**Real American Girls Tell Their Own Stories** Dorothy Hoobler, Thomas Hoobler, 1999 Little girls will be little girls no matter what era brings them together B W photographs accompany selections from autobiographical material written by American girls including one who lived in the colony of Virginia in 1756 and another who lived in the early 1950s The Heartland Kristin L. Hoganson, 2019-04-23 A history of a quintessentially American place the rural and small town heartland that uncovers deep yet hidden currents of connection with the world When Kristin L Hoganson arrived in Champaign Illinois after teaching at Harvard studying at Yale and living in the D C metro area with various stints overseas she expected to find her new home well isolated Even provincial After all she had landed in the American heartland a place where the nation s identity exists in its pristine form Or so we have been taught to believe Struck by the gap between reputation and reality she determined to get to the bottom of history and myth The deeper she dug into the making of the modern heartland the wider her story became as she realized that she d uncovered an unheralded crossroads of people commerce and ideas But the really interesting thing Hoganson found was that over the course of American history even as the region s connections with the rest of the planet became increasingly dense and intricate the idea of the rural Midwest as a steadfast heartland became a stronger and more stubbornly immovable myth In enshrining a symbolic heart the American people have repressed the kinds of stories that Hoganson tells of sweeping breadth and depth and soul In The Heartland Kristin L Hoganson drills deep into the center of the country only to find a global story in the resulting core sample Deftly navigating the disconnect between history and myth she tracks both the backstory of this region and the evolution of the idea of an unalloyed heart at the center of the land A provocative and highly original work of historical scholarship The Heartland speaks volumes about pressing preoccupations among them identity and community immigration and trade and security and global power And food To read it is to be inoculated against using the word heartland unironically ever again The Bulletin ,2006 *The Advocate* ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Popular Mechanics* ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle *Los Angeles Magazine* ,2006-02 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **Contemporary Novelists** ,1982 **Resources in Education** ,1998 *Los Angeles Magazine*
