with the game as teenagers and some credit it as the workshop where their nascent imaginations were fostered Gygax's involvement in the industry lasted long after his dramatic and involuntary departure from D & D's parent company TSR and his footprint can be seen in the genre he is largely responsible for creating But as Witwer shows perhaps the most compelling facet of his life and work was his unwavering commitment to the power of creativity in the face of myriad sources of adversity whether cultural economic or personal Through his creation of the role playing genre Gygax gave two generations of gamers the tools to invent characters and entire worlds in their minds Told in narrative driven and dramatic fashion Witwer has written an engaging chronicle of the life and legacy of this emperor of the imagination
