Rebaptism Calmly Considered Sharon J. Grant,2019-09-10 This book describes the sociocultural context that shaped Christian initiation for many early Jamaican congregants within the African Methodist Episcopal AME Church Christian initiation in early twentieth century Jamaican AME churches included the practice of two water rituals for children within most of its congregations first the christening or sprinkling of water on infants and second immersion when the child reached the age of consent and made a public confession of faith The ambiguity of John Wesley s doctrine and practice of the sacrament of baptism are provided with the cultural milieu of nineteenth and early twentieth century Jamaica to allow the reader to calmly consider the spectrum of evidence and consider how the use of two water rituals became normative for many disciples of Christ to become full members within the early AME Church in Jamaica

Comer,1996-12-23 From about 1830 to 1849 Bent s Old Fort located in present day Colorado was the largest trading post in the Southwest and the mountain plains region Although the raw enterprise and improvisation that characterized the American westward movement seem to have little to do with ritual Douglas Comer argues that the fort grew and prospered because of ritual and that ritual shaped the subsequent history of the region to an astonishing extent *The Will to Arise* Mercy A. Oduyoye,Musimbi R. A. Kanyoro,2005-12-05 What is the reality of being African woman and Christian In this collection of original essays African women theologians write about the life and dreams the sorrows and joys of African women in a continent where religion shapes the whole of life The first two parts of the book describe the role of women in terms of culture rites of passage and daily life Attitudes toward birthing and naming marriage and widowhood polygamy prostitution and death are all explored The third part focuses on the church reviewing biblical attitudes toward women and showing how African women can and should contribute to the life of the Christian church Contributors Musimbi R A Kanyoro Mercy Amba Oduyoye Rosemary N Edet Anne Nasimiyu Wasike Daisy N Nwachuku Rabiātu Ammah Judith Mbula Bahemuka Lloyd Fanusie Bernadette Mbuy Beya Teresa M Hinga Anne Nachisale Musopole R Modupe Owanikin Teresa Okure The themes in *The Will to Arise* constitute the base of contemporary African women s theological scholarship At their most creative these theologians affirm cultural traditions and criticize their failings in order to lead the reader to new visions that can renew religious life in our various contexts from the Foreword by Katie G Cannon **Filmurbia** David Forrest,Graeme Harper,Jonathan Rayner,2017-04-22 In this book scholars from across the world explore the appearance portrayal and significance of the suburb on film By the mid 20th Century supported by changes in transportation suburbs became the primary location of entire national populations and films about the suburbs began to concertedly reflect those suburbs significance as well as their increasingly lively cultures Suburbia very soon became filmurbia as films of the suburbs and those made in the suburbs reflected both the positive and the negative aspects of burgeoning suburban life Film makers explored the existences of new suburbanites their interests their newly emerging neighbourhood practices their foibles their fantasies and their hopes Whether depicting love ambition commerce family home or horror whether traveling to or living in suburban spaces whether exhibiting beauty brazenness or brutality the films of suburbia capture human life in all its diverse guises **Practical Sacramental Theology** Bruce T. Morrill,2021-09-09 What motivates practice of the liturgy and sacramental rites of the church Does the worship of God begin and end within each ritual enactment or does the truth and value of sacramental celebration reside in the broader context of Christian life in church and society For more than two

decades prominent Jesuit sacramental liturgical theologian Bruce Morrill has explored the promise and problems inherent in the Second Vatican Council's call to renew liturgy's basic purpose namely the glorification of God and the sanctification of people Morrill's fundamental argument is that this ancient Christian principle is of a piece that divine glory and human holiness are so to speak two sides of a single coin The value of liturgy and sacraments is depleted if not lost unless they function within a holistic practice of faith that seeks the upbuilding of ethical lives personal and social With numerous real life examples plus references to current sociological studies the chapters address both modern challenges to and biblical and traditional resources for the celebration of sacramental rites today Reconciling Embrace Robert J. Kennedy, 1998 How do we think about sacramental reconciliation at this time in history How do we minister to alienated and inactive Catholics who wish to be reconciled to the church To begin to answer these questions from back cover

The Rites of Passage of Jean Genet Gene A. Plunka, 1992 In this book Gene A Plunka argues that the most important single element that solidifies all of Genet's work is the concept of metamorphosis Genet's plays and prose demonstrate the transition from game playing to the establishment of one's identity through a state of risk taking that develops from solitude However risk taking per se is not as important as the rite of passage Anthropologist Victor Turner's work in ethnography is used as a focal point for the examination of rites of passage in Genet's dramas Rejecting society Genet has allied himself with peripheral groups marginal men and outcasts scapegoats who lack power in society Much of their effort is spent in revolt or direct opposition in mainstream society that sees them as objects to be abused As an outcast or marginal man Genet solved his problem of identity through artistic creation and metamorphosis Likewise Genet's protagonists are outcasts searching for positive value in a society over which they have no control they always appear to be the victims or scapegoats As outcasts Genet's protagonists establish their identities by first willing their actions and being proud to do so Unfortunately man's sense of Being is constantly undermined by society and the way individuals react to roles norms and values Roles are the products of carefully defined and codified years of positively sanctioned institutional behavior According to Genet role playing limits individual freedom stifles creativity and impedes differentiation Genet equates role playing with stagnant bourgeois society that imitates rather than invents the latter is a word Genet often uses to urge his protagonists into a state of productive metamorphosis Imitation versus invention is the underlying dialectic between bourgeois society and outcasts that is omnipresent in virtually all of Genet's works Faced with rejection poverty oppression and degradation Genet's outcasts often escape their horrible predicaments by living in a world of illusion that consists of ceremony game playing narcissism sexual and secret rites or political charades Like children Genet's ostracized individuals play games to imitate a world that they can not enter Essentially the play acting becomes catharsis for an oppressed group that is otherwise confined to the lower stratum of society Role players and outcasts who try to find an identity through cathartic game playing never realize their potential in Genet's world Instead Genet is interested in outcasts who immerse themselves in solitude and create their own

sense of dignity free from external control Most important these isolated individuals may initially play games yet they ultimately experience metamorphosis from a world of rites charades and rituals to a type of sainthood where dignity and nobility reign The apotheosis is achieved through a distinct act of conscious revolt designed to condemn the risk taker to a degraded life of solitude totally distinct from society's norms and values Book Jacket
