Rise And Fall Of A Regency:

The Rise and Fall of a Regency Dandy T. A. J. Burnett, 1981-01-01 *Consumption and the World of Goods* John Brewer, Roy Porter, 2013-06-17 The study of past society in terms of what it consumes rather than what it produces is relatively speaking a new development The focus on consumption changes the whole emphasis and structure of historical enquiry While human beings usually work within a single trade or industry as producers as say farmers or industrial workers as consumers they are active in many different markets or networks And while history written from a production viewpoint has by chance or design largely been centred on the work of men consumption history helps to restore women to the mainstream The history of consumption demands a wide range of skills It calls upon the methods and techniques of many other disciplines including archaeology sociology social and economic history anthropology and art criticism But it is not simply a melting pot of techniques and skills brought to bear on a past epoch Its objectives amount to a new description of a past culture in its totality as perceived through its patterns of consumption in goods and services *Consumption and the World of Goods* is the first of three volumes to examine history from this perspective and is a unique collaboration between twenty six leading subject specialists from Europe and North America The outcome is a new interpretation of the seventeenth and eighteenth centuries one that shapes a new historical landscape based on the consumption of goods and services *The Romantic Ethic and the Spirit of Modern Consumerism* Colin Campbell, 2005 *The Romantic Ethic and the Spirit of Modern Consumerism* was first published by Basil Blackwell of Oxford in 1987 A paperback edition appeared two years later while in the following five years it was reprinted four times However although the intervening years have seen the appearance of Italian Portuguese Slovenian and Chinese editions no copies have been available in English since 1998 This Alcuin Academic edition has therefore been published in order to fill this gap and more specifically to meet the needs of those academics and students who have contacted me over the past six or seven years in search of an English language version of the book Naturally I have considered writing a revised edition which indeed some critics as well as a few friends have suggested is long overdue Amazon com *Manners, Morals and Class in England, 1774-1858* M. Morgan, 1994-03-15 This book analyses English social and occupational behavioural ideals from the courtesy book's demise in 1774 to the Medical Act's passage in 1858 Ideals from conduct and etiquette books mix gracefully with those displayed by professional groups particularly medical practitioners in an analysis that challenges conventional thinking about class and social change in early industrial England Dr Morgan's study will be essential reading for British historians as well as for all those interested in how individuals establish personal identity and infuse confidence into human relations in an impersonal urban society **Queer Style** Adam Geczy, Vicki Karaminas, 2013-08-29 *Queer Style* offers an insight into queer fashionability by addressing the role that clothing has played in historical and contemporary lifestyles From a fashion studies perspective it examines the function of subcultural dress within queer communities and the mannerisms and messages that are used as signifiers of identity Diverse

dress is examined including effeminate pansy masculine macho clone the lipstick and butch lesbian styles and the extreme styles of drag kings and drag queens Divided into three main sections on history subcultural identity and subcultural style Queer Style will be of particular interest to students of dress and fashion as well as those coming to subculture from sociology and cultural studies

Negotiating Masculinities and Modernity in the Maritime World, 1815–1940 Karen Downing, Johnathan Thayer, Joanne Begiato, 2022-01-16 This book explores ideas of masculinity in the maritime world in the nineteenth and the first half of the twentieth century During this time commerce politics and technology supported male privilege while simultaneously creating the polite consumerist and sedentary lifestyles that were perceived as damaging the minds and bodies of men This volume explores this paradox through the figure of the sailor a working class man whose representation fulfilled numerous political and social ends in this period It begins with the enduring image of romantic heroic veterans of the Napoleonic wars takes the reader through the challenges to masculinities created by encounters with other races and ethnicities and with technological change shifting geopolitical and cultural contexts and ends with the fragile portrayal of masculinity in the imagined Nelson In doing so this edited collection shows that maritime masculinities ideals representations and the seamen themselves were highly visible and volatile sites for negotiating the tensions of masculinities with civilisation race technology patriotism citizenship and respectability during the long nineteenth century

Byron in Geneva David Ellis, 2011-05-16 In 1816 following the scandalous collapse of his marriage Lord Byron left England forever His first destination was the Villa Diodati by Lake Geneva where he stayed together with Percy Bysshe Shelley Mary Godwin Claire Clairmont and John Polidori Byron in Geneva focuses sharply on the poet's life in the summer of that year a famous time for meteorologists for whom 1816 is the year without a summer but also that crucial moment in the development of his writing when urged on by Shelley Byron tried to transform himself into a Romantic poet of the Wordsworthian variety The book gives a vivid impression of what Byron thought and felt in these few months after the breakdown of his marriage but also explores the different aspects of his nature that emerge in contact with a remarkable cast of supporting characters which also included Madame de Staël who presided over a famous salon in Coppet across the lake from Geneva and Matthew Lewis author of the splendidly erotic Gothic best seller *The Monk* David Ellis sets out to challenge recent damning studies of Byron and through his meticulous exploration of the private and public life of the poet at this pivotal moment he reasserts the value of Byron's wit warm heartedness and hatred of cant

The Cruise Ship Phenomenon in North America Brian J. Cudahy, 2001 Cudahy an independent scholar with a PhD in philosophy and a passion for transportation looks at the early days of the cruise ship industry and discusses contemporary cruise ship design cruise markets and the evolution of the burgeoning recreation oriented business Coverage also includes the challenges of managing cruise lines and regulations governing the industry A detailed appendix presents an instant history of the major cruise line ships including notes on specifications builders registry and passenger capacity Annotation copyrighted by Book News Inc Portland OR The

Musical World ,1882 **Social Status and Power in Java** Leslie H. Palmier,2021-06-23 This book is a closely observed anthropological study of life in two small Javanese towns and at the same time it attempts a general analysis on sociological lines of some key characteristics of contemporary Javanese society In particular the author s examination of the manner in which a pre existing authoritarian system is being adapted to republican institutions grounded in democratic ideas helps us to understand many of Indonesia s present day social and political problems The British Library General Catalogue of Printed Books 1976 to 1982 British Library,1983 **Book Review Digest** ,1982 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **A Summary of Universal History; in Nine Volumes. Exhibiting the Rise, Decline, and Revolutions of the Different Nations of the World, from the Creation to the Present Time. Translated from the French of M. Anquetil, ...** Louis-Pierre Anquetil,1800 The Times Literary Supplement Index ,1981 The Atlantic ,1982 **Syllabus of Continental European History from the Fall of Rome to 1870** Oliver Huntington Richardson,Guy Stanton Ford,Edward Lewis Durfee,1904 *Rethinking Power Relations in Indonesia* Michaela Haug,Martin Rössler,Anna-Teresa Grumblies,2016-07-15 Since colonial rule the island of Java served as Indonesia s imagined centre and prime example of development while the Outer Islands were constructed as the state s marginalised periphery Recent processes of democratisation and regional autonomy however have significantly changed the power relations that once produced the marginality of the Outer Islands This book explores processes of political economic and cultural transformations in Indonesia emphasizing their implications for centre periphery relations from the perspective of the archipelago s margins Structured along three central themes the book first provides theoretical contributions to the understanding of marginality in Indonesia The second part focuses on political transformation processes and their implications for the Outer Islands The third section investigates the dynamics caused by economic changes on Indonesia s periphery Chapters writtten by experts in the field offer examples from various regions which demonstrate how power relations between centre and periphery are getting challenged contested and reshaped The book fills a gap in the literature by analysing the implications of the recent transformation processes for the construction of marginality on Indonesia s Outer Islands *An Official Guide to Eastern Asia* Japan. Tetsudōin,1914 **An Official Guide to Eastern Asia: North-eastern Japan** Japan. Tetsudōin,1914 *An Official Guide to Eastern Asia: North-eastern Japan* Japan. Teikoku Tetsudōchō,1914
