Gilead,2021-11-08 This book elaborates the author s original metaphysics panenmentalism focusing on novel aspects of the singularity of any person Among these aspects integrated in a systematic view are love and singularity private intersubjective and public accessibility multiple personality freedom of will akrasia a way out of the empiricist rationalist conundrum the possibility of God and some major moral questions     *Finding Your Voice as a Beginning Marriage and Family Therapist*

Jessica L. ChenFeng,Dana J. Stone,2019-07-04 Finding Your Voice as a Beginning Marriage and Family Therapist provides support to early career marriage and family therapists who seek authentic and meaningful connections with themselves their colleagues and the clients they serve The book addresses a lack of resources for early career therapists during professional formation particularly for those who have marginalized aspects of their identity Readers will move toward celebrating their varied social contextual selves to gain a sense of empowerment allowing themselves to fully engage in their educational clinical and supervisory journey The authors offer unique insights on the literature of clinical training as well as authentic stories from early career as well as more seasoned MFTs There are exercises for the reader and practical skills for active engagement in their own development Reflection questions at the end of each chapter can be used for personal reflection or to frame dialogue with classmates and colleagues Adaptable for use in the classroom support groups and in group individual supervision settings Finding Your Voice as a Beginning Marriage and Family Therapist is an essential resource for students and beginner clinicians     *Text Meaning* Hugo Raines,AI,2025-05-06

Text Meaning explores the intricate process of how we understand literary works asserting that meaning isn t simply embedded within the text Instead it emerges from the dynamic interplay between a text s context language and its interpretation The book emphasizes that a text written during social upheaval carries different connotations than one from a calm period illustrating how historical context shapes potential meanings Further it examines how individual experiences and beliefs inevitably influence understanding The book progresses by first introducing foundational principles like contextual analysis and linguistic theory Subsequent chapters then delve into literary examples demonstrating these principles in action like how critical approaches can yield drastically different interpretations Ultimately Text Meaning argues that understanding this fluid negotiated construct is essential for fostering critical thinking and a nuanced appreciation of literature making it valuable for students and educators alike     *Policing Sex* Paul Johnson,Paul James Johnson,Derek Dalton,2012 This collection focuses attention on an important but academically neglected area of contemporary operational policing the regulation of consensual sexual practices Despite the high level

public visibility of and debate about policing in relation to violent and abusive sexual crimes from child sexual abuse to adult rape very little public or scholarly attention is paid to the policing of consensual sexual practices in contemporary societies Whilst sexual life is commonly understood to be a matter of private life that is beyond formal social control this book shows that policing is implicated in the regulation of a wide range of consensual sexual practices This book brings together a well known and respected group of academics from a range of disciplines to explore the role of the police in shaping the boundaries of that aspect of our lives that we imagine to be most intimate and most our own The volume presents a snap shot of policing in respect of a number of diverse areas such as public sex pornography and sex work and considers how sexual orientation structures police responses to them The authors critically examine how policing is implicated in the social moral and political landscape of sex and contrary to the established rhetoric of politicians and criminal justice practitioners continues to intervene in the private lives of citizens It is essential supplementary reading for courses in criminology law policing sociology of deviance gender and sexuality and cultural studies **Less Incomplete** Sandie Gustus,2011-05-27

Based on an advanced new scientific approach to studying the consciousness soul spirit as proposed by renowned Brazilian consciousness researcher Dr Waldo Vieira this book provides a comprehensive understanding of the reality of the human condition beyond the physical body offering readers a profound opportunity to increase their self awareness self confidence balance and maturity and to take control of their experience of life In this book conscienciology and projectiology the two new sciences proposed by Vieira are explained in layman s terms Conscienciology is the science that studies the consciousness investigating all of its attributes properties characteristics bodies lives and phenomena The book examines three attributes of the consciousness that it is multidimensional multiexistential i e it reincarnates and that it evolves Projectiology is the study of the projection of the consciousness or out of body experience commonly known as OBE **Earth Stewardship Wisdom**
