**The Rise of the Public in Enlightenment Europe** James Van Horn Melton, 2001-09-06 James Melton examines the rise of the public in 18th century Europe A work of comparative synthesis focusing on England France and the German speaking territories this a reassessment of what Habermas termed the bourgeois public sphere

**The Enlightenment** Dorinda Outram, 2005-09-08 Debate over the meaning of Enlightenment began in the eighteenth century and has continued unabated until our own times This period saw the opening of arguments on the nature of man truth on the place of God and the international circulation of ideas people and gold Did the Enlightenment mean the same for men and women for rich and poor for Europeans and non Europeans In the second edition of her book Dorinda Outram addresses these and other questions about the Enlightenment She studies it as a global phenomenon setting the period against broader social changes This new edition offers a fresh introduction a new chapter on slavery and new material on the Enlightenment as a global phenomenon The bibliography and short biographies have been extended This accessible synthesis of scholarship will prove invaluable reading to students of eighteenth century history philosophy and the history of ideas

**Fear, Exclusion and Revolution** Jason McElligott, 2006 Between the years 1677 and 1691 the puritan minister Roger Morrice compiled an astonishingly detailed record of the day to day public affairs in Britain His Entering Book provides a unique record of late seventeenth century political and religious history

The Collapse of Mechanism and the Rise of Sensibility Stephen Gaukroger, 2010-11-25 How did we come to have a scientific culture one in which cognitive values are shaped around scientific ones Stephen Gaukroger presents a rich and fascinating investigation of the development of intellectual culture in early modern Europe a period in which understandings of the natural realm began to fragment

**The Idea of Europe and the Origins of the American Revolution** D. H. Robinson, 2020-09-02 In The Idea of Europe and the Origins of the American Revolution Dan Robinson presents a new history of politics in colonial America and the imperial crisis tracing how ideas of Europe and Europeanness shaped British American political culture Reconstructing colonial debates about the European states system European civilisation and Britain's position within both Robinson shows how these concerns informed colonial attitudes towards American identity and America's place inside and ultimately outside the emerging British Empire Taking in more than two centuries of Atlantic history he explores the way in which colonists inherited and adapted Anglo British traditions of thinking about international politics how they navigated imperial politics during the European wars of 1740 1763 and how the burgeoning patriot movement negotiated the dual crisis of Europe and Empire in the between 1763 and 1775 In the process Robinson sheds new light on the development of public politics in colonial America the Anglicisation Americanisation debate the political economy of empire early American art and poetry eighteenth century geopolitical thinking and the relationship between international affairs nationalism and revolution What emerges from this story is an American Revolution that seems both decidedly arcane and strikingly relevant to the political challenges of the

twenty first century      **The Rise of Western Power** Jonathan Daly,2021-01-14 In this second edition of The Rise of Western Power Jonathan Daly retains the broad sweep of his introduction to the history of Western civilization as well as introducing new material into every chapter enhancing the book s global coverage and engaging with the latest historical debates The West s history is one of extraordinary success no other region empire culture or civilization has left so powerful a mark upon the world Daly charts the West s achievements representative government the free enterprise system modern science and the rule of law as well as its misdeeds two World Wars the Holocaust imperialistic domination and the Atlantic slave trade Taking us through a series of revolutions he explores the contributions of other cultures and civilizations to the West s emergence weaving in historical geographical and cultural factors The new edition also contains more material on themes such as the environment and gender and additional coverage of India China and the Islamic world Daly s engaging narrative is accompanied by timelines maps and further reading suggestions along with a companion website featuring study questions over 100 primary sources and 60 historical maps to enable further study      Patriotism and Public Spirit Ian Crowe,2012-08-22 Patriotism and Public Spirit is an innovative study of the formative influences shaping the early writings of the Irish English statesman Edmund Burke and an early case study of the relationship between the business of bookselling and the politics of criticism and persuasion Through a radical reassessment of the impact of Burke s Irishness and of his relationship with the London based publisher Robert Dodsley the book argues that Burke saw Patriotism as the best way to combine public spirit with the reinforcement of civil order and to combat the use of coded partisan thinking to achieve the dominance of one section of the population over another No other study has drawn so extensively on the literary and commercial network through which Burke s first writings were published to help explain them By linking contemporary reinterpretations of the work of Patriot sympathizers and writers such as Alexander Pope and Lord Bolingbroke with generally neglected trends in religious and literary criticism in the Republic of Letters this book provides new ways of understanding Burke s early publications The results call into question fundamental assumptions about the course of Enlightenment thought and challenge currently dominant post colonialist and Irish nationalist interpretations of the early Burke      The Wanton Jesuit and the Wayward Saint Mita Choudhury,2015-12-30 This microhistory investigates the famous and scandalous 1731 trial in which Catherine Cadi re a young woman in the south of France accused her Jesuit confessor Jean Baptiste Girard of seduction heresy abortion and bewitchment Generally considered to be the last witchcraft trial in early modern France the Cadi re affair was central to the volatile politics of 1730s France a time when magistrates and lawyers were seeking to contain clerical power Mita Choudhury s examination of the trial sheds light on two important phenomena with broad historical implications the questioning of traditional authority and the growing disquiet about the role of the sacred and divine in French society Both contributed to the French people s ever increasing disenchantment with the church and the king Choudhury builds her story through an extensive examination of archival material including trial records

pamphlets periodicals and unpublished correspondence from witnesses The Wanton Jesuit and the Wayward Saint offers new insights into how the eighteenth century public interpreted the accusations and why the case consumed the public for years developing from a local sex scandal to a referendum on religious authority and its place in French society and politics

**The Oxford Handbook of Early Modern European History, 1350-1750** Hamish Scott, 2015-07-23 This Handbook re-examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam

*The World's First Full Press Freedom* Ulrik Langen, Frederik Stjernfelt, 2022-05-09 The book charts an extraordinary period in Danish history the Press Freedom Period of 1770 73 in which King Christian 7's physician J F Struensee introduced a series of radical enlightenment reforms beginning with the total abolishment of censorship The book investigates the sudden avalanche of pamphlets and debates initiating the modern public sphere of Denmark Norway Publications show a surprising variety from serious political economic and philosophical treatises over criticism polemics ridicule entertainment and to spin campaigns obscenities libel threats A successful coup against Struensee led to his subsequent public execution in Copenhagen and the latter half of the period saw the gradual smothering of the new public sphere as well as an international pamphlet storm over what was happening in Denmark Readers all over Europe proved curious to learn about the radical experiment with enlightened absolutism in Denmark interest was heightened by the involvement of the Danish Queen the English princess Caroline Matilda to whom Struensee had an intimate relation The book is a detailed portrayal of a seminal event in the development of the public sphere in Europe

Columbia Rising John L. Brooke, 2013-08-01 In *Columbia Rising* Bancroft Prize winning historian John L Brooke explores the struggle within the young American nation over the extension of social and political rights after the Revolution By closely examining the formation and interplay of political structures and civil institutions in the upper Hudson Valley Brooke traces the debates over who should fall within and outside of the legally protected category of citizen The story of Martin Van Buren threads the narrative since his views profoundly influenced American understandings of consent and civil society and led to the birth of the American

party system Brooke's analysis of the revolutionary settlement as a dynamic and unstable compromise over the balance of power offers a window onto a local struggle that mirrored the nationwide effort to define American citizenship

A History of the European Restorations Michael Broers, Ambrogio A. Caiani, Stephen Bann, 2019-11-14 The second volume shines a light on the cultural and social changes that took place during the epoch of European Restorations when the death of the Napoleonic empire existed as a crucial moment for contemporaries Expanding the transnational approach of Volume I the chapters focus on the transmutation of ordinary experiences of war into folklore and popular culture the emergence of grassroots radical politics and conspiracies on the Left and Right and the relationship between literacy and religion with new cases included from Spain Norway and Russia A wide ranging and impressive work this book completes a collection on the history of the European Restorations

Public Opinion in Early Modern Scotland, c.1560-1707 Karin Bowie, 2020-12-17 In early modern Scotland religious and constitutional tensions created by Protestant reform and regal union stimulated the expression and regulation of opinion at large Karin Bowie explores the rising prominence and changing dynamics of Scottish opinion politics in this tumultuous period Assessing protestations petitions oaths and oral and written modes of public communication she addresses major debates on the fitness of the Habermasian model of the public sphere This study provides a historicised understanding of early modern public opinion investigating how the crown and its opponents sought to shape opinion at large the forms and language in which collective opinions were represented and the difference this made to political outcomes Focusing on modes of persuasive communication it reveals the reworking of traditional vehicles into powerful tools for public resistance allowing contemporaries to recognise collective opinion outside authorised assemblies and encouraging state efforts to control seemingly dangerous opinions

*Public Opinion and Twentieth-Century Diplomacy* Daniel Hucker, 2020-02-20 Public Opinion and 20th Century Diplomacy explores both the influence of public opinion on diplomatic decision making in international history and its emergence as a legitimate field of study for international historians The book uses five case studies to examine the impact of public opinion on the high politics of diplomacy Incorporating a variety of methodological approaches the book looks at British policy at the Paris Peace Conference French policy in the era of 1930s appeasement Policy choices of the US during the Vietnam War Global responses to apartheid era South Africa Public attitudes across the EU regarding European integration This book demonstrates the vibrancy of public opinion research to date and the possibilities for future lines of study

Voluntary Associations in Tsarist Russia Joseph Bradley, 2009-10-30 On the eve of World War I Russia not known as a nation of joiners had thousands of voluntary associations Joseph Bradley examines the crucial role of voluntary associations in the development of civil society in Russia from the late eighteenth to the early twentieth century

**Enlightened Religion** Joke Spaans, Jetze Touber, 2019-03-25 The history of the relation between religion and Enlightenment has been virtually rewritten In recent decades The idea of a fairly unidirectional rise of paganism or secularisation has been replaced by a much more variegated panorama of interlocking

changes not least in the nature of both religion and rationalism This volume explores developments in various cultural fields from lexicology to geographical exploration and from philosophy and history to theology media and the arts involved in the transformation of worldviews in the decades around 1700 The main focus is on the Dutch Republic where discussion culture was more inclusive than in most other countries and where people from very different walks of life joined the conversation Contributors include Wiep van Bunge Frank Daudeij Martin Gierl Albert Gootjes Trudelien van t Hof Jonathan Israel Henri Krop Fred van Lieburg Jaap Nieuwstraten Joke Spaans Jetze Toubert and Arthur Weststeijn

**Popular science and public opinion in eighteenth-century France** Michael Lynn, 2018-02-28 In this book Michael R Lynn analyses the popularisation of science in Enlightenment France He examines the content of popular science the methods of dissemination the status of the popularisers and the audience and the settings for dissemination and appropriation Lynn introduces individuals like Jean Antoine Nollet who made a career out of applying electric shocks to people and Perrin who used his talented dog to lure customers to his physics show He also examines scientifically oriented clubs like Jean Fran ois Pil tre de Rozier s Mus e de Monsieur which provided locations for people interested in science Phenomena such as divining rods used to find water and ores as well as to solve crimes and balloons the most spectacular of all types of popular science demonstrate how people made use of their new knowledge Lynn s study provides a clearer understanding of the role played by science in the Republic of Letters and the participation of the general population in the formation of public opinion on scientific matters

**Music Theatre and the Holy Roman Empire** Austin Glatthorn, 2022-07-07 Reveals how the Holy Roman Empire s cultural networks c 1800 underpinned the transnational spread of music for the German language stage

*State Communication and Public Politics in the Dutch Golden Age* Arthur der Weduwen, 2023-03-02 Selling the Republican Ideal details for the first time the political communication practices of the national regional and municipal authorities in the Dutch Republic It is a ground breaking study of how the early modern state sought to inform its citizens publicise its laws and engage publicly in quarrels with its political opponents

Freedom of speech, 1500-1850 Robert G. Ingram, Jason Peacey, Alex W. Barber, 2020-04-27 This collection brings together historians political theorists and literary scholars to provide historical perspectives on the modern debate over freedom of speech particularly the question of whether limitations might be necessary given religious pluralism and concerns about hate speech It integrates religion into the history of free speech and rethinks what is sometimes regarded as a coherent tradition of more or less absolutist justifications for free expression Contributors examine the aims and effectiveness of government policies the sometimes contingent ways in which freedom of speech became a reality and a wide range of canonical and non canonical texts in which contemporaries outlined their ideas and ideals Overall the book argues that while the period from 1500 to 1850 witnessed considerable change in terms of both ideas and practices these were more or less distinct from those that characterise modern debates
