## **Risk And Sociocultural Theory New Directions And Perspectives:**

**Risk and Sociocultural Theory** Deborah Lupton, 1999-12-09 This 1999 book presents a variety of exciting perspectives on the perception of risk and the strategies that people adopt to cope with it Using the framework of recent social and cultural theory it reflects the fact that risk has become integral to contemporary understandings of selfhood the body and social relations and is central to the work of writers such as Douglas Beck Giddens and the Foucauldian theorists The contributors are all leading scholars in the fields of sociology cultural and media studies and cultural anthropology Combining empirical analyses with metatheoretical critiques they tackle an unusually diverse range of topics including drug use risk in the workplace fear of crime and the media risk and pregnant embodiment the social construction of danger in childhood anxieties about national identity the governmental uses of risk and the relationship between risk phenomena and social order

**The Future of Hope** Miroslav Volf, William Henry Katerberg, 2004 Over the last three decades a major cultural shift has taken place in the attitudes of Western societies toward the future Modernity's eclipse by postmodernity is characterized in large part by the loss of hope for a future substantially better than the present Old optimism about human progress has given way to uncertainty and fear In this book scholars from various disciplines theology the social sciences and the humanities explore the move from a culture of optimism to a culture of ambiguity and they seek to infuse today's jaded language of hope with a new vitality The Future of Hope offers a powerful critique of today's stifling cultural climate and shows why the vision of hope central to Christian faith must be a basic component of any flourishing society The first section of the book sets the context with telling cultural criticism of modernity The second section focuses on affinities between premodern Christian visions of hope and twentieth century thought The final section of the book examines the relationship between postmodern thought Christian tradition and biblical hope addressing how Christians in a postmodern world can best articulate their faith Written by truly profound thinkers these chapters are diverse in their content methodologies and temperament yet they are united by a deep engagement with both the Christian tradition and the larger cultural and intellectual climate in which we live and work The Future of Hope can thus be read not just as an attempt at retrieval of hope for today but as itself one small act of hope in an age when people too seldom take time to think critically and hopefully Contributors David Billings Robert Paul Doede Kevin L Hughes Paul Edward Hughes Daniel Johnson William Katerberg John Milbank Jurgen Moltmann James K A Smith Miroslav Volf Nicholas Wolterstorff

**Empowerment, Health Promotion and Young People** Grace Spencer, 2013-10-30 Globally young people's health is an increasing priority area for health practitioners policy makers and researchers and concepts of empowerment feature strongly in international public health discourses on young people's health Yet the concept of empowerment remains under theorized and its relationship to young people's health is not well understood This innovative volume critically examines the concept of empowerment and its relationship to young people's health Empowerment Health Promotion and Young People is set out in two main parts Part one examines differing conceptions of power and empowerment and how these concepts have been variously defined and used in relation to young people's health and health promotion Part two offers a new theoretical framework for understanding empowerment as it relates to young people's health Drawing together key works in the field and findings from an empirical enquiry on young people's health this framework looks at health as it is defined by young people themselves and offers new directions for empowerment and critical insights into the field of young people's health and health promotion Critically engaging with the concept of power and opening up the debate about the relevance and effectiveness of using contemporary understandings of empowerment to promote health this book is suitable for researchers and students of health sociology education and youth studies interested in young people's health and health promotion

*Handbook of Social Problems* George Ritzer, 2003-11-13 Ritzer's *Handbook of Social Problems* offers a comprehensive treatment of today's major societal issues. The articles are authored by some of the top scholars in the field and address problem areas that will capture the interests of students and professors alike. The international coverage is most welcome in this time of intensifying global inequalities. Nancy Jurik, Arizona State University. The *Handbook of Social Problems: A Comparative International Perspective* provides a unique broadly comparative perspective on the current state of social problems and deviance in a variety of societies around the world. Editor George Ritzer, along with leading U.S. and international sociologists, examines the relationship between social problems and a society's level of development and affluence. The essays in this volume focus on four interrelated issues involved in the relationship between social problems and the level of development and affluence. Less developed and less affluent societies are more likely to experience a range of social problems than developed and affluent societies. Affluence causes or at least brings with it a series of social problems that do not exist in less affluent societies. It is only with affluence that certain things can come to be imagined as social problems such as excessive consumption. The very affluence of a society makes it vulnerable to problems that would not be social problems in poorer societies. The *Handbook* explores the theory of the weakness of the strong: in other words, strong or wealthy nations may have greater vulnerability to some social problems than less developed or affluent societies. This theory is clearly illustrated in this volume by the aftermath of September 11, 2001, depicting the vulnerability of the U.S. to social problems in far removed corners of the world. In addition, the international and comparative essays in this volume cover other important issues such as the impact of modern technologies on social problems, ecological problems, global inequality, health as a social problem, and much more. The *Handbook of Social Problems* is a vital resource for sociologists and graduate students as well as an excellent addition to any academic library.

**Risk and Morality** Richard V. Ericson, Aaron Doyle, 2003-01-01 Collectively the contributors explain why risk is such a key aspect of Western culture and demonstrate that new regimes for risk management are transforming social integration, value-based reasoning, and morality.

**Risk and the English Novel** Julia Hoydis, 2019-09-23 Taking the cue from the currency of risk in popular and interdisciplinary academic discourse, this book explores the development of the English novel in relation to the emergence and institutionalization of risk from its origins in probability theory in the late seventeenth century to the global risk society in the twenty-first century. Focussing on 29 novels from Defoe to McEwan, this book argues for the contemporaneity of the rise of risk and the novel and suggests that there is much to gain from reading the risk society from a diachronic literary-cultural perspective. Tracing changes and continuities, the fictional case studies reveal the human preoccupation with safety and control of the future. They show the struggle with uncertainties and the construction of individual or collective logics of risk which oscillate between rational calculation and emotion, helplessness and denial, and an enabling or destructive sense of adventure and danger. Advancing the study of risk in fiction beyond the confinement to dystopian disaster narratives, this book shows how topical

notions such as chance and probability uncertainty and responsibility fears of decline and transgression all cluster around risk

**Contours of the Nation** Deborah McPhail, 2017-01-01 Contouring the Nation is the first book which historically explores obesity in Canada from a critical perspective Deborah McPhail demonstrates how obesity as a problem was affixed to particular populations in order to separate true Canadians from others

**Social Science of the Syringe** Nicole Vitellone, 2017-02-10 This book addresses the history of harm reduction It evaluates the consequences and constraints stakes and costs of the policy of needle exchange for the purposes of harm prevention and health research Vitellone situates the syringe at the centre of empirical research and theoretical analysis challenging existing accounts of drug injecting which treat the syringe as a dead device that simply facilitates social action between humans Instead this book complicates the relationship between human and object injecting drug user and syringe to ask what happens if we see the object as an intra active part of the sociality that constitutes injecting practices And what kinds of methods are required to generate a social science of the syringe that is able to measure injecting sociality Social Science of the Syringe develops material methodologies and epistemologies of injecting drug use to enact the syringe as an object of intellectual inquiry It draws on the methodologies of social anthropology Actor Network Theory Deleuze's empiricism and new feminist materialism to move towards materially engaged knowledge production This interdisciplinary approach improves understandings of the causes and effects of injecting behaviour and the problem of needle sharing as well as providing a more robust empirical framework to evaluate the motivations and consequences of drug use and drug policy This book will appeal to researchers and students interested in the sociology of health and illness STS Actor Network Theory empirical sociology medical anthropology social and cultural anthropology addiction theory and harm reduction

**Sea Ports and Sea Power** Lynn Harris, 2016-12-14 This volume represents a more Africanist approach to the framework of maritime landscapes and challenges of adapting international heritage policy such as the UNESCO convention While the concept of a maritime landscape is very broad a more focused thematic strategy draws together a number of case studies in South Africa Namibia Tanzania and Nigeria with a common thread Specifically the contributors address the sub theme of sea ports and sea power as part of understanding the African maritime landscape Sea ports and surrounds are dynamic centers of maritime culture supporting a rich diversity of cultural groups and economic activities Strategic locations along the African coastline have associations with indigenous maritime communities and trade centers colonial power struggles and skirmishes establishment of naval bases and operations and World War I and II engagements

Risk And Sociocultural Theory New Directions And Perspectives: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Paffen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
