**Contemporary Spanish Women's Narrative and the Publishing Industry** Christine Henseler, 2003 As in other countries the effects of commercialization in Spain are changing the direction of publishing Arguing that women face a particularly complex situation because the inclusion of their work is still considered a novelty in a male dominated field Christine Henseler examines the strategies of Spanish women authors in the face of market forces In a consumer economy that places books in supermarkets and mega bookstores and in which novels are promoted and read more for entertainment than for their literary merit women's books tend to be more highly regarded when they cater to feminist erotic or commercial niche markets Henseler examines the visual creation of the seductive female body inside and outside the texts and the verbal application of this female figure on a narrative level in the works of authors including Paloma Díaz Mas Lourdes Ortiz Cristina Peri Rossi Esther Tusquets Almudena Grandes and Lucía Etxebarria She looks at novels of seduction award winning novels and novels sold on the basis of an author's prior reputation as well as advertisements literary prizes and reviews She also draws on interviews with authors to provide insider views of contemporary Spanish publishing *Contemporary Spanish Women's Narrative and the Publishing Industry* reveals the ways women writers are reacting both textually and promotionally to the changing demands of the publishing industry and the construction of a literary canon

**Confronting Patriarchy** Psychoanalytic Theory in the Prose of Cristina Peri Rossi examines three works of the contemporary Uruguayan author who lives in exile as she dialogues with the psychoanalytic discourse endemic to patriarchal society Peri Rossi's prose structured like unconscious productions that give free expression to desire and passion as emanating from the forbidden recesses of the psyche powerfully reveals the message as a treatment for an ill society The language in the three works studied facilitates and reveals the male protagonist's interaction with the desired female object as a regression to a semiotic pre oedipal state in a type of return of the repressed of consuming desire that has been written out of mainstream patriarchy and that serves to challenge its rational symbolic order It is from this vantage point that the author attempts to rewrite the conclusions obtained through Lacanian and patriarchal discourse so that woman can emerge as a subject in her own right The Great War in Belgium and the Netherlands Felicity Rash, Christophe Declercq, 2018-07-02 This book

addresses the many avenues that are still left unexplored when it comes to our understanding of the First World War in the Low Countries With the ongoing the centenary of the Great War many events have been organized in the United Kingdom to commemorate its military events its socio political consequences and its cultural legacy Of these events very few have paid attention to the fates of Belgium or the Netherlands even though it was the invasion of Belgium in August 1914 that was the catalyst for Great Britain declaring war The occupation of Belgium had long term consequences for its people but much of the military and social history of the Western Front concentrates on northern France and the Netherlands is largely forgotten as a nation affected by the First World War By opening the field beyond the military and beyond the front this collection explores the interdisciplinary and international nature of the Great War **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 Muestra de monstruos Elena Alonso, 2020-02-25 Este l cido y sugerente estudio ofrece una
