Riders of the Purple Sage Zane Grey, 2000-11-15 Story of hair breadth escapes from Mormon vengeance in Southwestern Utah of 1871 Historical Dictionary of Westerns in Literature Paul Varner, 2010-09-20 When in 1902 Owen Wister a member of the Eastern blueblood aristocracy and friend of novelist Henry James became a best selling novelist with the publication of *The Virginian* few readers would have guessed that a new kind of American literature was being born While Owen Wister was enjoying his success Edwin S Porter in New Jersey was filming the first cinema Western *The Great Train Robbery* which would usher in a new era both of movies in general and of Western movies in particular Both events would lead to a century of cultural fascination with stories of the old West The *Historical Dictionary of Westerns in Literature* tells the story of the Western through a chronology a bibliography an introductory essay and hundreds of cross referenced dictionary entries on authors such as Owen Wister Zane Grey Max Brand Clarence Mulford Ernest Haycox Luke Short Dorothy Johnson Louis L Amour and Cormac McCarthy Angel of the Anzacs Carole Van Grondelle, 2000 Nora Luxford s life spanned the twentieth century and circled the globe taking her from turn of the century Hawke s Bay to Hollywood s golden age and the elite circles of New York society She became well known in New Zealand for her radio broadcasts but it was the Anzac club which touched the lives of thousands of young New Zealand and Australian servicemen that she considered was her greatest achievement **Penguin Classics** Penguin (Firm), 2001 **Cormac McCarthy and the Myth of American Exceptionalism** John Cant, 2013-01-11 This overview of McCarthy s published work to date including the short stories he published as a student his novels stage play and TV film script locates him as a iconoclastic writer engaged in deconstructing America s vision of itself as a nation with an exceptionalist role in the world Introductory chapters outline his personal background and the influences on his early years in Tennessee whilst each of his works is dealt with in a separate chapter listed in chronological order of publication The Twenty-First-Century Western Douglas Brode, Shea T. Brode, 2019-12-12 Focusing on twenty first century Western films including all major releases since the turn of the century the essays in this volume cover a broad range of aesthetic and thematic aspects explored in these films including gender and race As diverse contributors focus on the individual subgenres of the traditional Western the gunfighter the Cavalry vs Native American conflict the role of women in Westerns etc they share an understanding of the twenty first century Western may be understood as a genre in itself They argue that the films discussed here reimagine certain aspects of the more conventional Western and often reverse the ideology contained within them while employing certain forms and clich s that have become synonymous internationally with Westerns The result is a contemporary sensibility that might be referred to as the postmodern Western The Masculine Century Michael Antony, 2008-05 Now that the Twentieth Century is behind us what made it what it was 200 million human beings killed by war totalitarianism and extermination programs What made the twentieth century the most murderous age in human history as well as the age that made the greatest advances ever in

science and technology while art and serious music declined into abstraction non communication and grotesque hoaxes blank canvases old urinals cans of excrement and concertos consisting of four minutes of silence This book argues that the century was marked by an over masculinization of the Western mind leading to autism and psychopathic aggression and the eclipse of the feminine expressive emotional empathetic side of human nature Hence the unprecedented culture of total war and genocide and the totalitarian projects to raze the human past and start again which Modernism carried out in the arts Hence also the masculinization of sexual behavior as romance gave way to pornography and marriage to promiscuity the adoption by women of a male work role the decline of motherhood and family and the collapse of Western birthrates This is all traced back to the rise of two aggressive ultra masculine ideologies in the nineteenth century Darwinism and Marxism which gave birth to Fascism and Feminism These ideologies put violence conflict and aggression at the heart of life and changed human mentalities This book examines these developments through the literature and art of the past hundred and fifty years and discusses their implications for the future of Western Civilization Penguin Classics Anonymous,2012-01-31 A Complete Annotated Listing More than 1 500 titles in print Authoritative introductions and notes by leading academics and contemporary authors Up to date translations from award winning translators Readers guides and other resources available online Penguin Classics on air online radio programs

Continental Divides A. Goldman,2000-10-19 The book calls for a new iconography of region that unseats New England s status as cultural center of the United States and originary metaphor for national identity No single territorial or political axis can adequately describe the complex regional relationships that comprise the nation Goldman argues The essays in this volume juxtapose African American Mexican American and Anglo American fictions produced in the wake of both the Civil War and the U S Mexican War contiguous national conflicts that remain segregated in critical practice At once comparative and intertextual the readings in this study redefine western literature in its relation to other U S regional literary formations Goldman s arguments question critical
