The Complete Guide to Endurance Riding and Competition Donna Snyder-Smith, 2008-05-05 First Star to the Right and Straight on Till Morning
At the 90 mile vet check she sat in the middle of the road crying claiming extreme illness and trying to avoid her nightmarish fears her horse would die of founder or colic or anything The last ten miles of trail stretched forever in her mind black like licorice taffy After a large measure of TLC from her patient and understanding crew she and the gelding were out of the check and on the trail again The entire universe shrank to center on the pair in the moonlight Time stopped and the world faded into nothingness They were running in a small ever changing pocket of existence the rhythm of his hooves the heartbeat of that universe Ribbons and trail appeared before them and lost substance as they moved past For the rider clinging to the saddle there was no thought no pain no emotion only the instinctive drive to chase past each ribbon as it appeared Suddenly her horse jumped sideways eyes and ears frozen forward Awakened from her trance she oriented herself on his suspected woods troll a familiar embankment that meant they were a half mile from home Easing him past the scary object she sent the gelding on clinging to his neck As his soft lope swept them across the finish line she wanted to laugh out loud or cry but was unable to summon the strength for either A few small tears trickled down her cheek the only sign of the enormous pride she felt inside Becky Huffman Endurance rider wife mother of two and student of author Donna Snyder Smith The Howell Equestrian Library

Montague will introduce you to the thrill of driving the artistry of in hand competitions and the joys of miniature horses. Whichever discipline you consider the author takes you step by step through the process from choosing a stable what to look for in an instructor and in a barn to picking out your new riding clothes you need only a helmet and sturdy shoes to start but there is a world of apparel and accessories once you're hooked. Do you think you might want to buy a horse someday? The Adult Rider describes this process as well but also introduces you to other alternatives like leasing a month to month arrangement that lets you see how a horse fits into your life in both time and money before you make a commitment. The Adult Rider recognizes that we are not the same as the resilient kids who fearlessly hop their pony over a fence for that very first time. Montague discusses what makes adults mentally and physically different and how to overcome these challenges. In the chapter The View from the Other Side of the Arena Montague interviews several riding instructors on the difference between teaching kids and adults and the ways in which adults learn differently. All in all the point is to have fun and The Adult Rider provides you with the know how to jump into the horse world with both eyes open. *Mountain Biking the Pacific*
