Rite Of Passage:

The Rites of Passage Arnold van Gennep, 2004 Brief notes on wife lending to stranger Central Australia revenge parties reincarnation beliefs Arunta initiation magician *Deeply into the Bone* Ronald L. Grimes, 2000-06-29 Over the past two decades North Americans have become increasingly interested in understanding and reclaiming the rites that mark significant life passages In the absence of meaningful rites of passage we speed through the dangerous intersections of life and often come to regret missing an opportunity to contemplate a child's birth mark the arrival of maturity or meditate on the loss of a loved one Providing a highly personal thoroughly informed and cross cultural perspective on rites of passage for general readers this book illustrates the power of rites to help us navigate life's troublesome transitions The work of a major scholar who has spent years writing and teaching about ritual *Deeply into the Bone* instigates a conversation in which readers can fruitfully reflect on their own experiences of passage Covering the significant life events of birth initiation marriage and death chapters include first person stories told by individuals who have undergone rites of passage accounts of practices from around the world brief histories of selected ritual traditions and critical reflections probing popular assumptions about ritual The book also explores innovative rites for other important events such as beginning school same sex commitment ceremonies abortion serious illness divorce and retirement Taking us confidently into the abyss separating the spiritual from the social scientific the personal from the scholarly and the narrative from the analytical Grimes synthesizes an impressive amount of information to help us find more insightful ways of comprehending life's great transitions As we face our increasingly complex society *Deeply into the Bone* will help us reclaim the power of rites and understand their effect on our lives *Women's Rites of Passage* Abigail Brenner, 2007 Women's Rites of Passage grew out of Abigail Brenner's desire to answer some fundamental questions about the role of rites of passage in contemporary women's lives Relying on a research study involving over 50 women Brenner shows how women today understand the need to take responsibility for their lives and for directing their own paths and are beginning to do so by creating their own very personal rites of passage *Rites of Passage* Jean Holm, John Bowker, 1994-01-01 No Marketing Blurb *Pilgrimage As Rite of Passage* Robert Brancatelli, 1998 An experiential program for youth making the transition to adulthood that includes catechetical sessions a medicine walk an overnight pilgrimage and a period of mystagogia *Crossroads* Louise Carus Mahdi, Nancy Geyer Christopher, Michael Meade, 1996 Thinkers and activists from many orientations and traditions are now coming together to explore ways to reconstitute rites of passage as a form of community healing for our public and personal ills *Crossroads* is a comprehensive collection of over fifty cutting edge writings on diverse aspects of the transition to adulthood In no uncertain terms *Crossroads* opens our eyes to our responsibility to the adolescents who are now growing up without sacred rituals and hence without knowledge of spiritual roots in their culture Many of the writers have first hand experience and first rate ideas of how to transform this cultural crisis *Crossroads* also challenges us to integrate our own

inner adolescent Piercing insight with realistic hope Marlon Woodman *The Ravaged Bridegroom* Culture of Stone O. W. Hampton,1999 In this unique study Hampton describes the complete cultural inventory of both secular and sacred stones ranging from utilitarian stone tools and profane symbolic stones to symbolic spirit stones power stones with multiple functions and medicinal power stone tools **Rites of Passage** Nicola McDonald,W. M. Ormrod,2004 A substantive introduction by Miri Rubin draws together the ideas and materials discussed in the book to illustrate the relevance and importance of anthropology to the study of medieval culture Jacket Symbols and Meaning Mari Womack,2005-03-31 Womack illustrates the power of symbols in all human societies in her concise easy to read overview of symbols and meaning Her eclectic anthropological approach makes Symbols and Meaning an accessible introduction for readers who want to learn more generally about meaning in human society It is an essential introductory textbook for courses that define fundamental concepts in religion cultural anthropology communication and art **The Tewa World** Alfonso Ortiz,1969 This book is not a descriptive monograph but an essay in cultural analysis one which views culture as a system of symbols and which takes form under the impact of modern structural theory A theme which runs throughout is the concept of dual organization a structure which once characterized ten to fifteen percent of all known human societies and which is found in a highly developed form among the Tewa today Defined as a system of antithetical institutions with the associated symbols ideas and meanings in terms of which social interaction takes place a dual organization is for the Tewa a natural result of adapting to an environment comprised of opposites two extremes of weather during the year two means of subsistence hunting in winter and farming in summer and two periods and directions of migration in the origin myth *Ritual in Early Modern Europe* Edward Muir,2005-08-18 The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time the body and the presence of spiritual forces in the world Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to privilege reason over passion textual interpretation over ritual action and moral rectitude over gaining access to supernatural powers Edward Muir discusses wide ranging themes such as rites of passage carnivalesque festivity the rise of manners Protestant and Catholic Reformations the alleged anti Christian rituals of Jews and witches This edition examines the impact on the European understanding of ritual from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women

Dress and Popular Culture Patricia Anne Cunningham,Susan Voso Lab,1991 The subjects of the essays in this book range from looking at the ever changing means of specific garments and clothing practices of subcultural groups to examining dress as a reflection of changing life styles in American culture The essays also examine fashions fads and popular images Dress and Popular Culture hopes to shed new light on popular culture through a study of the associations of dress to culture

Albert Camus and the Philosophy of the Absurd Abraham Sagi,2002 This book is an attempt to read the totality of Camus

s oeuvre as a voyage in which Camus approaches the fundamental questions of human existence What is the meaning of life Can ultimate values be grounded without metaphysical presuppositions Can the pain of the other penetrate the thick shield of human narcissism and self interest Solipsism and solidarity are among the destinations Camus reaches in the course of this journey This book is a new reading of one of the towering humanists of the twentieth century and sheds new light on his spiritual world □□□□□(1) Guleff,2001 *The Rites of Passage, Second Edition* Arnold van Gennep,2019-05-24 A CLASSIC WORK OF ANTHROPOLOGY OVER SEVENTY THOUSAND COPIES SOLD With a new introduction by Pulitzer Prize winner David I Kertzer Arnold van Gennep s masterwork *The Rites of Passage* has been a staple of anthropological education for more than a century First published in French in 1909 and translated into English by the University of Chicago Press in 1960 this landmark book explores how the life of an individual in any society can be understood as a succession of transitions birth puberty marriage parenthood old age and finally death Van Gennep s great insight was discerning a common structure in each of these seemingly different transitions involving rituals of separation liminality and incorporation With compelling precision he set out the terms that would both define twentieth century ritual theory and become a part of our everyday lexicon This new edition of his work demonstrates how we can still make use of its enduring critical tools to understand our own social religious and political worlds and even our personal and professional lives In his new introduction Pulitzer Prize winning historian and anthropologist David I Kertzer sheds new light on van Gennep on the battles he fought and on the huge impact the book has had since publication of the first English edition **International Folkloristics** Alan Dundes,1999 International folkloristics is a worldwide discipline in which scholars study various forms of folklore ranging from myth folktale and legend to custom and belief Twenty classic essays beginning with a piece by Jacob Grimm reveal the evolving theoretical underpinnings of folkloristics from its nineteenth century origins to its academic coming of age in the twentieth century Each piece is prefaced by extensive editorial introductions placing them in a historical and intellectual context The twenty essays presented here including several never published previously in English will be required reading for any serious student of folklore *Religious and Social Ritual* Michael Bjercknes Aune,Valerie M. DeMarinis,1996-01-01 Examines particular rituals social and religious as a special kind of cultural performance or interaction in a wide variety of traditions and locations **Human Sexuality** Vern L. Bullough,Bonnie Bullough,1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company *Death rituals, ideology, and the development of early Mesopotamian kingship* Andrew C. Cohen,2005 At the beginning of Mesopotamia s Early Dynastic period the political landscape was dominated by temple administrators but by the end of the period rulers whose titles we translate as king assumed control This book argues that the ritual process of mourning burying and venerating dead elites contributed to this change Part one introduces the rationale for seeing rituals as a means of giving material form to ideology and hence structuring overall power relations Part two presents archaeological and textual evidence for the death rituals Part three interprets symbolic objects found in the

Royal Cemetery of Ur showing they reflect ideological doctrines promoting the office of kingship This book will be particularly useful for scholars of Mesopotamian archaeology and history *Narrative and Identity* Athena E. Gorospe, 2007 Using key features of Ricoeur s narrative theory this creative Asian re reading of Moses reverse migration in Exodus 4 18 26 charts the way for a multi dimensional OT hermeneutic which explores the theme of identity formation in light of the liminal experience of migration
