Rifles Of Colonial America:

Rifles of Colonial America George Shumway,2002-06-01 Rifles of Colonial America George Shumway,1980-06-01

Guns on the Early Frontiers Carl P. Russell,2012-03-08 DIVThoroughly documented reference identifies guns used in America during eastern settlement and westward expansion The highly readable survey describes those who used and sold weapons as well as those who made them 58 rare illustrations div *Guns on the Early Frontiers* Carl Parcher Russell,1980-01-01 *American Rifle* Alexander Rose,2009-09-29 George Washington insisted that his portrait be painted with one Daniel Boone created a legend with one Abraham Lincoln shot them on the White House lawn And Teddy Roosevelt had his specially customized In this first of its kind book historian Alexander Rose delivers a colorful engrossing biography of an American icon the rifle Drawing on the words of foot soldiers inventors and presidents based on extensive new research and spanning from the Revolution to the present day American Rifle is a balanced wonderfully entertaining history of the rifle and its place in American culture **Armed America** Clayton E. Cramer,2009-08-24 For many Americans guns seem to be a fundamental part of the American experience and always have been Grand in scope rigorous in research and elegant in presenting the formative years of our country Armed America traces the winding historical trail of United States citizens passion for firearms Author and historial Clayton E Cramer goes back to the source unearthing first hand accounts from the colonial times through the Revolutionary War period and into the early years of the American Republic In Armed America Cramer depicts a budding nation dependent on its firearms not only for food and protection but also for recreation and enjoyment Through newspaper clippings official documents and personal diaries he shows that recent grandiose theories claiming that guns were scarce in early America are shaky at best and downright false at worst Above all Cramer allows readers a priceless glimpse of a country literally fighting for its identity For those who think that our citizens attraction to firearms is a recent phenomenon it s time to think again Armed America proves that the right to bear arms is as American as apple pie *Guns in America* Jan E. Dizard,Robert Muth,Stephen P. Andrews,1999-04 Firearms have long been at the core of US national narratives From the Puritans embrace of such weapons to beat back the devilish Indian to a guilty delight in the illegal exploits of Dirty Harry Americans have relied on the gun to right wrongs both real and imagined *Lock, Stock, and Barrel* Clayton E. Cramer,2018-02-21 This provocative book debunks the myth that American gun culture was intentionally created by gun makers and demonstrates that gun ownership and use have been a core part of American society since our colonial origins Revisionist historians argue that American gun culture and manufacturing are relatively recent developments They further claim that widespread gun violence was largely absent from early American history because guns of all types and especially handguns were rare before 1848 According to these revisionists American gun culture was the creation of the first mass production gun manufacturers who used clever marketing to sell guns to people who neither wanted nor needed them However as proven in this first scholarly history of gun culture in early America gun ownership and

use have in fact been central to American society from its very beginnings Lock Stock and Barrel The Origins of American Gun Culture shows that gunsmithing and gun manufacturing were important parts of the economies of the colonies and the early republic and explains how the American gun industry helped to create our modern world of precision mass production and high wages for workers [America's Rifle](#) Stephen P. Halbrook,2022-11-28 There are over forty four million AR 15s and similar semiautomatic rifles owned by Americans Popular adoption on such a monumental scale is indicative of more than a passing fad only proven utility through long history creates such lasting indeed growing demand Since the founding of the American republic rifles beginning with muzzleloaders and later semiautomatics have been at the center of American history and pre history This book by renowned historian and attorney Stephen Halbrook is the definitive account of this centrality of repeating rifles to the American story from its conception to the present day Some factions of state and national politicians now seek to remake America in a different novel image by rushing to ban and restrict access to firearms that have long been our heritage As Halbrook decisively shows theirs is a war against the Second Amendment and the tradition of freedom and self sufficiency that has sustained our storied past Our rights hang in the balance not as lone pillars but history shows as dominos ready to fall in quick succession Halbrook comprehensively reviews the historical legal and policy arguments advanced by gun prohibitionists and demonstrates that these bans are deeply antagonistic to our history our interests and our Constitution **FIREARMS IN COLONIAL AMER** M. L. Brown,1980-11-17 [A Cultural History of Firearms in the Age of Empire](#) Karen Jones,2016-03-16 Firearms have been studied by imperial historians mainly as means of human destruction and material production Yet firearms have always been invested with a whole array of additional social and symbolical meanings By placing these meanings at the centre of analysis the essays presented in this volume extend the study of the gun beyond the confines of military history and the examination of its impact on specific colonial encounters By bringing cultural perspectives to bear on this most pervasive of technological artefacts the contributors explore the densely interwoven relationships between firearms and broad processes of social change In so doing they contribute to a fuller understanding of some of the most significant consequences of British and American imperial expansions Not the least original feature of the book is its global frame of reference Bringing together historians of different periods and regions A Cultural History of Firearms in the Age of Empire overcomes traditional compartmentalisations of historical knowledge and encourages the drawing of novel and illuminating comparisons across time and space **The Gunsmith** Wil Mara,2013-08-01 Although called gunsmiths they rarely labored on guns during colonial times An important part of the community the gunsmith most likely focused on other types of metal work but occasionally assembled firearms This historical volume chronicles the formative years of the United States through the activities and occupations of its most important community members It explore the everyday life responsibilities social life and the affect the gunsmith had on the colonial American way of life Hands on activities and recipes sidebars detailing the history and evolution of the profession and key

social studies words are defined in the glossary **Race, Rights, and Rifles** Alexandra Filindra,2023-09-26 An eye opening examination of the ties between American gun culture and white male supremacy from the American Revolution to today One third of American adults approximately 86 million people own firearms This is not just for protection or hunting Although many associate gun centric ideology with individualist and libertarian traditions in American political culture *Race Rights and Rifles* shows that it rests on an equally old but different foundation Instead Alexandra Filindra shows that American gun culture can be traced back to the American Revolution when republican notions of civic duty were fused with a belief in white male supremacy and a commitment to maintaining racial and gender hierarchies Drawing on wide ranging historical and contemporary evidence *Race Rights and Rifles* traces how this ideology emerged during the Revolution and became embedded in America s institutions from state militias to the National Rifle Association NRA Utilizing original survey data Filindra reveals how many White Americans including those outside of the NRA s direct orbit embrace these beliefs and as a result they are more likely than other Americans to value gun rights over voting rights embrace antidemocratic norms and justify political violence **The American Revolution 1775-1783** Richard L. Blanco,2020-12-06 This definitive encyclopedia originally published in 1983 and now available as an ebook for the first time covers the American Revolution comes in two volumes and contains 865 entries on the war for American independence Included are essays ranging from 250 to 25 000 words on major and minor battles and biographies of military men partisan leaders loyalist figures and war heroes as well as strong coverage of political and diplomatic themes The contributors present their summaries within the context of late 20th Century historiography about the American Revolution Every entry has been written by a subject specialist and is accompanied by a bibliography to aid further research Extensively illustrated with maps the volumes also contain a chronology of events glossary and substantial index *Guns on the Early Frontiers: A History of Firearms from Colonial Times Through the Years of the Western Fur Trade* Carl P. Russell,2023-08 **Empire of Guns** Priya Satia,2018-04-10 NAMED ONE OF THE BEST BOOKS OF 2018 BY THE SAN FRANCISCO CHRONICLE AND SMITHSONIAN MAGAZINE By a prize winning young historian an authoritative work that reframes the Industrial Revolution the expansion of British empire and emergence of industrial capitalism by presenting them as inextricable from the gun trade A fascinating and important glimpse into how violence fueled the industrial revolution Priya Satia s book stuns with deep scholarship and sparkling prose Siddhartha Mukherjee Pulitzer Prize winning author of *The Emperor of All Maladies* We have long understood the Industrial Revolution as a triumphant story of innovation and technology *Empire of Guns* a rich and ambitious new book by award winning historian Priya Satia upends this conventional wisdom by placing war and Britain s prosperous gun trade at the heart of the Industrial Revolution and the state s imperial expansion Satia brings to life this bustling industrial society with the story of a scandal Samuel Galton of Birmingham one of Britain s most prominent gunmakers has been condemned by his fellow Quakers who argue that his profession violates the society s pacifist principles In his fervent self defense Galton

argues that the state's heavy reliance on industry for all of its war needs means that every member of the British industrial economy is implicated in Britain's near constant state of war. *Empire of Guns* uses the story of Galton and the gun trade from Birmingham to the outermost edges of the British empire to illuminate the nation's emergence as a global superpower, the roots of the state's role in economic development and the origins of our era's debates about gun control and the military industrial complex, that thorny partnership of government, the economy and the military. Through Satia's eyes we acquire a radically new understanding of this critical historical moment and all that followed from it. Sweeping in its scope and entirely original in its approach, *Empire of Guns* is a masterful new work of history, a rigorous historical argument with a human story at its heart.

A Global Chronology of Conflict Spencer C. Tucker, 2009-12-23 This monumental six volume resource offers engaging entries of major diplomatic, military and political events driving world conflicts from ancient times to the present. Now from ABC-CLIO, long regarded as a premier publisher of military history, comes a monumental resource that encapsulates the entire scope of conflict among human societies. Spanning nearly five millennia from the earliest documented fighting to the present, *A Global Chronology of Conflict: From the Ancient World to the Modern Middle East* provides a comprehensive survey of major military events. With coverage that reaches beyond the battles, this work examines the political and diplomatic forces driving world conflicts, revolutions, forced changes of governments, international treaties and acts of aggression and terrorism. Written by acclaimed military historian Spencer C. Tucker, these six chronologically organized volumes offer an accessible, richly detailed timeline of military conflict across human history. The concise entries cover all important events on the battlefield and in the corridors of power, with special features highlighting hundreds of key leaders and weapon systems. From specific data on casualties to coverage of evolving weapons technology to insightful analyses of the social impact of war, *A Global Chronology of Conflict* is an essential resource for students, researchers, history buffs and general readers alike.

Weapons and Warfare Spencer C. Tucker, 2020-03-26 This work covers major weapons throughout human history, beginning with clubs and maces, through crossbows, swords and gunpowder, up to the hypersonic railgun, lasers and robotic weapons under development today. *Weapons and Warfare* is designed to provide students with a comprehensive and highly informative overview of weapons and their impact on the course of human history. In addition to providing basic factual information, this encyclopedia will delve into the greater historical context and significance of each weapon. The chronological organization by time period will enable readers to fully understand the evolution of weapons throughout history. The work begins with a foreword by a top scholar and a detailed introductory essay by the editor that provides an illuminating historical overview of weapons. It then offers entries on more than 650 individual weapons systems. Each entry has sources for further reading. The weapons are presented alphabetically within six time periods ranging from the prehistoric and ancient periods to the contemporary period. Each period has its own introduction that treats the major trends occurring in that era. In addition, 50 sidebars offer fascinating facts on various weapons. Numerous illustrations

throughout the text are also included **Firearms** Roger Pauly, 2008-04-28 With graphic prints photographs a timeline and a glossary this engaging and insightful technography sheds light on one of the most important inventions in the history of the human race *Sniper* Martin Pegler, 2011-08-20 Following the success of *Out of Nowhere A History of the Military Sniper* sniper expert Martin Pegler gives us an in depth study of the emergence of American rifleman sharpshooter and sniper Pegler examines the evolution of the rifle in America from the earliest firearms of the 15th century to the highly accurate sniping rifles of the 21st century He also analyses the technological development of the rifle sighting systems and ammunition and uses contemporary accounts to describe how the use of the rifle during the Revolutionary War Civil War and the conflicts of the 20th and 21st centuries have impacted on US military history This detailed account concludes with a study of the American sniper in modern warfare including Afghanistan and the ongoing conflict in Iraq providing an overview of the march of weapons technology as well as an unusual insight into the lives and the motives of the men who used them

Enjoying the Song of Term: An Emotional Symphony within **Rifles Of Colonial America**

In a global eaten by monitors and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony created by the published term usually fade into the back ground, eclipsed by the relentless sound and disruptions that permeate our lives. However, set within the pages of **Rifles Of Colonial America** a stunning literary value overflowing with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this interesting masterpiece conducts readers on an emotional trip, well unraveling the concealed melodies and profound affect resonating within each carefully constructed phrase. Within the depths with this emotional review, we shall explore the book is key harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
