10 Sickening True Crime Stories Of Serial Killers That Tortured, Hacked And Butchered Their Victims. The act of killing itself is taboo in society. People kill for many reasons, though some of them are understandable but others are totally unfathomable. However, more gruesome than killing by usual means like stabbing, shooting or poisoning is the act of butchery after the murder. The motives for murder and serial killing, according to psychologists, range from thrill seeking and anger to attention seeking and financial gain. Although it might seem sickening, these killers and psychopaths exist in the past and the present time, and some of them still have their freedom and are lurking in different corners of the world. Mutilating, dismembering, slaughtering and even worse, eating a fellow human, is beyond reason, an act that is horrific and probably not the work of a sane individual. This book lists the most disgusting and disconcerting crimes in history, various stories of strange serial killers who chopped up, violated, cooked and ate their victims. From real-life vampires and werewolves who drank blood and ate raw human flesh to butcher killers who mutilate sexually, abuse, chop and eat their victims for reasons of Satanism, sexual gratification and revenge upon society. This book is jam-packed with mystery, gore and unbelievable true stories of serial killers.
