Ripple Ringed Pool Parts:

Vladimir Nabokov David Rampton, 1993-07-13 Vladimir Nabokov considers the novelist's aesthetic precepts and practice and the distinctive character of his work and the book also gives consideration of his fiction in the larger context of the modernist and postmodernist enterprise It analyses the importance of the novels challenges to all sorts of aesthetic and moral presumptions including some of Nabokov's own Readers are thus encouraged to draw their own conclusions about the issues raised in Nabokov's work *Narrative and Consciousness* Gary D. Fireman, Ted E. McVay, Owen J.

Flanagan, 2003-06-12 We define our conscious experience by constructing narratives about ourselves and the people with whom we interact Narrative pervades our lives conscious experience is not merely linked to the number and variety of personal stories we construct with each other within a cultural frame but is subsumed by them The claim however that narrative constructions are essential to conscious experience is not useful or informative unless we can also begin to provide a distinct organized and empirically consistent explanation for narrative in relation to consciousness Understanding the role of narrative in determining individual and collective consciousness has been elusive from within traditional academic frameworks This volume argues that addressing so broad and complex a problem requires an examination from outside our insular disciplinary framework Such an open examination would be informed by the inquiries and approaches of multiple disciplines Recognition of the different approaches to examining personal stories will allow for the coordination of how narrative seems its phenomenology with what mental labor it does its psychology and how it is realized its neurobiology Only by overcoming the boundaries erected by multiple theoretical and discursive traditions can we begin to comprehend the nature and function of narrative in consciousness Narrative and Consciousness brings together essays by exceptional scholars and scientists in the disciplines of literary theory psychology and neuroscience to examine how stories are constructed how stories structure lived experience and how stories are rooted in material reality the human body The specific topics addressed include narrative in the development of conscious awareness autobiographical narrative fiction and the construction of self trauma and narrative disruptions narrative memory and identity and the physiological and neural substrate of narrative It is the editors hope that the multidisciplinary nature of this collection will challenge the reader to move beyond disciplinary confines and toward a coherent interdisciplinary dialogue *The Annotated Lolita* Vladimir

Nabokov, 1991-04-23 Nabokov's wise ironic and elegant masterpiece A controversial love story almost shocking in its beauty and tenderness This annotated edition assiduously illuminates the extravagant wordplay and the frequent literary allusions parodies and cross references Edited with a preface introduction and notes by Alfred Appel Jr Fascinatingly detailed Edmund Morris The New York Times Book Review When it was published in 1955 Lolita immediately became a cause célèbre because of the freedom and sophistication with which it handled the unusual erotic predilections of its protagonist Awe and exhilaration along with heartbreak and mordant wit abound in this account of the aging Humbert Humbert's obsessive

devouring and doomed passion for the nymphet Dolores Haze Lolita is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America but most of all it is a meditation on love love as outrage and hallucination madness and transformation

Nabokov, Perversely Eric Naiman, 2011-01-15 In an original and provocative reading of Vladimir Nabokov's work and the pleasures and perils to which its readers are subjected Eric Naiman explores the significance and consequences of Nabokov's insistence on bringing the issue of art's essential perversity to the fore Nabokov's fiction is notorious for the interpretive panic it occasions in its readers the sense that no matter how hard he or she tries the reader has not gotten Nabokov right At the same time the fictions abound with characters who might be labeled perverts and questions of sexuality lurk everywhere Naiman argues that the sexual and the interpretive are so bound together in Nabokov's stories and novels that the reader confronts the fear that there is no stable line between good reading and overreading and that reading Nabokov well is beset by the exhilaration and performance anxiety more frequently associated with questions of sexuality than of literature Nabokov's fictions pervert their readers obligingly training them to twist and turn the text in order to puzzle out its meanings so that they become not better people but closer readers assuming all the impudence and potential for shame that sexually oriented close looking entails In Nabokov Perversely Naiman traces the connections between sex and interpretation in Lolita which he reads as a perverse work of Shakespeare scholarship Pnin Bend Sinister and Ada He examines the roots of perverse reading in The Defense and charts the enhanced attention to the connection between sex and metafiction in works translated from the Russian He also takes on books by other authors such as Reading Lolita in Tehran that misguidedly incorporate Nabokov's writing within frameworks of moral usefulness In a final extraordinary chapter Naiman reads Dostoevsky's The Double with Nabokov trained eyes making clear the power a strong writer can exert on readers

Living to Tell about it James Phelan, 2005 Phelan's compelling readings cover important theoretical ground by introducing a valuable distinction between disclosure functions and narrator functions

Lolita Vladimir Nabokov, 2010-08-24 The most famous and controversial novel from one of the greatest writers of the twentieth century tells the story of Humbert Humbert's obsessive devouring and doomed passion for the nymphet Dolores Haze The conjunction of a sense of humor with a sense of horror results in satire of a very special kind The New Yorker One of The Atlantic's Great American Novels of the Past 100 Years Awe and exhilaration along with heartbreak and mordant wit abound in Lolita which tells the story of the aging Humbert Humbert's obsession for the nymphet Dolores Haze Lolita is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America Most of all it is a meditation on love love as outrage and hallucination madness and transformation

Fiction Lisa Zunshine, 2006 *Why We Read Fiction* offers a lucid overview of the most exciting area of research in contemporary cognitive psychology known as Theory of Mind and discusses its implications for literary studies. It covers a broad range of fictional narratives from Richardson's *Clarissa*, Dostoyevski's *Crime and Punishment* and Austen's *Pride and Prejudice* to Woolf's *Mrs Dalloway*, Nabokov's *Lolita* and Hammett's *The Maltese Falcon*. Zunshine's surprising new interpretations of well-known literary texts and popular cultural representations constantly prod her readers to rethink their own interest in fictional narrative. Written for a general audience, this study provides a jargon-free introduction to the rapidly growing interdisciplinary field known as cognitive approaches to literature and culture. **Amerikastudien**, 1974

Glossary of Geology Klaus K. E. Neuendorf, American Geological Institute, 2005. The fifth edition of the *Glossary of Geology* contains nearly 40,000 entries, including 3,600 new terms and nearly 13,000 entries with revised definitions from the previous edition. In addition to definitions, many entries include background information and aids to syllabification. The *Glossary* draws its authority from the expertise of more than 100 geoscientists in many specialties who reviewed definitions and added new terms. *Field and Stream*, 1943. *Lolita* Christine Raguette-Bouvard, 1996. Cette analyse en s'appuyant tant sur la critique française existante que sur l'examen des documents disponibles aux Archives Nabokov de Montreux cherche à mettre en valeur la dimension mythique que le roman a acquise dans la production nabokovienne. L'anthologie de 26 documents qui la prolonge donne la mesure de l'accueil et de la variété des lectures que cette œuvre riche a suscitées. Boulevard, 1999. **Five Novels** Vladimir Vladimirovich Nabokov, 1979.
