Death in Mycenaean Lakonia (17th to 11th c. BC) Chrysanthi Gallou, 2019-12-27 A Silent Place Death in Mycenaean Lakonia is the first book length systematic study of the Late Bronze Age LBA burial tradition in south eastern Peloponnese Greece and the first to comprehensively present and discuss all Mycenaean tombs and funerary contexts excavated and or simply reported in the region from the 19th century to present day The book will discuss and reconstruct the emergence and development of the Mycenaean mortuary tradition in Lakonia by examining the landscape of death the burial architecture the funerary and post funerary customs and rituals and offering patterns over a long duration The author proposes patterns of continuity from the Middle Bronze Age even the Early Bronze Age in terms of burial architecture to the LBA and equally

important from the Late Bronze Age to the Early Iron Age and reconstructs diachronic processes of invention of tradition and identity in Mycenaean communities on the basis of tomb types and their material culture The text highlights the social political and economic history of Late Bronze Age Lakonia from the evolution of the Mycenaean civilisation and the establishment of palatial administration in the Spartan vale to the demise of Mycenaean culture and the turbulent post collapse centuries as reflected by the burial offerings The book also brings to publication the chamber tombs at Epidavros Limera that remained largely unpublished since their excavation in the 1930s and 1950s Epidavros Limera was one of the most important prehistoric coastal sites in prehistoric southern Greece early 3rd late 4th millennium BC and one of the main harbour towns of the Mycenaean administrative centres of central Lakonia It is one of very few Mycenaean sites that flourished uninterruptedly from the emergence of the Mycenaean civilisation until after the collapse of the palatial administration and into the transition to the Early Iron Age The present study of the funerary architecture and of the pottery from the tombs suggests that the site was responsible for the introduction of the chamber tomb type on the Greek mainland in the latest phase of the Middle Bronze Age definitely no later than the transitional Middle Bronze Age Late Bronze Age period and not in the early phase of the Late Bronze Age Late Helladic I as previously assumed **Death Customs** Effie Bendann, 2013-10 This is a new release of the original 1930 edition **The History of Death** Michael Kerrigan, 2007 Death is universal but each culture has found a different way to deal with it This wide ranging book examines the compelling subject of death funeral rites and burial in different cultures and societies and balances grim facts with intriguing details drawn from many cultures and epochs revealing how we define our lives through our passing **Birds, Beasts and Burials: A study of the human-animal relationship in Romano-British St. Albans** Brittany Elayne Hill, 2017-04-30 Birds Beasts and Burials examines human animal relationships as found in the mortuary record within the area of Verulamium that is now situated in the modern town of St Albans Controlling Colours Marlies Hoecherl, 2016-01-22 Colour defines our material world operates as a communication tool and creates meaning This book revisits well known and well documented sites or artefacts and explores their colours and colour connotations by looking at various contexts such as processes landscape iconography body decoration or the colour connotations of death The Law Times Reports, 1929 Chitty's Annual Statutes Great Britain, Joseph Chitty, 1913 Vernacular Catholicism, Vernacular Saints Reid B.
