Translating the Devil Birgit Meyer, 2019-08-06 This book offers an ethnography of the emergence of a local Christianity and its relation to changing social political and economic formations among the Peki Ewe in Ghana Focusing on the Evangelical Presbyterian Church which arose from encounters between the Ewe and German Pietist missionaries the author examines recent conflicts leading to the secession of many pentecostally oriented members which it places in a historical perspective The main argument is that for the Ewe involvement with modernity goes hand in hand with new enchantment rather than disenchantment of the world At the grassroots level the study focuses on the image of the Devil which the missionaries communicated to the Ewe through translation and which currently receives much attention in the Pentecostal churches It is shown that this image played and still plays a crucial role in the local appropriation of Christianity since diabolisation confirmed the existence of local gods and witchcraft and incorporated them into Christian belief as demons Comparing the discourses and practices of mission and Pentecostal churches the study reveals that the latter pay much more attention to Satan especially through deliverance rituals Pentecostalism's increasing popularity thus stems from the fact that it ties into historically generated local understandings of Christianity which despite a declared dislike of non Christian religious practices stand much closer to Ewe religion than missionary Christianity With its emphasis on the hybrid image of the Devil and people's obsessions with occult forces as a way to mediate the attractions and discontents of modernity this book sheds light on a hitherto neglected dimension in studies of African Christianity

Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism as well as exploring how rabbinic Jews Christians and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities Belief in Jesus as the Messiah was seen as part of first century Judaism but by the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism

Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history. The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement. *Paperbacks in Print*, 1980 **Select Passages Illustrating Mithraism** Alfred Sherington Geden, 1925 **The Art of Translation in Light of Bakhtin's Re-accentuation** Slav Gratchev, Margarita Marinova, 2022-10-06 Although Mikhail Bakhtin's study of the novel does not focus in any systematic way on the role that translation plays in the processes of novelistic creation and dissemination when he does broach the topic he grants translation a disproportionately significant role in the emergence and constitution of literature. The contributors to this volume from the US Hong Kong Finland Japan Spain Italy Bangladesh and Belgium bring their own polyphonic experiences with the theory and practice of translation to the discussion of Bakhtin's ideas about this topic in order to illuminate their relevance to translation studies today. Broadly stated the essays examine the art of translation as an exercise in a cultural re-accentuation a transferal of the original text and its characters to the novel soil of a different language and culture which inevitably leads to the proliferation of multivalent meanings and to explore the various re-accentuation devices employed over the span of the last 100 years in translating modern texts from one language to another. Through its contributors *The Art of Translation in Light of Bakhtin's Re-accentuation* brings together different cultural contexts and disciplines such as literature literary theory the visual arts pedagogy translation studies and philosophy to demonstrate the continued international relevance of Bakhtin's ideas to the study of creative practices broadly understood.
