

The background of the cover is a photograph of a rugged coastline. In the foreground, dark, wet, and textured rocks lead down to the sea. To the right, a steep, layered rock cliff face meets the water. White, frothy waves are crashing against the base of the cliff and the rocks in the foreground. The sea is a deep, dark blue-grey color. The sky above is filled with heavy, grey clouds, with some lighter patches where the sun might be breaking through.

hopeless struggle of a people against the impersonal but relentless cruelty of the sea It must have been on Synge's second visit to the Aran Islands that he had the experience out of which was wrought what many believe to be his greatest play The scene of *Riders to the Sea* is laid in a cottage on Inishmaan the middle and most interesting island of the Aran group While Synge was on Inishmaan the story came to him of a man whose body had been washed up on the far away coast of Donegal and who by reason of certain peculiarities of dress was suspected to be from the island In due course he was recognised as a native of Inishmaan in exactly the manner described in the play and perhaps one of the most poignantly vivid passages in Synge's book on The Aran Islands relates the incident of his burial The other element in the story which Synge introduces into the play is equally true Many tales of second sight are to be heard among Celtic races In fact they are so common as to arouse little or no wonder in the minds of the people It is just such a tale which there seems no valid reason for doubting that Synge heard and that gave the title *Riders to the Sea* to his play It is the dramatist's high distinction that he has simply taken the materials which lay ready to his hand and by the power of sympathy woven them with little modification into a tragedy which for dramatic irony and noble pity has no equal among its contemporaries Great tragedy it is frequently claimed with some show of justice has perforce departed with the advance of modern life and its complicated tangle of interests and creature comforts A highly developed civilisation with its attendant specialisation of culture tends ever to lose sight of those elemental forces those primal emotions naked to wind and sky which are the stuff from which great drama is wrought by the artist but which as it would seem are rapidly departing from us It is only in the far places where solitary communion may be had with the elements that this dynamic life is still to be found continuously and it is accordingly thither that the dramatist who would deal with spiritual life disengaged from the environment of an intellectual maze must go for that experience which will beget in him inspiration for his art The Aran Islands from which Synge gained his inspiration are rapidly losing that sense of isolation and self dependence which has hitherto been their rare distinction and which furnished the motivation for Synge's masterpiece Whether or not Synge finds a successor it is none the less true that in English dramatic literature *Riders to the Sea* has an historic value which it would be difficult to over estimate in its accomplishment and its possibilities A writer in *The Manchester Guardian* shortly after Synge's death phrased it rightly when he wrote that it is the tragic masterpiece of our language in our time wherever it has been played in Europe from Galway to Prague it has made the word tragedy mean something more profoundly stirring and cleansing to the spirit than it did

Riders to the Sea (Classic Reprint) J. M. Synge, 2017-12-04 Excerpt from *Riders to the Sea* It is the dramatist's high distinction that he has simply taken the materials which lay ready to his hand and by the power of sympathy woven them with little modification into a tragedy which for dramatic irony and noble pity has no equal among its contemporaries Great tragedy it is frequently claimed with some show of justice has perforce departed with the advance of modern life and its complicated tangle of interests and creature comforts A highly developed civilisation with its attendant specialisation of culture tends ever to lose sight of those elemental forces those primal emotions naked to wind and sky which are the stuff from which great drama is wrought by the artist but which as it would seem are rapidly departing from us About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Critical Companion to Eugene O'Neill, 2-Volume Set Robert M. Dowling, 2009 This study explores the personal historical and artistic influences that combined to form such dark and influential American masterpieces as *The Iceman Cometh* *The Emperor Jones* *Mourning Becomes Electra* *Hughie* and arguably the finest tragedy ever written by an American *Long Day's Journey into Night* **Riders to the Sea** John Millington Synge, 2014-10-01 *Riders to the Sea* A Play in One Act By J M Synge The secret of the play's power is its capacity for standing afar off and mingling if we may say so sympathy with relentlessness There is a wonderful beauty of speech in the words of every character wherein the latent power of suggestion is almost unlimited In the big world the old people do be leaving things after them for their sons and children but in this place it is the young men do be leaving things behind for them that do be old In the quavering rhythm of these words there is poignantly present that quality of strangeness and remoteness in beauty which as we are coming to realise is the touchstone of Celtic literary art However the very asceticism of the play has begotten a corresponding power which lifts Synge's work far out of the current of the Irish literary revival and sets it high in a timeless atmosphere of universal action Its characters live and die It is their virtue in life to be lonely and none but the lonely man in tragedy may be great He dies and then it is the virtue in life of the women mothers and wives and sisters to be great in their loneliness great as Maurya the stricken mother is great in her final word Michael has a clean burial in the far north by the grace of the Almighty God Bartley will have a fine coffin out of the white boards and a deep grave surely What more can we want than that No man at all can be living for ever and we must be satisfied The pity and the terror of it all have brought a great peace the peace that passeth understanding and it is because the play holds this timeless peace after the storm which has bowed down every character that *Riders to the Sea* may rightly take its place as the greatest modern tragedy in the English tongue *Riders to the Sea. 1904* John

Millington Synge, 1931
