Private Security in Africa Doctor Paul Higate, Mats Utas, 2017-06-15 Across Africa growing economic inequality instability and urbanization have led to the rapid spread of private security providers While these PSPs have already had a significant impact on African societies their impact has so far received little in the way of comprehensive analysis Drawing on a wide range of disciplinary approaches and encompassing anthropology sociology and political science *Private Security in Africa* offers unique insight into the lives and experiences of security providers and those affected by them as well as into the fragile state context which has allowed them to thrive Featuring original empirical research and case studies ranging from private policing in South Africa to the recruitment of Sierra Leoneans for private security work in Iraq the book considers the full implications of PSPs for security and the state not only for Africa but for the world as a whole

In Step with the Times Paolo Israel, 2014-06-01 The helmet-shaped mapiko masks of Mozambique have garnered admiration from African art scholars and collectors alike due to their striking aesthetics and their grotesque allure This book restores to mapiko its historic and artistic context charting in detail the transformations of this masquerading tradition throughout the twentieth century Based on field research spanning seven years this study shows how mapiko has undergone continuous reinvention by visionary individuals has diversified into genres with broad generational appeal and has enacted historical events and political engagements This dense history of creativity and change has been sustained by a culture of competition deeply

ingrained within the logic of ritual itself The desire to outshine rivals on the dance ground drives performers to search for the new the astonishing and the topical It is this spirit of rivalry and one upmanship that keeps mapiko attuned to the times that it traverses In Step with the Times is illustrated with vibrant photographs of mapiko masks and performances It marks the most radical attempt to date to historicize an African performative tradition

The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007-08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing

together 50 specially commissioned chapters by leading researchers. The chapters they have contributed address a range of essential topics including the legacy of colonial rule, ethnicity, land, politics, devolution, the constitution, elections, democracy, foreign aid, the informal economy, civil society, human rights, the International Criminal Court, the growing influence of China, economic policy, electoral violence, and the impact of mobile phone technology. In addition to covering some of the most important debates about Kenyan politics, the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country.

In Idi Amin's Shadow Alicia C. Decker, 2014-11-15. *In Idi Amin's Shadow* is a rich social history examining Ugandan women's complex and sometimes paradoxical relationship to Amin's military state. Based on more than one hundred interviews with women who survived the regime as well as a wide range of primary sources, this book reveals how the violence of Amin's militarism resulted in both opportunities and challenges for women. Some assumed positions of political power or became successful entrepreneurs while others endured sexual assault or experienced the trauma of watching their brothers, husbands, or sons disappear by the state's security forces. *In Idi Amin's Shadow* considers the crucial ways that gender informed and was informed by the ideology and practice of militarism in this period. By exploring this relationship, Alicia C. Decker offers a nuanced interpretation of Amin's Uganda and the lives of the women who experienced and survived its violence. Each chapter begins with the story of one woman whose experience illuminates some larger theme of the book. In this way, it becomes clear that the politics of military rule were highly relevant to women and gender relations, just as the politics of gender were central to militarism. By drawing upon critical security studies, feminist studies, and violence studies, Decker demonstrates that Amin's dictatorship was far more complex and his rule much more strategic than most observers have ever imagined.

Diamonds in the Rough Todd Cleveland, 2015-07-15. *Diamonds in the Rough* explores the lives of African laborers on Angola's diamond mines from the commencement of operations in 1917 to the colony's independence from Portugal in 1975. The mines were owned and operated by the Diamond Company of Angola or Diamang, which enjoyed exclusive mining and labor concessions granted by the colonial government. Through these monopolies, the company became the most profitable enterprise in Portugal's African empire. After a tumultuous initial period, the company's mines and mining encampments experienced a remarkable degree of stability in striking contrast to the labor unrest and ethnic conflicts that flared in other regions. Even during the Angolan war for independence, 1961-75, Diamang's zone of influence remained comparatively untroubled. Todd Cleveland explains that this unparalleled level of quietude was a product of three factors: African workers' high levels of social and occupational commitment or professionalism; the extreme isolation of the mining installations; and efforts by Diamang to attract and retain scarce laborers through a calculated paternalism. The company's offer of decent accommodations and recreational activities, as well as the presence of women and children, induced reciprocal behavior on the part of the miners: a professionalism that pervaded both the social and the workplace environments. This

disparity between the harshness of the colonial labor regime elsewhere and the relatively agreeable conditions and attendant professionalism of employees at Diamang opens up new ways of thinking about how Africans in colonial contexts engaged with forced labor mining capital and ultimately each other

African City Textualities Ranka Primorac, 2013-09-13 The stereotype of Africa as a predominantly natural space ignores the existence of vibrant and cosmopolitan urban environments on the continent Far from merely embodying backwardness and lack African cities are sites of complex and diverse cultural productions which participate in modernity and its dynamics of global flows and exchanges This volume merges the concerns of urban literary and cultural studies by focusing on the flows and exchanges of texts and textual elements By analysing how texts such as popular and canonical fiction popular music self help pamphlets graffiti films journalistic writing rumours and urban legends engage with the problems of citizenship self organisation and survival the collection shows that despite all the problems of Africa its cities continue to engender forward looking creativity and hope The texts collected here belong to several different genres themselves and they are authored by both distinguished and younger scholars based in and outside of Africa The volume explores the textualities emerging from the cities of Senegal Nigeria Ghana Uganda Kenya Zambia Zimbabwe and South Africa Above all it calls for an end to disabling hierarchical categorisations of both texts and cities This book was published as a special issue of the Journal of Postcolonial Writing

Conjugal Rights Rachel

Jean-Baptiste, 2014-08-15 Conjugal Rights is a history of the role of marriage and other arrangements between men and

women in Libreville Gabon during the French colonial era from the mid nineteenth century through 1960 Conventional

historiography has depicted women as few in number and of limited influence in African colonial towns but this book

demonstrates that a sexual economy of emotional social legal and physical relationships between men and women indelibly

shaped urban life Bridewealth became a motor of African economic activity as men and women promised earned borrowed

transferred and absconded with money to facilitate interpersonal relationships Colonial rule increased the fluidity of

customary marriage law as chiefs and colonial civil servants presided over multiple courts and city residents strategically

chose the legal arena in which to arbitrate a conjugal sexual conflict Sexual and domestic relationships with European men

allowed some African women to achieve a greater degree of economic and social mobility An eventual decline of marriage

rates resulted in new sexual mores as women and men sought to rebalance the roles of pleasure respectability and legality in

having sex outside of kin sanctioned marriage Rachel Jean Baptiste expands the discourse on sexuality in Africa and

challenges conventional understandings of urban history beyond the study of the built environment Marriage and sexual

relations determined how people defined themselves as urbanites and shaped the shifting physical landscape of Libreville

Conjugal Rights takes a fresh look at questions of the historical construction of race and ethnicity Despite the efforts of the

French colonial government and society to enforce boundaries between black and white interracial sexual and domestic relationships persisted Black and m tisse women gained economic and social capital from these relationships allowing some measure of freedom in the colonial capital city

States of Marriage Emily S. Burrill, 2015-04-30 *States of Marriage* shows how throughout the colonial period in French Sudan present day Mali the institution of marriage played a central role in how the empire defined its colonial subjects as gendered persons with certain attendant rights and privileges The book is a modern history of the ideological debates surrounding the meaning of marriage as well as the associated legal and sociopolitical practices in colonial and postcolonial Mali It is also the first to use declassified court records regarding colonialist attempts to classify and categorize traditional marriage conventions in the southern region of the country In French Sudan as elsewhere in colonial Africa the first stage of marriage reform consisted of efforts to codify African marriages bridewealth transfers and divorce proceedings in public records rendering these social arrangements legible to the colonial administration Once this essential legibility was achieved other more forceful interventions to control and reframe marriage became possible This second stage of marriage reform can be traced through transformations in and by the colonial court system African engagements with state making processes and formations of gender justice The latter refers to gender based notions of justice and legal rights typically as defined by governing and administrative bodies as well as by socioadpolitical communities Gender justice went through a period of favoring the rights of women to a period of favoring patriarchs to a period of emphasizing the power of the individual but all within the context of a paternalistic and restrictive colonial state

Songs and Politics in Eastern Africa Kimani Njogu, Herv Maupeu, 2007-10-15 *Songs and Politics in Eastern Africa* brings together important essays on songs and politics in the region and beyond Through an analysis of the voices from the margins the authors contributors enter into the debate on cultural productions and political change The theme that cuts across the contributions is that songs are in addition to their aesthetic appeal vital tools for exploring how political and social events are shaped and understood by citizens Urbanization commercialization and globalization contributed to the vibrancy of East African popular music of the 1990s which was marked by hybridity syncretism and innovativeness It was a product of social processes inseparable from society politics and other critical issues of the day The lyrics explored socials cosmology worldviews class and gender relations interpretations of value systems and other political social and cultural practices even as they entertained and provided momentary escape for audience members Frustration disenchantments and emotional fatigue resulting from corrupt and dictatorial political systems that stifle the potential of citizens drove and still drive popular music in Eastern Africa as in most of Africa *Songs and Politics in Eastern Africa* is an important addition to the study of popular culture and its role in shaping society

Violent Intermediaries Michelle R. Moyd, 2014-07-01 The askari African soldiers recruited in the 1890s to fill the ranks of the German East African colonial army occupy a unique space at the intersection of East African history German colonial history and military history Lauded by

Germans for their loyalty during the East Africa campaign of World War I but reviled by Tanzanians for the violence they committed during the making of the colonial state between 1890 and 1918 the askari have been poorly understood as historical agents *Violent Intermediaries* situates them in their everyday household community military and constabulary roles as men who helped make colonialism in German East Africa By linking microhistories with wider nineteenth century African historical processes Michelle Moyd shows how as soldiers and colonial intermediaries the askari built the colonial state while simultaneously carving out paths to respectability becoming men of influence within their local contexts Through its focus on the making of empire from the ground up *Violent Intermediaries* offers a fresh perspective on African colonial troops as state making agents and critiques the mythologies surrounding the askari by focusing on the nature of colonial violence

I Say to You Gabrielle Lynch, 2011-09-26 In 2007 a disputed election in Kenya erupted into a two month political crisis that led to the deaths of more than a thousand people and the displacement of almost seven hundred thousand Much of the violence fell along ethnic lines the principal perpetrators of which were the Kalenjin who lashed out at other communities in the Rift Valley What makes this episode remarkable compared to many other instances of ethnic violence is that the Kalenjin community is a recent construct the group has only existed since the mid twentieth century Drawing on rich archival research and vivid oral testimony *I Say to You* is a timely analysis of the creation development political relevance and popular appeal of the Kalenjin identity as well as its violent potential Uncovering the Kalenjin's roots Gabrielle Lynch examines the ways in which ethnic groups are socially constructed and renegotiated over time She demonstrates how historical narratives of collective achievement migration injustice and persecution constantly evolve As a consequence ethnic identities help politicians mobilize support and help ordinary people lay claim to space power and wealth This kind of ethnic politics Lynch reveals encourages a sense of ethnic difference and competition which can spiral into violent confrontation and retribution
