## **Rites And Rank:**

*Rites and Rank* Saul M. Olyan, 2000-04-17 Good and evil clean and unclean rich and poor self and other The nature and function of such binary oppositions have long intrigued scholars in such fields as philosophy linguistics classics and anthropology From the opening chapters of Genesis in which God separates day from night and Adam and Eve partake of the tree of the knowledge of good and evil dyadic pairs proliferate throughout the Hebrew Bible In this groundbreaking work melding critical exegesis and contemporary theory Saul M Olyan considers the prevalence of polarities in biblical discourse and expounds their significance for the social and religious institutions of ancient Israel Extant biblical narrative and legal texts reveal a set of socially constructed and culturally privileged binary oppositions Olyan argues which instigate and perpetuate hierarchical social relations in ritual settings such as the sanctuary Focusing on four binary pairs holy common Israelite alien clean unclean and whole blemished Olyan shows how these privileged oppositions were used to restrict access to cultic spaces such as the temple or the Passover table These ritual sites therefore became the primary contexts for creating and recreating unequal social relations Olyan also uncovers a pattern of challenge to the established hierarchies by nonprivileged groups Converging with contemporary issues of power marginalization and privileging Olyan's painstaking yet lucid study abounds with implications for anthropology classics critical theory and feminist studies , **Spring and**

**Autumn Historiography** Newell Ann Van Auken, 2023-03-14 The Spring and Autumn is an annals text composed of brief records covering the period 722-479 BCE and written from the perspective of the ancient Chinese state of Lu A long neglected part of the Chinese canon it is traditionally ascribed to Confucius who is said to have embedded his evaluations of events within the text However the formulaic and impersonal records do not resemble the repository of moral judgments that they are alleged to be Driven by her discovery that the Spring and Autumn is governed by a system of rules Newell Ann Van Auken argues that Lu record keepers not a later editor produced the formally regular core of the text She demonstrates that the Spring and Autumn employs formulaic phrasing and selective omission to encode the priorities of Lu and to communicate the relative importance of individuals states and events and that many of its records are derived from diplomatic announcements received in Lu from regional states and the Zhou court The Spring and Autumn is fundamentally a document designed to enhance the prestige of Lu and its records reveal a profound concern with relative rank displaying an idealized hierarchy that positions the state of Lu and its rulers at the apex By establishing the Spring and Autumn as a genuine Bronze Age record this book transforms our understanding of its significance and purpose and also offers new approaches to the study of ancient annals in early China and elsewhere **The LORD's Service** Robert D. Macina, 2019-06-26 Worship in the Old Testament has been frequently misunderstood Its rites and ceremonies are often perceived as legalistic works that were required by an angry God to gain his favor or avert his wrath But is that really what the Bible teaches To be sure the LORD did institute the divine service in the Old Testament with all of its laws rites and ceremonies Yet did God do this in order to

be appeased or pleased by the ancient Israelites When the priests enacted the offerings and sacrifices at the sanctuary was it merely to do good works that God required but without meaning or purpose for his people Was worship in the Old Testament always what the people did for the LORD or did God do anything that was beneficial to the Israelites This book answers these questions and furthermore dispels the recurring misinterpretation of worship in the Old Testament The LORD established the divine service in the Pentateuch not to receive what he demanded from the people of ancient Israel but on the contrary to cleanse them from their sinful impurities sanctify them to share in his holiness and dwell among them with his blessing

Lopez,1996-04-07 This third volume of Princeton Readings in Religions demonstrates that the three religions of China Confucianism Daoism and Buddhism with a fourth folk religion sometimes added are not mutually exclusive they overlap and interact with each other in a rich variety of ways The volume also illustrates some of the many interactions between Han culture and the cultures designated by the current government as minorities Selections from minority cultures here for instance are the folktale of Ny Dan the Manchu Shamaness and a funeral chant of the Yi nationality collected by local researchers in the early 1980s Each of the forty unusual selections from ancient oracle bones to stirring accounts of mystic visions is preceded by a substantial introduction As with the other volumes most of the selections here have never been translated before Stephen Teiser provides a general introduction in which the major themes and categories of the religions of China are analyzed The book represents an attempt to move from one conception of the Chinese spirit to a picture of many spirits including a Laozi who acquires magical powers and eventually ascends to heaven in broad daylight the white robed Guanyin one of the most beloved Buddhist deities in China and the burning mouth hungry ghost The book concludes with a section on earthly conduct

**Lineages Embedded in Temple Networks** Richard G. Wang,2023-11-20 Lineages Embedded in Temple Networks explores the key role played by elite Daoists in social and cultural life in Ming China notably by mediating between local networks biological lineages territorial communities temples and festivals and the state They did this through their organization in clerical lineages their own empire wide networks for channeling knowledge patronage and resources and by controlling central temples that were nodes of local social structures In this book the only comprehensive social history of local Daoism during the Ming largely based on literary sources and fieldwork Richard G Wang delineates the interface between local organizations such as lineages and temple networks and central state institutions The first part provides the framework for viewing Daoism as a social institution in regard to both its religious lineages and its service to the state in the bureaucratic apparatus to implement state orthodoxy The second part follows four cases to reveal the connections between clerical lineages and local networks Wang illustrates how Daoism claimed a universal ideology and civilizing force that

mediated between local organizations and central state institutions which in turn brought meaning and legitimacy to both local society and the state
