37145 Evelyn B. Block,2003-10-06 September 11 2001 A Day in History is designed to provide children ages 7 14 with a sensitive but factual account of what occurred on a defining day in our history Written in plain language with soft illustrations the book describes the sequence of events as they unfolded from a perspective to which school age children can relate The book does not speculate as to causes of the shocking acts of September 11 and recognizes that closure may be long in coming Instead it enables children and their parents to understand how America changed at home and how our role in the world was forever altered *Calendars of the United States House of Representatives and History of Legislation* United States. Congress. House, September 11 in Popular Culture Sara E. Quay,Amy M. Damico,2010-09-14 This book offers an exploration of the comprehensive impact of the events of September 11 2001 on every aspect of American culture and society On Thanksgiving day after September 11 2001 comic strip creators directed readers to donate money in their artwork generating 50 000 in relief funds The world s largest radio network Clear Channel sent a memo to all of its affiliated stations recommending 150 songs that should be eliminated from airplay because of assumptions that their lyrics would be perceived as offensive in light of the events of 9 11 On the first anniversary of September 11th choirs around the world performed Mozart s Requiem at 8 46 am in each time zone the time of the first attack on the World Trade Center These examples are just three of the ways the world but especially the United States responded to the events of September 11 2001 Each chapter in this book contains a chronological overview of the sea of changes in everyday life literature entertainment news and media and visual culture after September 11 Shorter essays focus on specific books TV shows songs and films

September 11: An Oral History Dean E. Murphy,2002-10-01 About 3 000 people lost their lives in the terrorist attacks on New York City and Washington D C on September 11 2001 Thousands more narrowly escaped their survival a result of eerily prescient spur of the moment decisions acts of superhuman courage the unfailing kindness of strangers and in some cases fortuitous strokes of luck September 11 An Oral History unites the voices of that day It is at once a dramatic reminder of one of the most devastating events in history of the nation and a tribute to the spirit of cooperation and the outpourings of empathy that marked that day for so many people in the United States and abroad Written and compiled by Dean E Murphy who covered the attacks on the World Trade Center for the New York Times September 11 An Oral History presents vivid eyewitness accounts by those who rushed to the scene as well as the stories of people around the country and abroad who watched as events unfolded on television and waited for news of friends family and acquaintances A priest who runs an adoption center near the WTC paints an unforgettable portrait of what he calls the meeting place of Hell and Earth that morning a businessman from Los Angeles in New York to conduct a training seminar recounts in breathstopping detail his descent with a blind colleague from the 78th floor of the North Tower a senior at a high school the owners of a small business in Arkansas describe their thoughts and feelings as they waited to hear from a customer who had become part of their lives

though they had never actually met him and a civilian employee at the Pentagon recalls giving up hope in a smoke filled office her hair on fire only to be led to safety by the soothing voice of a colleague Contributions from firefighters police and military personnel and other rescue workers demonstrate the mixture of professionalism and humanity that justly elevated them despite their own modesty to the status of national heroes There are stories too of those who narrowly missed being part of the mayhem including a family of four who changed their plane reservations from one of the hijacked jets and others whose arrivals at work were delayed by unlikely coincidences and quirks of fate like forgetting to turn on the coffeepot the night before The first and only oral history of September 11 that presents people from all walks of life these poignant often harrowing vignettes capture the grief rage and fear that gripped the nationj and offer an intimate inspiring look at the strengths that enabled us to move on *Library of Congress Subject Headings* Library of Congress,2013 **Cultural**

9/11 and the Muslim presentation as the "Other" in American and Canadian Fiction Matthias Dickert,2017-11-09

Document from the year 2017 in the subject English Language and Literature Studies Literature University of Marburg language English abstract 9 11 novels post 9 11 novels and Ground Zero Fiction which have a literary closeness of this day suddenly picked up the former colonial concepts of Other and Otherness or Center and Periphery and set them in a context of a shifting multicultural American population with the task to suddenly re imagine this Other a task which has hardly been dealt with and if so only on the surface To do so is a difficult task since this has to be done from a Western perspective and in the light that this Other here is attached to Islam or Muslims The literary presentation of the Other as a Muslim remains a painful step since it also has to examine the ways in which knowledge is manipulated by dominant Western and Muslim discourses but it helps to bring in new energy into the postcolonial discourse being shaped by critics such as Said Spivak or Foucault Thus fiction related to 9 11 must not only stay on the level of shock or individual or collective trauma it can also be seen as a starting point for new cultural and critical debates how to deal and write about the terror attacks of that day and how to see the Muslim as the Other in a more objective light How this can be done will be one central part of this book which starts with a general remark of Muslim writing before and after 9 11 and a short reflection of different types of novels dealing with it A next step lies in the task to critically reflect the presentation of Muslims in 9 11 fiction in the USA and Canada This will be followed by an analysis of parameters typical for Muslim existence A closer analysis will then be followed by three novels dealing with matters of Otherness The Reluctant Fundamentalist 2007 Cockroach 2008 and Atta 2011 The final step then will be to give an outlook of the matter discussed here The choice of the three novels analyzed here followed one basic principle namely that all selected authors are male and dispose of a different cultural and religious background with Islam as the common glue

The impact of 9/11 on US Muslims Nicolas Görres, 2019-10-17 Pre University Paper from the year 2018 in the subject Sociology Politics Majorities Minorities grade 1 7 language English abstract First I will talk about the attacks of September 11th 2001 because they set the starting point for the changing lives of the Muslims in America Then I will reveal the development of Muslims in America meaning how and why they came to America and how they were treated Afterwards I will talk about the consequences this day had for the Muslims in America and how they feel about it Then I will consider the change of presidency from Obama to Trump and the impact this had on the Muslims Finally I will include a survey I made revealing the different opinions of various people in the United States of America
