This unique resource gives middle and secondary school English teachers 180 high interest activities that build students' proficiency in the three major areas of the English curriculum: reading, literature, writing, and grammar. All the activities have been classroom tested, can be used with students of varying ability, and are effective as individual, group, or whole class activities. For quick access and easy use, the activities are organized into 36 weekly packets, each packet including five Dailies and printed in a big 8 1/4 x 11 lay flat format for easy photocopying. Each Daily activity begins with a well-written student passage followed by prompts that encourage students to examine the passage in terms of usage, stylistic devices, grammatical concepts, punctuation, and reading literature skills. The activities require students to learn the rules that apply and to use the examples as springboards for their own writing. You'll find that these integrated Daily activities are ideally flexible. They can be completed as warm-ups at the beginning of class, as mini reviews for more advanced students, or serve as walk-through activities or homework assignments for students who need reinforcement. Each activity will lead to inquiry and lively discussion as students analyze the model passage and learn to write effectively. El-Hi Textbooks & Serials in Print, 2005, 2005.
