Broadhead, Justine Howard, Elizabeth Wood, 2010-03-25 Providing high quality play experiences is an essential part of good early years education but this can pose a challenge for practitioners who face pressure from a more didactic primary curriculum and from parents worried that their children will fail to acquire essential skills and knowledge By helping the reader to develop their understanding of the complex relationships between play and learning this book examines current theoretical perspectives on play alongside examples of recent and innovative play research from a range of disciplinary and methodological perspectives With contributions from leading play scholars it brings together theory research policy and practice in relation to play and learning in early years settings The emphasis is on the relationship between play and learning and play and pedagogy and the need to understand these dimensions more substantially in order to teach with confidence Included are chapters on the influence of play on thinking problem solving and creativity cooperative play and learning play risk and outdoor learning learning to play in cultural context There are chapter objectives reflective points reflective tasks and suggestions for further reading throughout to facilitate critical thinking and encourage independent study Suitable for early years practitioners early childhood students at undergraduate and postgraduate levels and all those who work with and

care for young children this is an exciting and thought provoking book *Taking the First Steps Outside* Helen Bilton, Gabriela Bento, Gisela Dias, 2016-11-10 Can one be too young to play outside This unique and compelling book charts the experiences of a group of under three year olds as they explore their natural outdoor environment followed by caring and attentive adults It deconstructs the myths that underestimate under threes and celebrates the importance of connecting children with the natural world and the influence of positive relationships in this early stage of life Taking the First Steps Outside draws on all aspects of working outdoors focusing on different steps of the project main achievements and obstacles implemented strategies and benefits for the development of young children Features include Stunning photographs of children exploring the outdoor environment who are interested thoughtful persistent and successful Detailed descriptions of real events illustrating how the outdoor space can be an educational context for under threes Insight into the role of the adult as they observe and reflect upon children s learning Advice on choosing the right resources and facilities to create a good outdoor learning environment for the young child Advice about risky play and promoting challenging and positive opportunities in the natural environment Guidance on how to set up an outdoor project for children under three Written to support all students teachers practitioners and managers working with under threes this essential guide will help you to develop your knowledge build confidence and gain the ability to co explore outdoors with children Multidisciplinary Perspectives on Play from Birth and Beyond Sandra Lynch, Deborah Pike, Cynthia à Beckett, 2017-01-27 While firmly acknowledging the importance of play in early childhood this book interrogates the assumption that play is a birthright It pushes beyond traditional understandings of play to ask questions such as what is the relationship between play and the arts theatre music and philosophy and between play and wellbeing How is play relevant to educational practice in the rapidly changing circumstances of today s world What do Australian Aboriginal conceptions of play have to offer understandings of play The book examines how ideas of play evolve as children increasingly interact with popular culture and technology and how developing notions of play have changed our work spaces teaching practices curricula and learning environments as well as our understanding of relationships between children and adults This multidisciplinary volume on the subject of play combines the work of some of the world s leading researchers in the field of early childhood education with contributions from distinguished and emerging scholars in areas as diverse as education theatre studies architecture literature philosophy cultural studies theology and the creative arts Reconsidering the common focus on play in early education to investigate its broader impact this collection offers a refreshing and valuable addition to studies on play reconceptualizing it for the 21st century *Risky Play* Øyvind Kvalnes, Ellen Beate Hansen Sandseter, 2023-02-10 This open access book brings together current childhood research and contemporary ethical theory to draw attention to how children depend upon a scope of action for risky play for their mental and physical development In many countries the opportunities for children to play away from adults close attention have decreased At both school and home protection and avoidance of harm take increasing priority

This book draws a distinction between do good ethics and avoid harm ethics to highlight ethical tensions and dilemmas encountered by professionals who work with children and suggests better ways to balance these ethical dimensions in approaching risky play Further Perspectives on Researching Play from a Playwork Perspective Pete King, Shelly Newstead, 2020-10-08 Building on the success of the first volume of *Researching Play from a Playwork Perspective* this book further develops the crucial research of playwork as an emerging and unique discipline The first volume explored how an understanding of playwork theory and practice can inform research into children's play From the seven contributors four common themes to researching play from a playwork perspective were identified rights based process critical reflection and playfulness This second volume aims to explore these four factors from two angles The first considers how four more playworkers have researched play in four different contexts prison gender and toys in Dutch play provision and in the area of autism In the second part of the book the four pillars of playwork research are explored by academics from other disciplines with an interest in playwork research This will be of great interest to researchers and upper level students in the fields of playwork childcare early years education psychology and children's rights It will also appeal to practitioners in a wide variety of professional contexts including childcare and therapy *Design for Children in the Urban Space* Anita Erika Roth, 2003

Making Sense of Methods in the Classroom Anne Hill, 2006 Endless material is available to teachers and teacher educators on topics related to the techniques of teaching but very little connects the theories of education and the challenges of daily teaching practice in the classroom Educators are often wondering What are the basics of teaching and How do teachers transform the techniques of teaching and federal mandates into positive relationships children Here the author helps readers understand the connection between our perceptions and the potential for teachers and children to learn within a pedagogical relationship Anne Hill provides classroom stories insights offered by teachers and children and the discourses of philosophy literature and educational theory Teachers actions interactions and words are interpreted as expressions of professional and personal knowledge a knowledge that is formed through their daily relationships with children parents and curriculum For all teachers and teacher educators **Safe and Healthy School Environments** Howard Frumkin
