings on topics covered in typical courses including economic inequality, race, gender, crime, substance abuse, education, health, medicine, the environment, family, and the social construction of social problems. The articles in this collection were all chosen because they are accessible to undergraduate students, avoid complicated statistical analysis, and demonstrate the range of methodological approaches to studying social problems. **Catalog of Copyright Entries.  Desegregation is a valuable contribution to the field of Education **Violence at the Intersection** Toya Z. Like, 2024-08-01
 Violence at the Intersection The Interlocking Impact of Race Ethnicity Gender and Class on Risk and Resilience builds upon
 and expands recent scholarship on the intersectionality of race ethnicity gender gender identity and class and their
 multiplicative effects on violent offending and victimization Specifically the work examines how these intersections of identity
 not only affect risks for experiences with violence but also account for the development and expansion of social capital in the
 form of resilience and human agency among those at risk The results of the research provide a critical assessment of how
 embodied identities are commonly used to assess those at risk while largely ignoring that these individuals are
 simultaneously at resilience This work moves beyond the extant literature by considering the role of resilience in violence
 among disadvantaged groups The work also contributes to growing research on identity and its centrality to experiences with
 violence and provides an in depth understanding of varied pathways to human agency and the development of social capital
 even among those who are deemed disadvantaged in society This book will appeal to undergraduate and postgraduate
 students as well as postdoctoral researchers interested in fields including Criminology Criminal Justice Women Gender

Studies Sexuality Studies Race and Ethnicity Studies and Violence Studies **Forthcoming Books** Rose Arny,2003
