Dattatreya: The Immortal Guru, Yogin, and Avatara Antonio Rigopoulos,1998-04-02 Presents the multi faceted Hindu deity Dattatreya from his Puranic emergence to modern times This book presents the multi faceted Hindu deity Dattatreya from his Puranic emergence up to modern times Dattatreya s Brahmanical portrayal as well as his even more archaic characterization as a Tantric antinomian figure combines both Vaisnava Saiva motifs Over the course of time Dattatreya has come to embody the roles of the immortal guru yogin and avatara in a paradigmatic manner From the sixteenth century Dattatreya s glorious characterization emerged as the incarnation of the trimurti of Brahma Visnu and Siva Although Maharastra is the heartland of Dattatreya devotion his presence is attested to throughout India and extends beyond the boundaries of Hinduism being met with in Sufi circles and even in Buddhism and Jainism via Nathism The scarce attention which most Western scholars of Indian religions have paid to this deity contrasts with its ubiquitousness and social permeability Devotion to Dattatreya cuts through all social and religious strata of Indian society among his adepts we find yogis Brahmins faqirs Devi worshippers untouchables thieves and prostitutes This book explores all primary religious dimensions myth doctrine ritual philosophy mysticism and iconography The comprehensive result offers a rich fresco of Hindu religion as well as an understanding of Marathi integrative spirituality precisely this complexity of themes constitutes Dattatreya s uniqueness I learned a great deal from this book Although I had known about Dattatreya as an important figure in Hinduism I had never realized the richness and complexity of this truly Protean deity As Rigopoulos notes Dattatreya has been largely neglected by scholars and this book makes you wonder why since he is so intriguing I suspect that this will become a classic in its area since there really is no comparable work which does so much relating to Dattatreya In a way to read the history of Dattatreya as presented by Rigopoulos is to engage the history of Hinduism Virtually all of the major historical phases and issues are there from the Vedic period up to the last decade Glen Hayes Bloomfield College

Semiosis in Hindustani Music José Luiz Martinez,2001-01-01 For thousands of years music in India has been considered a signifying art Indian music creates and represents meanings of all kinds some of which extend outwardly to the cosmos while others arise inwardly in the refined feelings which a musical connoisseur experiences when listening to it In this book the author explores signification in Hindustani classical music along a two fold path Martineq first constructs a theory of musical semiotics based on the sign theories of Charles Sanders Peirce He then applies his theory to the analysis of various types of Hindustani music and how they generate significations The author engages such fundamental issues as sound quality raga tala and form while advancing his unique interpretations of well known semiotic phenomena like iconicity metalanguage indexicality symbolism Martinez s study also provides deep insight into semiotic issues of musical perception performance

scholarship and composition An specially innovative and extensive section of the book analyzes representations in Hindustani music in terms of the Indian aesthetic theory of rasa The evolution of the rasa system as applied to musical structures is traced historically and analyzed semiotically In the light of Martinez s theories Hindustani music reveals itself to be both a delightfully sensuous and highly sophisticated system of acoustic representations **Handbook of Hindu Mythology**

por fin a indagar cómo la cultura da forma a la mente Significa esto acaso que por fin la investigación es cada vez más concreta y precisa Significa mucho más que eso la investigación es cada vez más investigación As por ejemplo hoy en día ya se plantea cómo la cultura en general da forma a los procesos de atención o cómo se construyen nuestros hábitos de categorización de lo parecido y lo diferente Lo que a su vez nos incita a explorar el papel desempeñado por estos procesos en la formación de la cultura pero también cómo dan forma a la mente y a los corazones de aquellos que en su seno habitan Ya no es posible trazar una frontera clara y precisa entre cultura y mente como tampoco es posible ya distinguir entre dimensiones colectivas e individuales Cada capítulo de esta obra nos propone innumerables ejemplos de todas estas interdependencias lo que nos lleva a pensar que hasta hace poco nos habíamos hecho una idea de lo más simplista de todas estas distinciones Acaso se puede seguir manteniendo una rigida separación entre antropología y psicología de desarrollo En lo que a mí respecta estimo que esta obra ilustra bien hasta qué punto resulta peligroso y estúpido intentar hacerlo Estamos viviendo una era revolucionaria en las ciencias humanas Y este libro se halla en el corazón mismo de esta revolución Jerome Bruner

compreender o mundo Bate-Papos Educacionais na Internet: Uma Perspectiva Linguística Erisana Célia Sanches Victoriano, 2020-07-01

Bate papos educacionais na internet uma perspectiva linguística busca contribuir com o uso adequado das tecnologias de informação e comunicação TIC em contextos educacionais mais especificamente de bate papos online. Ele é destinado aos professores, coordenadores, designers de aprendizagem e todos aqueles interessados em compreender como, apesar de seu potencial positivo no apoio e enriquecimento de cursos presenciais e a distância, o planejamento adequado das TIC é imperativo para o alcance de um ensino/aprendizagem significativo e que apoie a inclusão de pessoas em contextos sociais como o mundo acadêmico, científico e industrial. A origem das discussões é apresentada com um grande destaque, pois além de frutos de investigações sobre práticas educacionais são fundamentadas no entendimento da linguagem como principal meio de realização do ensino/aprendizagem. Um dos papéis fundamentais da educação é a ampliação dos recursos linguísticos necessários para o acesso a diferentes contextos sociais e a linguagem é o principal meio de acesso a eles. Por isso discute-se como linguagens de diferentes naturezas são trazidas para o contexto educacional e assim a qualidade do ensino/aprendizagem pode ser relacionada aos diferentes tipos de linguagem envolvidos nele e favorecidos por ele. Mais especificamente discutem-se práticas discursivas e pedagógicas dentro de sessões de bate papos online que se mostrem mais adequadas ao ensino/aprendizagem nesse contexto e a natureza dos conhecimentos estruturados nas interações investigadas. As discussões contribuem com a compreensão de como as TIC podem ser usadas em contexto educacional online de forma adequada e socialmente pertinente, pois indicam aspectos importantes que devem ser considerados durante o planejamento do uso das TIC em contexto de ensino/aprendizagem, especialmente durante o planejamento do uso de bate papos online. Ao oferecer maior compreensão da linguagem envolvida no uso das TIC e contribuir com seu uso em contexto educacional, esta obra colabora com a ampliação do acesso a essas ferramentas digitais e com a inclusão de indivíduos a contextos sociais geralmente restritos a grupos mais privilegiados e consequentemente com uma educação a distância voltada à transformação cultural.
