**Ulla Berg, Robyn Rodriguez**

## **Separate Destinations Migration Immigration And The Politics Of Places:**

**Separate Destinations** James G. Gimpel, 2010-05-25 Natives who change residence do not settle in the same places as immigrants. *Separate Destinations* argues that these distinct mobility patterns coupled with record levels of immigration from impoverished third world nations are balkanizing the American electorate. James G. Gimpel examines the consequences of different patterns of movement and settlement on the politics of the communities in which these different groups settle. Newer immigrants are constrained by a lack of education, money, English literacy, and information, and frequently by discrimination, to live in areas of coethnic settlement. Domestic native born migrants, predominantly Caucasian, free of discrimination and possessing more money and information, move where they wish, often to communities where immigrants are not welcome or cannot afford to live. Strong evidence suggests that spatially isolated immigrants are slower to naturalize and get involved in politics than domestic migrants. Gimpel looks closely at states with very different patterns of migration and immigration: California, Colorado, Kansas, Kentucky, Florida, Pennsylvania, and New York. In these states, Gimpel shows the impact of population mobility on party registration, party votes, and voter turnout, and asks whether population changes have changed the dominant party in a state or produced a political reaction from natives. *Separate Destinations* contains a number of thematic maps detailing the settlement patterns of internal migrants and immigrants for both counties and census tracts. Blending insights from a number of social science disciplines including economics, demography, sociology, political science, and anthropology, this book will be of interest to a wide and diverse readership of scholars, students, and policymakers. James G. Gimpel is Associate Professor of Government, University of Maryland. *Voting and Migration Patterns in the U.S.* George Hawley, 2013-07-31 In recent years, political scientists and journalists have taken a great interest in the question of whether the American electorate is sorting into communities based on partisan affiliation. That is, there is concern that American communities are becoming increasingly politically homogenous, and this is because Americans are considering politics explicitly when determining where to live. Academics have since debated the degree to which this is a real phenomenon, and if it is, whether it has important normative implications. However, little empirical research has examined which factors turned some closely contested counties into Republican enclaves and others into Democratic strongholds. Examining individual and aggregate data and employing a large number of statistical methods, George Hawley explores the increasing political homogenization of small geographic units and explains the causal mechanisms driving this phenomenon, as well as its consequences for individual political attitudes and behavior among residents residing in these geographic units. He argues that some partisans are self-selecting into communities of likeminded partisans, causing some areas to become overwhelmingly Republican and others to become overwhelmingly Democratic. The book also notes that the migratory patterns of Republicans and Democrats differ in systematic ways for other reasons due to the different demographic and economic characteristics of these partisan groups. At a time when many studies argue that a large percentage of the

electorate is self selecting into communities based on their political preferences this bookshelf essential presents a much needed account on the different migratory patterns of Republicans and Democrats and how these patterns are shaping the geography of American politics

*Exile as Forced Migrations* John J. Ahn, 2010 Exile as Forced Migrations examines contemporary peoples in flight and plight to help reconstruct the exilic experience of Judeo Babylonians in the 6th century BCE Framing this monograph are economics of migration and its impact on each respective generation recent sociological studies on forced migration theories displacement and resettlement issues historical literary and theological views on the first generation's laments the in between generation's hope new creation in the second generation and finally home for the third and subsequent generations

**Globalization and the Politics of Pay** Susan B. Hansen, 2006-05-23 In the American federal system states actively compete for jobs business investment and factory locations Labor costs have played an important role in such interstate competition since the days of the pre Civil War plantation economy In recent years however global economic trends have put added pressures on businesses and government to reduce labor costs At least that is what most politicians the media and the business community believe Globalization and the Politics of Pay examines the economic political and social causes and consequences of declining wages in the United States It challenges the conventional wisdom that globalization is to blame for the decline in workers earnings Susan B Hansen presents a comprehensive analysis of the many factors affecting labor costs and concludes that many of them result from choices made by the states themselves through the laws and policies they enact In addition free market ideologies and low voter turnout have had greater effects in keeping wages down than globalization In fact foreign trade and investment can actually result in higher pay in the state labor market In this rigorous yet surprising study Hansen develops new measures of state and federal labor costs to test competing theories of the consequences of reducing wages and benefits Most economists would argue that higher labor costs cause higher unemployment and that reducing labor costs will lead to higher levels of job creation But citizens and elected officials must weigh any employment gains in lower wage jobs against slower state economic growth declining personal income and a less competitive position in international trade Cutting state labor costs is shown to have adverse social consequences including family instability high crime rates poverty and low voter turnouts The book concludes with policy recommendations for state governments trying to balance their need for more jobs with policies to enhance productivity living standards social stability and international competitiveness

**The Hand of the Past in Contemporary Southern Politics** James M. Glaser, 2008-10-01 A central story of contemporary southern politics is the emergence of Republican majorities in the region's congressional delegation Acknowledging the significance and scope of the political change James M Glaser argues that nevertheless strands of continuity affect the practice of campaign politics in important ways Strong southern tradition underlies the strategies pursued by the candidates their presentational styles and the psychology of their campaigns The author offers eyewitness accounts of recent congressional campaigns in Texas Mississippi Virginia North

Carolina and South Carolina In the tradition of his award winning book Race Campaign Politics and the Realignment in the South Glaser captures the stuff of politics the characters the images the rhetoric and the scenery Painting a full and fascinating picture of what it is like on the campaign trail Glaser provides wide ranging insights into the ways that the hand of the past reaches into the southern present DIV **The Politics of Inclusion and Exclusion** David Ericson,2011-01-26

Assessing the limits of pluralism this book examines different types of political inclusion and exclusion and their distinctive dimensions and dynamics Why are particular social groups excluded from equal participation in political processes How do these groups become more fully included as equal participants Often the critical issue is not whether a group is included but how it is included Collectively these essays elucidate a wide range of inclusion or exclusion voting participation representation in legislative assemblies representation of group interests in processes of policy formation and implementation and participation in discursive processes of policy framing Covering broad territory from African Americans to Asian Americans the transgendered to the disabled and Latinos to Native Americans this volume examines in depth the give and take between how policies shape political configuration and how politics shape policy At a more fundamental level Ericson and his contributors raise some traditional and some not so traditional issues about the nature of democratic politics in settings with a multitude of group identities **Immigration Phobia and the Security Dilemma** Mikhail A.

Alexseev,2006 Immigration phobia is a paradoxical global phenomenon neither theories that link conflict to symbolic and realistic threats nor the contact hypothesis can systematically explain intense anti migrant alarmism and exclusionism toward marginally small migrant minorities Through a careful comparative study of immigration attitudes in the Russian Far East the EU and the United States this book is the first to demonstrate that concerns about national identity and economic interests associated with migration are themselves ignited by a unique perceptual logic of the security dilemma Regression analysis and case studies trace support for expulsion of migrants to human yearning for pre emptive self defense under uncertainty Alarmism and hostility arise from ambiguities about immigration consequences and migrants motivations Framing migration as a national security problem is therefore logical but counterproductive The book instead recommends managing migration through economic incentives and new institutions at the global national and local level **Movers and Stayers** Irwin L. Morris,2021-01-14

As migration alters the southern political landscape partisan battle lines will be drawn between the Democrat leaning areas of growth and the increasingly Republican areas of decline and stagnation The Democratic Party is gaining support in the South but the prevailing explanations of partisan shift fail to capture how and why this transformation has come about In Movers and Stayers Irwin Morris develops a new theory that explains the Democrats renewed influence in the region and empirically demonstrates the influence of population growth As Morris shows migratory patterns play a significant role in politics and urbanization is driving polarization in the South Those who move to cities the movers of Morris s framework do so for jobs and they tend to be progressive young well educated Democrats Their liberal

views tend to be reinforced by the diversity of the communities in which they choose to live and their progressivism fosters similar values among long term residents At the same time stayers long term residents absorb the consequences or community threat of this large scale migration While white stayers tend to become more conservative the effects on voter behavior play out differently across racial lines Both movers and stayers are altering the southern political landscape and polarization nationwide Powerfully counterintuitive Movers and Stayers provides a game changing way of understanding one of the most confounding trends in American politics Patchwork Nation James G. Gimpel, Jason E. Schuknecht, 2009-10-27 Though local and regional politics are often ignored in political behavior literature analyses of these areas are fundamental to understanding the scope of political change in the regimes experiencing realignment and for which there are no survey data With the unprecedented population movement and socioeconomic mobility of the twentieth century political support has been reshuffled in many parts of the country Yet at the dawn of the new century these local and regional movements are rather poorly understood Patchwork Nation examines the forces that account for pervasive political regionalism and the geographic shifts that continue to alter the nation s political landscape The authors focus on twelve states in particular identifying regional differences in support for candidates or political parties and find that the electoral foundations for political regionalism differ from state to state Thus regionalism within states is not easily reducible to one or two population characteristics that are common to all states The authors demonstrate the importance of a political geographic approach to American political behavior and challenge the tendency in the scholarly literature to ignore the impact and significance of local contexts James G Gimpel is Professor of Government and Politics University of Maryland College Park Jason E Schuknecht is a Research Analyst at Westat Inc in Rockville Maryland *Transnational Citizenship Across the Americas* Ulla Berg, Robyn Rodriguez, 2015-12-22 Mass migrations diasporas dual citizenship arrangements neoliberal economic reforms and global social justice movements have in recent decades produced shifting boundaries and meanings of citizenship within and beyond the Americas In migrant receiving countries this has raised questions about extending rights to newcomers In migrant sending countries it has prompted states to search for new ways to include their emigrant citizens into the nation state This book situates new practices of immigrant and emigrant citizenship and the policies that both facilitate and delimit them in a broader political economic context It shows how the ability of people to act as transnational citizens is mediated by inequalities along the axes of gender race nationality and class both in and between source and destination countries resulting in a plethora of possible relations between states and migrants The volume provides cross disciplinary and theoretically engaging discussions as well as empirically diverse case studies from countries in Latin America and the Caribbean that have been transformed into emigrant states in recent years offering new concepts and theory for the study of transnational citizenship This book was originally published as a special issue of Identities Global Studies in Culture and Power *The Immigrant Superpower* Tim Kane, 2021-08-16 In The Immigrant Superpower Tim Kane argues that

immigration has long been a source of American strength and that exceptional immigrants have been crucial to American exceptionalism Deftly combining stories of immigrants who have contributed to the American experience with analysis of the effects of immigration on wages and unemployment Kane's impassioned view of how immigration has made America great stands in contrast to the broken and dysfunctional debate about immigration *The Future of American Democratic Politics* Nancy J. Hirschmann, Wilson McWilliams, Gordon Schochet, Jane Junn, Nelson Polsby, Jennifer Hochschild, John Hansen, Daniel Tichenor, Milton Heumann, Elizabeth Garrett, William Crotty, Alan Rosenthal, Gerald Pomper, 2003-07-21 Even before the terrorist attacks of September 11 2001 political scientists were assessing changes and continuities in the principles and practices of American democracy Recent events including the passage of the U S Patriot Act and the current debates about civil liberties versus homeland security intensify the need to examine the long term viability of democracy In this book fifteen major scholars assess the current state of American democracy offering a spirited dialogue on the future of democratic politics Contributors focus on three principles fundamental to democracy equality liberty and participation They examine these principles within the context of the basic institutions of American democracy Congress and the state legislatures the president political parties interest groups and the Supreme Court They raise questions regarding the checks and balances among formal governmental institutions with the contributors sharing concern over the fading power of the legislature and the increased power of the executive and judiciary as well as the role of political parties and interest groups Topics discussed include the incomplete mobilization of the electorate the debates over campaign finance reform and term limits the Supreme Court's activist role in the Florida recount the dangers of teledemocracy and state initiatives the separation of political participation from residential location identity politics the clash of negative and positive liberty and the prospects for personal freedom in an era of terrorist threats This timely collection covers the issues relevant to the future of American democracy today not only for lawmakers students and historians but for any concerned citizen *Converging Media, Diverging Politics* Mike Gasher, 2005-01-01 What purpose does the news media serve in contemporary North American society In this collection of essays experts from both the United States and Canada investigate this question exploring the effects of media concentration in democratic systems Specifically the scholars collected here consider from a range of vantage points how corporate and technological convergence in the news industry in the United States and Canada impacts journalism's expressed role as a medium of democratic communication More generally and by necessity *Converging Media Diverging Politics* speaks to larger questions about the role that the production and circulation of news and information does can and should serve The editors have gathered an impressive array of critical essays featuring interesting and well documented case studies that will prove useful to both students and researchers of communications and media studies

**Fixed Borders, Fluid Boundaries** Chandan Kumar Sharma, Reshmi Banerjee, 2020-05-25 This book provides an understanding of the challenges in Northeast India in terms of the nature of flows and ruptures in the daily lives of people It

brings together multiple and interconnected issues of identity development environment migration land alienation and policy impacts to the forefront Northeast India's history is affected both by internal dynamic processes as are its linkages with adjoining countries marked by a fluid movement of people and goods across porous borders The book explores how the region has emerged as a resource frontier for the global markets yet its resource mobilization has led to disparity within the region The volume discusses key themes concerning the region such as the processes of development and people's resistance underdevelopment in the peripheral areas resource flow and conflict community response and local agency state and customary practices politics of land and citizenship development induced dispossession human mobility immigration and conflict the notion of outsiders inter state border conflict and spatial connections Rich in empirical data the volume will be relevant and useful for students and researchers of development studies Northeast India studies sociology political science border and migration studies public policy peace and conflict studies as well as practitioners and policymakers

*Cultivating Democracy* James G. Gimpel, J. Celeste Lay, Jason E. Schuknecht, 2003-10-15 Scholars across several social science disciplines have indicated that the behavior described by the term civic engagement is girded by a set of attitudes that show knowledge about and positive evaluations of government and politics Drawing on extensive interviews with high school students from a variety of socioeconomic backgrounds *Cultivating Democracy* examines the sources of those attitudes including individual characteristics and the qualities of local environments that shape the experiences of late adolescence The authors gathered data on adolescent attitudes by interviewing students in a wide variety of locations from Baltimore's inner city and suburbs to the most affluent communities in Montgomery County Maryland Focusing initially on attitudes toward ethnic diversity and immigration the authors expanded their focus to the political socialization of young people including patriotism and political knowledge and participation The authors demonstrate how political socialization is shaped through the social messages presented to citizens by others According to Gimpel Lay and Schuknecht while formal education as a means of socializing youth is critically important other useful means for communicating positive socializing messages through political parties elections and the media have been ignored They recommend compensatory strategies to promote civic engagement among those who are at risk to be nonparticipants

*Political Volatility in the United States* Baodong Liu, 2022-01-13 The unexpected shift from the election of Barack Obama and the post racial hope to the racial confrontations in the Trump era begs the question Why did such a big volatile swing happen in such a short period of time Uncertainty reigns in volatile political times This book aims to provide a systemic model for understanding how political volatility throughout the U S history has had its root in two competing racial and religious groupings Moreover the groupings grounded in white supremacy and egalitarianism have collided contested and facilitated the configuration and reconfiguration of the atomic political structure As demonstrated in this book the antagonism between the two competing identity groupings led to a history of political volatility in the United States Contrary to the endless political deadlocks

suggested by the scholars of American political development this book explains how and why the two orders persist reach peaks of volatility and why one temporarily achieves prominence over the other Going beyond the simplistic view of racial and religious hierarchy this book provides an account rooted in structural tensions strategic imperatives opportunities and threats on collective actions

**Advances in Spatial Econometrics** Luc Anselin,Raymond Florax,Sergio J. Rey,2013-03-09 The volume on New Directions in Spatial Econometrics appeared in 1995 as one of the first in the then new Springer series on Advances in Spatial Sciences It very quickly became evident that the book satisfied a pent up demand for a collection of advanced papers dealing with the methodology and application of spatial econometrics This emerging subfield of applied econometrics focuses on the incorporation of location and spatial interaction in the specification estimation and diagnostic testing of regression models The current effort is a follow up to the New Directions volume Even though the number of empirical and theoretical journal articles dealing with various aspects of spatial econometrics has grown tremendously in the recent past the need remained to bring together an advanced collection on methodology tools and applications This volume contains several papers that were presented at special sessions on spatial econometrics organized as part of a number of conferences of the Regional Science Association International In addition a few papers were invited for submission All papers were refereed The focus in the volume reflects the advances made in the field in recent years

**Culturally Contested Literacies** Guofang Li,2010-04-02 Culturally Contested Literacies examines the home and school literacy experiences of children from a uniquely socio cultural perspective including vivid detailed case studies describing the lives and literacy practices of six families

Diverging Parties Jeff Stonecash,2018-03-08 Party polarization in the House of Representatives has increased recently Explaining this development has been difficult given current interpretations of American elections The dominant framework for interpreting elections has been to see them as candidate centered or individualistic This book explains the emergence of party polarization by focusing on how the constituencies of House districts affect partisan outcomes and the subsequent voting behavior of House members The analysis is premised on the simple argument that members are elected from districts and an explanation of polarization must begin with districts The origins of polarization lie in the realignment of the electoral bases of the parties and the shifting demographic composition of America The analysis will focus primarily on changes since the 1960s

**Cradle of Conservation** Allen Dieterich-Ward,2024-09-20 A survey of Pennsylvania's environmental history from pre colonial and colonial eras through to the development of industrial and post industrial society

Recognizing the artifice ways to acquire this book **Separate Destinations Migration Immigration And The Politics Of Places** is additionally useful. ## **Separate Destinations Migration Immigration And The Politics Of Places Introduction**

Separate Destinations Migration Immigration And The Politics Of Places Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Separate Destinations Migration Immigration And The Politics Of Places Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Separate Destinations Migration Immigration And The Politics Of Places : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Separate Destinations Migration Immigration And The Politics Of Places : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Separate Destinations Migration Immigration And The Politics Of Places Offers a diverse range of free eBooks across various genres. Separate Destinations Migration Immigration And The Politics Of Places Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Separate Destinations Migration Immigration And The Politics Of Places Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Separate Destinations Migration Immigration And The Politics Of Places, especially related to Separate Destinations Migration Immigration And The Politics Of Places, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Separate Destinations Migration Immigration And The Politics Of Places, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Separate Destinations Migration Immigration And The Politics Of Places books or magazines might include. Look for these in online stores or libraries. Remember that while Separate Destinations Migration Immigration And The Politics Of Places, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Separate Destinations Migration Immigration And The Politics Of Places eBooks for free, including popular titles. Online

Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Separate Destinations Migration Immigration And The Politics Of Places full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Separate Destinations Migration Immigration And The Politics Of Places eBooks, including some popular titles.

### **FAQs About Separate Destinations Migration Immigration And The Politics Of Places Books**

**What is a Separate Destinations Migration Immigration And The Politics Of Places PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Separate Destinations Migration Immigration And The Politics Of Places PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Separate Destinations Migration Immigration And The Politics Of Places PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Separate Destinations Migration Immigration And The Politics Of Places PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Separate Destinations Migration Immigration And The Politics Of Places PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe

Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
