Michael J. Boella, Steven Goss-Turner

Risk Issues And Crisis Management 3rd Edition:

Risk Issues And Crisis Management 3Rd/Edition Michael Regester, 2005-01-01 *Cybersecurity And Legal-regulatory Aspects* Gabi Siboni, Limor Ezioni, 2021-01-04 Cyberspace has become a critical part of our lives and as a result is an important academic research topic It is a multifaceted and dynamic domain that is largely driven by the business civilian sector with influential impacts on national security This book presents current and diverse matters related to regulation and jurisdictive activity within the cybersecurity context Each section includes a collection of scholarly articles providing an analysis of questions research directions and methods within the field The interdisciplinary book is an authoritative and comprehensive reference to the overall discipline of cybersecurity The coverage of the book will reflect the most advanced discourse on related issues **Crisis Communication and Crisis Management** Burton St. John III, Yvette E. Pearson, 2016-08-01 Equip your students with a strong understanding of the essential role that communicators play in moments of crisis and the tools they need to conduct ethically sound crisis management Strategic Planning for Public Relations, Third Edition Ronald D. Smith, 2009-04-20 This innovative and popular text provides a clear pathway to understanding public relations campaigns and other types of strategic communication Implementing the pragmatic in depth approach of the previous editions author Ronald D Smith presents a step by step unfolding of the strategic campaign process used in public relations practice Drawing from his experience in professional practice and in the classroom Smith walks readers through the critical steps for the formative research strategic and tactical planning and plan evaluation phases of the process Offering clear explanations relevant examples and practical exercises this text identifies and discusses the decision points and options in the development of a communication program The cases and examples included here explore classic public relations situations as well as current timely events This third edition includes expanded discussions of ethics diversity and technology integrated throughout the text and has a new appendix addressing media training for clients As a classroom text or a resource for professional practice this volume provides a model that can be adapted to fit specific circumstances and used to improve effectiveness and creativity in communication planning It serves as an accessible and understandable guide to field tested procedures offering practical insights that apply to public relations campaigns and case studies coursework **Risk and Crisis Management in the Public Sector** Lynn T Drennan, Allan McConnell, Alastair Stark, 2014-12-24 Every decision that is made by managers and policy makers in a public sector organization requires an evaluation and a judgement of the risks involved This vital requirement has been recognised in the growth of risk management However risks can never be fully prevented which means that public managers also have to be crisis managers Today s crises develop in unseen ways they escalate rapidly and transform through the interdependencies of modern society and their frequency is growing the global financial crisis the European volcanic ash cloud the Japanese tsunami and subsequent Fukushima nuclear plant meltdown the Christchurch earthquake and the Queensland floods All highlight the

extreme challenges that public sector organizations across the world have had to face in recent years Risk and Crisis Management in the Public Sector Second Edition responds to these challenges by presenting the only guide for public managers and public management students which combines lessons about risk and crisis management together in a single accessible text It equips readers and public managers with the knowledge and skills to understand key issues and debates as well as the capacity to treat risks and better prepare for respond to and recover from crisis episodes This exciting new edition enhances the original text with contemporary cases and a greater focus on the international trans boundary and multi agency dimensions of risk and crisis management These enhancements reflect the fact that today s public manager must increasingly operate within a global and interdependent governance context

Global Cases in Best and Worst Practice in Crisis and Emergency Management Ali Farazmand,2016-04-19 Global Cases in Best and Worst Practice in Crisis and Emergency Management is the first book to focus on select global cases from the perspective of best and worst practices in the context of crisis and emergency management Bringing together the most established scholars and experts in the field it offers theories along with an empirical success

Managing Human Resources in the Shipping Industry Jiangang Fei,2018-04-17 Each industry faces unique human resource management challenges and opportunities and in shipping these include a global labour market and global unionism long periods spent at sea and health and safety issues resulting from a variety of risks This book explores all the key aspects of human resource management in the shipping industry and how they specifically relate to the shipping workforce The book also discusses the practices and issues associated with recruitment training and development and retention of personnel and knowledge in the shipping industry In addition the book addresses the human resource management challenges faced by the industry including achieving work life balance maintaining employee health and wellbeing managing risk and crisis and applying knowledge management principles With case studies in chapters exploring how the principles have been put into practice in the real world and discussion questions to prompt further enquiry this book will be of great interest to students and academics of maritime studies and human resource management more broadly as well as professionals in the shipping industry

Critical Risks of Different Economic Sectors

Dmitry Chernov, Didier Sornette, 2019-12-03 This book explores the major differences between the kinds of risk encountered in different sectors of industry production including agriculture and services and identifies the main features of accidents within different industries Because of these differences unique risk mitigation measures will need to be implemented in one industry that cannot be implemented in another leading to large managerial differences between these broad economic sectors Based on the analysis of more than 500 disasters accidents and incidents around 230 cases from the production sector and around 280 cases from the service sector the authors compare the risk response actions appropriate within different sectors and establish when and how it is possible to generalize the experience of dealing with risks in any given industry to a wider field of economic activity This book is mainly intended for executives strategists senior risk managers of enterprise wide organizations and risk management experts engaged in academic or consulting work By setting out clearly the sector differences in risk management the authors aim to improve the practice of general risk assessment with regard to identifying and prioritizing risks and of risk control with regard to planning appropriate mitigation measures

Communication strategies for product recalls in the healthcare business Thomas Osche, 2010-03-01 Master's Thesis from the year 2007 in the subject Communications Public Relations Advertising Marketing Social Media grade 1.3 Anglia Ruskin University Ashcroft International Business School language English abstract After a series of cardiac implantable device recalls hit the industry in the year 2005 the question of a favourable corporate communication strategy about inevitable product recalls was raised Knowing that it is impossible to produce 100% failure free products I was personally interested in seeing how such recalls occurred and how successful they were handled by the different companies from a communication perspective This thesis analyses such device recalls since the year 2000 and attempts to identify a favourable communication strategy for the companies involved in such recalls in the future Qualitative analysis was performed on various secondary data sources to find positive and negative aspects of different communication strategies for the affected companies Four companies could be analysed where three provided significant results which were used for final recommendations Those recommendations are provided to support active corporate communication The basis of the recommended communication strategy is as follows Provide disclosure about probabilities of malfunctions while supportive to the most powerful stakeholders which are the physicians and the regulatory authorities When one company faces a recall it is favourable to take accountability and give advice to physicians about how to respond to their patients because they are facing the problem of

having all the information at hand without an adequate guideline which summarises a clinical decision on how to act and how to weight risks of keeping the existing device versus the risks of device change out procedures

Cases in Public Relations Strategy Burton St. John III, Diana Knott Martinelli, Robert S. Pritchard, Cylor Spaulding, 2018-08-02

Cases in Public Relations Strategy by Burton St John III Diana K Martinelli Robert S Pritchard and Cylor Spaulding draws on original real world case studies to provide you with a strategic approach to meeting the needs of a client before during and beyond a campaign Using the RACE Research Action Planning Communication and Evaluation model you will explore successful contemporary campaigns and evaluate best practices in all major areas of public relations activity This practical client oriented text shows you how to systematically evaluate and adapt to the needs of a particular client whether big or small global or local for profit or nonprofit in order to launch the most effective campaign Each case includes a brief introduction focused on fundamentals and core competencies and all cases have been carefully selected to present a wide range of client types In addition to the lessons from professionals in the case studies a section on PR consulting and an appendix on advancing your PR career give you the knowledge and skills you need for success in the field

Emergencies and Public Health Crisis Management-Current Perspectives on Risks and Multiagency Collaboration Amir Khorram-Manesh, Frederick M Burkle, 2020-12-11

The successful management of emergencies and public health crises depends on adequate measures being implemented at all levels of the emergency chain of action from policy makers to the general population It starts with appropriate risk assessment prevention and mitigation and continues to prehospital and hospital care recovery and evaluation All levels of action require well thought out emergency management plans and routines based on established command and control identified safety issues functional communication well documented triage and treatment policies and available logistics All these characteristics are capabilities that should be developed and trained particularly when diverse agencies are involved In addition to institutional responses a robust community based disaster response system can effectively mitigate and respond to all emergencies A well balanced response is largely dependent on local resources and regional responding agencies that all too often train and operate within silos with an absence of interagency cooperation The importance of this book issue is its commitment to all parts of emergency and public health crisis management from a multiagency perspective It aims to discuss lessons learned and emerging risks introduce new ideas about flexible surge capacity and show the way it can practice multiagency collaboration
