Women in both the Union and the Confederacy helped fill that need and in the doing so changed the course of American medical history. This book tells the story of many of these brave women including Dorothea Dix an advocate for the mentally ill and the superintendent of army nurses for the Union and Clara Barton a self-taught nurse who founded the Red Cross. *Women in the Civil War* Kari A. Vile, 2018-10-05 At a time when the U.S. flag is both a source of both pride and controversy, this volume provides the first encyclopedic A to Z treatment of the U.S. flag in American history, culture, and law. This title is a comprehensive resource for understanding all aspects of the American flag and its relationship to the American people. The encyclopedia provides a thorough historical examination of key developments in the flag's design, as well as laws and court decisions related to the flag and the First Amendment. In relation to the flag's history, it also discusses evolving public attitudes about its importance as a national symbol. The encyclopedia contains illuminating scholarly essays on presentations of the flag in American politics, the military, and popular culture, including art, music, and journalism. Additionally, these essays address important rules of flag etiquette and modern controversies related to them, from flag burning to refusing to stand during the playing of the U.S. National Anthem.
