Divine Light William K. Riordan, 2008-01-01 In his missionary journeys St Paul spoke in a number of cities in the Greek peninsula including Athens renowned for its philosophical heritage He addressed to them the message of the One Unknown God Acts 17 22ff Among those present in the Areopagus the open city center of Athens on that day was a certain Denys Dionysios who eventually became a disciple of Paul Centuries later a corpus of writings appeared bearing the name of the Denys the Areopagite These texts were considered to be the writings of the first century disciple of the Apostle Paul and thus achieved almost immediate prominence strongly influencing the lives of St Maximus the Confessor d 662 and St John Damascene d 749 in the East and Eriugena d 877 St Bede d 735 St Bernard d 1153 St Thomas Aquinas d 1272 Nicholas of Cusa d 1464 St John of the Cross d 1591 and many other great minds in the West Later historical studies of Denys texts especially during the 19th century showed conclusively that the writings are of a later date 5th century than had generally been thought Hence the appending of Pseudo before the name of Denys Pseudo Denys Pseudo Dionysius became common place The extraordinary brilliance of the texts themselves however has been in no way dimmed The late Holy Father John Paul II in his monumental encyclical Fides et Ratio warns insistently against an approach to Revelation that shuns metaphysics The texts of Denys provide a majestic and profound metaphysical perspective Deeply formed by the Divine Liturgy and the Sacred Scriptures this mysterious author uses the great insights of Plato and his later disciples expressing the deepest profundities of the faith in stunningly beautiful writings In Denys readers past present and future find a penetrating contemplative vision into the Mystery of the Trinity and its creation This book is a focused exposition of Denys theological understanding with particular attention to the illuminating metaphysical depth of his insight Care has been taken to prepare a text that is readable for the serious laymen accompanied with footnotes to provide a more detailed background for the scholar
