of the Pacific by the lofty summits of the Cascade Mountains which form its western rim and for many miles the great river crowds the barrier winding breaking in rapids seeking a way through To one approaching this rim from the dense forests of the westward slopes the sage grown levels seem to stretch limitless into the far horizon but they are broken by hidden coulees in propitious seasons reclaimed areas have yielded phenomenal crops of wheat and under irrigation the valley of one of the two tributaries from the west wherein lies Hesperides Vale has become a garden spot of the world To the initiated I wish to say if in the chapters touching on the Alaska coal cases I have followed too literally the statements of prominent men it was not in an effort to portray them but merely to represent as clearly as possible the Alaska situation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
