Separate Ways:

Our Separate Ways Ella L. J. Bell Smith, Stella M. Nkomo, 2003-03-24 In *Our Separate Ways* authors Ella Bell and Stella Nkomo take an unflinching look at the surprising differences between black and white women's trials and triumphs on their way up the corporate ladder. Based on groundbreaking research that spanned eight years, *Our Separate Ways* compares and contrasts the experiences of 120 black and white female managers in the American business arena. In depth histories bring to life the women's powerful and often difficult journeys from childhood to professional success, highlighting the roles that gender, race, and class played in their development. Although successful professional women come from widely diverse family backgrounds, educational experiences, and community values, they share a common assumption upon entering the workforce: I have a chance. Along the way, however, they discover that people question their authority, challenge their intelligence, and discount their ideas. And while gender is a common denominator among these women, race and class are often wedges between them. In *Our Separate Ways*, you will find candid discussions about stereotypes, learn how black women's early experiences affect their attitudes in the business world, become aware of how white women have perhaps unwittingly aligned themselves more often with white men than with black women, and see ways that our country continues to come to terms with diversity in all of its dimensions. Whether you are a human resources director wondering why you're having trouble retaining black women, a white female manager considering the role of race in your office, or a black female manager searching for perspectives, you will find fresh insights about how black and white women's struggles differ and encounter provocative ideas for creating a better workplace environment for everyone.

Our Separate Ways Christina Greene,2006-03-13 In an in depth community study of women in the civil rights movement Christina Greene examines how several generations of black and white women low income as well as more affluent shaped the struggle for black freedom in Durham North Carolina In the city long known as the capital of the black middle class Greene finds that in fact low income African American women were the sustaining force for change Greene demonstrates that women activists frequently were more organized more militant and more numerous than their male counterparts They brought new approaches and strategies to protest leadership and racial politics Arguing that race was not automatically a unifying force Greene sheds new light on the class and gender fault lines within Durham s black community While middle class black leaders cautiously negotiated with whites in the boardroom low income black women were coordinating direct action in hair salons and neighborhood meetings Greene s analysis challenges scholars and activists to rethink the contours of grassroots activism in the struggle for racial and economic justice in postwar America She provides fresh insight into the changing nature of southern white liberalism and interracial alliances the desegregation of schools and public accommodations and the battle to end employment discrimination and urban poverty

GOING OUR SEPARATE WAYS Richard Zukosky,2023-11-20 Two souls meet by chance in passing and weave an intricate tale of the heart They both lead different lives and after the first encounter they go their separate ways Everyone searches for love and so it is with two people in our story how Paul and Kathleen move forward in their relationship Their paths keep crossing and the paths they take the love they share are all part of the human story of love and loss Destiny intervenes and they go on with their lives each time As time passes they are brought together again and again and overtime an intense relationship begins to develop They each learn about themselves as they think about the other While also moving on with their lives While dealing with intense emotions of sorrow anguish and defeat They must make the difficult decisions of losing or fighting on for those they love as the years pass The story is one of love and the determination of their love To what ends will each one go to reconcile their relationship The story highlights their love and the depths at which each one is willing to go to rekindle a relationship The connection is deeply fulfilling To them it is worthwhile as they are trying to find their own peace going through their lives learning what it means to remain steadfast While they search for strength at every turn A deep connection aligns and calls to them in a love that transcends time and space A passion smolders and waits for a reunion and joy Will they conquer the demons of fate which keeps interfering in their lives Their struggle is a classic one as every love story has its troubles Will Paul Kathleen s intense relationship survive What will the legend of these two lovers be Time will tell *Native Apostles* Edward E. This book is about love and romance and the many games people sometimes play to perfection with their playground being your life, their toys being your time and emotions. Sadly, when involved in relationships, many are cataloged and categorized by their loved ones without realizing so. This book will help you to know or somewhat allow you to be cognizant of your relationship with your significant other if it is love or if he or she has simply categorized whatever you have as something other than love. This book will relate to you true stories of games played upon the hearts of the ones love once claimed as many sometimes are perplexed when it comes to their true feelings towards their other half. This book will tell you signs of when love is part of your relationship when it is absent from your relationship and when it may be time to walk away from it all. All names and locations in this work have been falsified to protect the identities of all parties involved but the stories and events are true.
