A Celebration

Richard Webber

Rising Damp A Celebration

Anthony St. Clair

Rising Damp A Celebration:

Eric Chappell's Rising Damp Richard Webber, 2001 Rising Damp has proved compelling viewing for over a quarter of a century and provided some of the most memorable characters in sitcom history This guide explores the history of the show right from its first inception as a play called the The Banana Box and includes a full episode guide **Remembering Ronnie Barker** Richard Webber, 2010-10-07 Ronnie Barker was one of our most respected and best loved comedy actors and here in this fascinating biography Richard Webber delves deep in to the heart of Barker s life and career peppering his narrative with original and incisive memories from some of Barker s closest contemporaries including Ronnie Corbett Michael Palin and Barry Cryer Star of the much adored comedy classics Porridge The Two Ronnies one of the most successful and long running television comedy shows ever on British television and Open All Hours Ronnie Barker was universally admired by the public and industry insiders alike From his early days writing for and performing skits on The Frost Report right up to his retirement in 1988 he lit up television screens across the country with his wonderful gift for comedy and his remarkable skill for character acting Beyond his performances on the stage and screen Barker was also an accomplished comedy writer providing many of the sketches and songs for The Two Ronnies and contributing material to a number of other television and radio shows And despite his retirement he retained pole position in the public s affection returning to the screen in 1999 to team up with his erstwhile comedy partner and great friend Ronnie Corbett for a Two Ronnies night on BBC1 followed by a BAFTA tribute in 2004 and a final appearance on television in 2005 on The Two Ronnies Christmas Sketchbook Effortlessly funny universally adored and an actor and writer responsible for some of Britain s best loved and most respected comedy Ronnie Barker was a true comedy legend Here he s brought to the page in winning style as he s remembered by those who best loved and knew him **The British Sitcom Spinoff Film** Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Krupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre s characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre s revival since the late 1990s reveals a more parodic final

stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality

How To Be A Sitcom Writer Marc Blake, 2023-02-15 Everyone loves and hates sitcom On TV it's the goldmine genre the one watched by millions There's a special place in our hearts for Fawlty Frasier Blackadder and Brent An absurd predicament witty banter a group of hilariously dysfunctional people it all seems so easy But is it If you've ever said I can do better than that then this is the book for you How to be a Sitcom Writer will encourage test and pull you through the comedy boot camp that is writing narrative led character comedy for radio TV

The Party is Always Right Aidan Beatty, 2024-09-20 A very readable and meticulous take down that will be seen as a must read source on left wing politics from the 1930s to the twenty first century Paul Le Blanc author of *Lenin* Aidan Beatty skilfully brings us into this sexist ultra hierarchical world highlighting the courageous actions of predominantly female members who exposed decades of sexual assault committed by Healy Camilla Fitzsimons author of *Repealed Love* it or hate it it's hard to deny that British Trotskyism created some fascinating stories Finding themselves increasingly irrelevant in modern politics these political sects often became twisted aberrations of Comrade Trotsky's ideals Gerry Healy's Workers Revolutionary Party was no exception This new biography tells the story of Healy's life picking apart fact from fiction to reveal a man rotten to the core with authoritarian tendencies Saturating the party with his personality Healy took advantage of his comrades trust and revolutionary zeal eventually forcing a split in 1985 This is a tragic story in the history of Communism wracked with accounts of abuse collaboration with the state and vicious infighting It also reveals the dangers of male dominated political movements secular cults and celebrity culture and is an important reminder of what can happen when a working class movement is betrayed from within Aidan Beatty is an award winning historian and lecturer at Carnegie Mellon University Pittsburgh Pennsylvania He is the author of *Private Property and the Fear of Social Chaos* and *Masculinity and Power in Irish Nationalism* which was awarded the James S Donnelly Sr Prize He has written for *Jacobin* the *Irish Times* and the *Washington Post*

The Conservative Party from Peel to Major Robert Blake, 2012-02-02 There was no more appropriate person to write this book Robert Blake was the doyen of Tory historians being most famous for his unsurpassed biography of Disraeli to be reissued in Faber Finds His history of the Conservative Party was first published in 1970 It then went as far as Churchill A subsequent edition took it up to Thatcher and the final edition the one being reissued by Faber Finds to Major For the span it covers it remains the definitive one volume history His consummate insight into the whole of the political scene and his power to communicate the enjoyment of it makes this exciting reading for anyone remotely interested in British political and social history or even in the English character *Sunday Times* This book is full of insights and enriched throughout by sparkling commentary *Evening Standard* An up to date history of the Party was wanted Mr Blake supplies it

with lucidity scholarship and serene worldliness Guardian *Writing Sitcoms* , *Why Is There No Labor Party in the United States?* Robin Archer,2010-09-20 Why is the United States the only advanced capitalist country with no labor party This question is one of the great enduring puzzles of American political development and it lies at the heart of a fundamental debate about the nature of American society Tackling this debate head on Robin Archer puts forward a new explanation for why there is no American labor party an explanation that suggests that much of the conventional wisdom about American exceptionalism is untenable Conventional explanations rely on comparison with Europe Archer challenges these explanations by comparing the United States with its most similar New World counterpart Australia This comparison is particularly revealing not only because the United States and Australia share many fundamental historical political and social characteristics but also because Australian unions established a labor party in the late nineteenth century just when American unions against a common backdrop of industrial defeat and depression came closest to doing something similar Archer examines each of the factors that could help explain the American outcome and his systematic comparison yields unexpected conclusions He argues that prosperity democracy liberalism and racial hostility often promoted the very changes they are said to have obstructed And he shows that it was not these characteristics that left the United States without a labor party but rather the powerful impact of repression religion and political sectarianism *A State of Play* Steven Fielding,2014-04-24 *A State of Play* explores how the British have imagined their politics from the parliament worship of Anthony Trollope to the cynicism of *The Thick of It* In an account that mixes historical with political analysis Steven Fielding argues that fictional depictions of politics have played an important but insidious part in shaping how the British think about their democracy and have helped ventilate their many frustrations with Westminster He shows that dramas and fictions have also performed a significant role in the battle of ideas in a way undreamt of by those who draft party manifestos The book examines the work of overtly political writers have treated the subject discussing the novels of H G Wells the comedy series *Yes Minister* and the plays of David Hare However it also assesses how less obvious sources such as the films of George Formby the novels of Agatha Christie the *Just William* stories and situation comedies like *Steptoe and Son* have reflected on representative democracy *A State of Play* is an invaluable distinctive and engaging guide to a new way of thinking about Britain s political past and present *The Times Register of Events in ...* ,1879 **Claiming the City** Shelton Stromquist,2023-02-14 Winner of the International Labor History Association ILHA 2023 Book of the Year Award for labor history For more than a century municipal socialism has fired the imaginations of workers fighting to make cities livable and democratic At every turn propertied elites challenged their right to govern Prominent US labor historian Shelton Stromquist offers the first global account of the origins of this new trans local socialist politics He explains how and why cities after 1890 became crucibles for municipal socialism Drawing on the colorful stories of local activists and their social democratic movements in cities as diverse as Broken Hill Christchurch Malm Bradford Stuttgart Vienna and Hamilton OH the book

shows how this new urban politics arose Long governed by propertied elites cities in the nineteenth century were transformed by mass migration and industrialization that tore apart their physical and social fabric Amidst massive strikes and faced with epidemic disease fouled streets unsafe water decrepit housing and with little economic security and few public amenities urban workers invented a local politics that promised to democratize cities they might themselves govern and reclaim the wealth they created This new politics challenged the class power of urban elites as well as the centralizing tendencies of national social democratic movements Municipal socialist ideas have continued to inspire activists in their fight for the right of cities to govern themselves Mrs Thatcher's First Administration Jock Bruce-Gardyne,1984-09-20

RISE TO MEET OUR TRANSFORMATION William E Leahy,2014 Rising To Meet Our Transformation began as a few thoughts that mushroomed into many ideas that were in my poetic brain flow for quite awhile Thus I began putting these thoughts into a wide array of poems on paper Some of these poetic ideas the reader may closely relate to yet other poetic words may still be more personal and private As I wrote I allowed the flow of words and ideas to make their impact then I changed and rearranged where the order and actual word composition required a better flow Transformation was the key ingredient of this book and in many instances it will be just that Nonetheless there are poetic thoughts that relate to a different type of change which may not be totally transforming but at the same time be identifiable My hope is that there will be a adequate array of poems that would spark the audience Transformation requires a radical change in our thinking which translates into our personal life and living Often we change to survive or become enamoured with a new idea that fills our void so we change while our surroundings remain somewhat intact Yet in real time our environment will recreate itself so we will eventually be transformed into a new age so let us begin Bill Leahy December 2013 *Building Maintenance* Ivor H. Seeley,1987-11-20 A comprehensive up to date and illustrated exposition of building maintenance in all its aspects to serve the needs of building surveyors and other professionals involved in this activity and building surveying and architectural students It shows the great importance of properly maintaining buildings and the advisability of providing adequate feedback to the design team All the main building defects are described and illustrated and the appropriate remedial measures examined Alterations and improvements to buildings and the specifying measurement pricing tendering and contractual procedures are all examined described and illustrated In addition the planning and financing execution and supervision of maintenance work receive full consideration **Women as Hamlet** Tony Howard,2007-02-22 A study of actresses playing the role of Hamlet on stage and screen **Mark E. Smith and The Fall: Art, Music and Politics** Mr Benjamin Halligan,Mr Michael Goddard,2013-01-28 This volume offers a comprehensive range of approaches to the work of Mark E Smith and his band The Fall in relation to music art and politics Mark E Smith remains one of the most divisive and idiosyncratic figures in popular music after a recording career with The Fall that spans thirty years Although The Fall were originally associated with the contemporaneous punk explosion from the beginning they pursued a highly original vision of

what was possible in the sphere of popular music While other punk bands burned out after a few years only to then reform decades later as their own cover bands The Fall continue to evolve while retaining a remarkable consistency even with the frequent line up changes that soon left Mark E Smith as the only permanent member of the group The key aspect of the group that this volume explores is the invariably creative unfailingly critical and often antagonistic relations that characterize both the internal dynamics of the group and the group's position in the pop cultural surroundings The Fall's ambiguous position in the unfolding histories of British popular music and therefore in the new heritage industries of popular culture in the UK from post punk to anti Thatcher politics to the Factory fiction of Manchester and on into Mark E Smith's current role as ageing enfant terrible of rock illustrates the uneasy relationship between the band their critical commentators and the historians of popular music This volume engages directly with this critical ambiguity With a diverse range of approaches to The Fall this volume opens up new possibilities for writing about contemporary music beyond traditional approaches grounded in the sociology of music Cultural Studies and music journalism an aim which is reflected in the variety of provocative critical approaches and writing styles that make up the volume

Concrete Materials Dr Maurice Levitt, 1997-09-25 The author condenses a lifetime of practical experience into this book that will provide a first point of reference whenever problems with materials occur on site Valuable for anyone working with concrete
