Risk To Riches Women And Entrepreneurship In America A Special Report:

Risk to Riches Edie Fraser, Institute for Enterprise Advancement (États-Unis), 1986 **Pioneering African-American Women in the Advertising Business** Judy Davis, 2016-12-08 Much has been written about the men and women who shaped the field of advertising some of whom became legends in the industry However the contributions of African American women to the advertising business have largely been omitted from these accounts Yet evidence reveals some trailblazing African American women who launched their careers during the 1960s Mad Men era and went on to achieve prominent careers This unique book chronicles the nature and significance of these women s accomplishments examines the opportunities and challenges they experienced and explores how they coped with the extensive inequities common in the advertising profession Using a biographical narrative approach this book examines the careers of these important African American women who not only achieved managerial positions in major mainstream advertising agencies but also established successful agencies bearing their own names Based on their words and memories this study reveals experiences which are intriguing triumphant bittersweet and sometimes tragic These women s stories comprise a vital part of the historical narrative on women and African Americans in advertising and will be instructive not only to scholars of advertising and marketing history but to future generations of advertising professionals **African-American Business Leaders and Entrepreneurs** Rachel Kranz, 2004 For as long as there have been blacks in the Americas there have been African American entrepreneurs *African American Librarians in the Far West* Binnie Tate Wilkin, 2006-05-25 Between 20 and 25 luminaries are profiled Each entry consists of a a short biography focusing on national accomplishments b at least one major paper speech or other professional item such as a workshop format and c an annotated bibliography **She's the Boss** Debra Michals, 2025-04-15 In the years after World War II as women were being pushed from wartime jobs for returning soldiers government and business leaders and women themselves saw small business ownership as a viable economic solution In just five years US women owned nearly a million of the nation s businesses In the decades since women have moved increasingly into business ownership often outpacing male start ups so that today they own more than fourteen million businesses 40 percent of all US companies She s the Boss chronicles the forces that made entrepreneurship attractive to women In rich detail Debra Michals shares the stories of the countless women of all races ethnicities genders and abilities who contributed to this important history The book also explores the intersection of women s personal choices within changing social political and economic factors such as the rising divorce rates of the 1960s and 1970s ongoing workplace and credit discrimination civil and women s rights activism and activist entrepreneurs the 1970s recession and 1980s Reagan Revolution and more recently the internet crowd funding and social entrepreneurship **A Deliberate Pause** Larry Robertson, 2009-10-01 A deliberate pause is a conscious moment in which we open our minds and ask why are things the way they are and wonder how could life be better Pausing to ask such questions is a natural and uniquely human inclination It s also the critical factor that sparks fresh ideas and is seized by

entrepreneurs to catalyze seismic changes ones that allow humanity to progress A Deliberate Pause the book reveals the power of a deliberate pause the action while unveiling unexpected truths about entrepreneurship itself Through example exploration and analysis of the innovative thoughts and achievements of more than 200 seasoned entrepreneurial leaders Larry Robertson shows how each of us can adopt a deliberate pause and an entrepreneurial mindset to better our lives our species and our world In the process he gives us the understanding of entrepreneurship we ve been missing and need now more than ever Risk to Riches ,1986 *Bibliographic Guide to Business and Economics* New York Public Library.

Research Libraries,1987 **Self-made Women** Diane Jennings,1987 Despite having emerged in the heyday of a dominant Europe of which Ancient Greece is the hallowed spiritual and intellectual ancestor anthropology has paradoxically shown relatively little interest in contemporary Greek culture In this innovative and ambitious book Michael Herzfeld moves Greek Ethnography from the margins to the centre of anthropological theory revealing the theoretical insights that can be gained by so doing He shows that the ideology that originally led to the creation of anthropology also played a large part in the growth of the modern Greek nation state and that Greek ethnography can therefore serve as a mirror for an ethnography of anthropology itself He further demonstrates the role that scholarly fields including anthropology have played in the construction of contemporary Greek culture and Greek identity **Gender Equity in Education** Beverly A. Stitt,1994

Recent studies show that either consciously or unconsciously teachers are not practicing gender equity in the classroom Boys are called on more in class than girls and are encouraged to pursue careers from which girls are excluded because they are thought to be less capable Serious questions arise for educators and counselors in this time of increasing awareness of the implications of gender bias such as what comprises a gender fair education and how can gender equity become part of the classroom curriculum Guidance counselors and teachers share an important responsibility in seeking answers to these questions in order to avoid limiting students potential because of gender To achieve this end Beverly A Stitt has compiled an annotated bibliography of hundreds of books articles videos classroom activities and curriculum and workshop guides to help provide the tools needed for educators to become more gender conscious and to develop a gender fair educational system The bibliography is divided into twenty three categories under the headings of Agriculture and Industry Business Career Guidance Communications Computers Discrimination Displaced Homemakers Reentry Women Elementary Education Family and Work Issues Gender Role Stereotyping History Home Economics In service Training Legislation Male Focus Math and Science Nontraditional Careers Pregnant and Parenting Teens Recruitment Special Needs Teaching Vocational Education and Women s Studies Each entry s annotation provides a short description of the content the age group to which the resource applies and ordering information The book concludes with an index in which entries are cross referenced under various categories to further aid the reader s research *New Books on Women and Feminism* ,1988 **Encyclopedia of**

American Women in Business [2 Volumes] Carol Krismann,2005 Entries discuss the lives and careers of businesswomen

and cite works for further reading This set also includes roughly 100 interspersed entries on topics central to American businesswomen including career planning childcare diversity education the finance industry flexible work arrangements golf and real estate from back cover

USA Today Index ,1990 The Wall Street Journal ,2009 Business Periodicals Index ,2006 **The Economist** ,2009 **Bulletin of the Atomic Scientists** ,1972-09 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world *The Guardian Index* ,2002 *Effective Small Business Management* Norman M. Scarborough,Thomas Zimmerer,2000 Covering small business management this work emphasizes entrepreneurship **Death Threats and Violence** Stephen J. Morewitz,2008-11-05 Until recent decades there was little emphasis on studying death threats as a social or psychological phenomenon However since the 1960s attacks on public officials and celebrities and the ubiquitous nature of homicidal threats in face to face relations have spawned research and new organizational responses to death threats and related behaviors such as stalking Publicized workplace related death threats and shootings such as the 21 separate incidents since 1986 in which U S Postal Service employees were shot and the death threats and attacks directed at schools and universities have helped to transform death threats from a private phenomenon into a social problem Political leaders have developed new policies organizational structures and laws in an attempt to prevent death threats and related violence Moreover in the aftermath of 9 11 the U S government and other governments around the world have formulated new policies and organizational structures to deal with the threat of terrorist attacks At the level of interpersonal relations the weakening of social control processes allows individuals to make homicidal threats against people and organizations in different settings This book will address such questions as Under what conditions are individuals able to evade social control by making death threats What factors trigger the response of social control mechanisms to death threat makers How effective are the institutional responses to death threats At the macrolevel this book assesses how governments and paramilitary and terrorist groups also employ death threats to achieve their desired social and political objectives
