## **Sensuous Couple:**

*The Sensuous Lie* Celia Haddon, 1983      *The Sensuous Couple* Robert Chartham, 1987-06-12 Maybe your sex life is already great Why not make it better Maybe your sex life is not so great Here s the book that can help Dr Robert Chartham reveals how every couple can make the most of doing simple things together to bring the greatest pleasure and enjoyment to each other From timing to the right setting to the secret of champagne here is every detail a man and woman should know to become a Sensuous Couple      **The Populist Temptation** Barry Eichengreen, 2018-05-03 Populism of the right and left has spread like wildfire throughout the world The impulse reached its apogee in the United States with the election of Trump but it was a force in Europe ever since the Great Recession sent the European economy into a prolonged tailspin In the simplest terms populism is a political ideology that vilifies economic and political elites and instead lionizes the people The people populists of all stripes contend need to retake power from the unaccountable elites who have left them powerless And typically populists distrust of elites shades into a catchall distrust of trained experts because of their perceived distance from and contempt for the people Another signature element of populist movements is faith in a savior who can not only speak directly to the people but also serve as a vessel for the plain people s hopes and dreams Going back to the 1890s a series of such saviors have come and gone in the US alone from William Jennings Bryan to Huey Long to finally Donald Trump In *The Populist Temptation* the eminent economic historian Barry Eichengreen focuses on the global resurgence of populism today and places it in a deep context Alternating between the present and earlier populist waves from modern history he argues that populists tend to thrive most in the wake of economic downturns when it is easy to convince the masses of elite malfeasance Yet while there is more than a grain of truth that bankers financiers and bought politicians are responsible for the mess populists own solutions tend to be simplistic and economically counterproductive Moreover by arguing that the ordinary people are at the mercy of extra national forces beyond their control international capital immigrants cosmopolitan globalists populists often degenerate into demagoguery and xenophobia There is no one solution to addressing the concerns that populists raise but Eichengreen argues that there is an obvious place to start shoring up and improving the welfare state so that it is better able to act as a buffer for those who suffer most during economic slumps For example America s patchwork welfare state was not well equipped to deal with the economic fallout that attended globalization and the decline of manufacturing in America and that played no small part in Trump s victory Lucidly explaining both the appeals and dangers of populism across history this book is essential reading for anyone seeking to understand not just the populist phenomenon but more generally the lasting political fallout that follows in the wake of major economic crises      Hot Waste Isabel Vandervelde, 2014-10-10 This is the first person tale of an adult woman caught in a city ruled by physicists and engineers who create atomic and hydrogen bombs She has to decide to keep secrets from the dreaded Plant Security people whom she learns are humans after all There is murder and plenty of mayhem as she frees herself into the world as she
